BUTLER HOWARD KILLED.

He Defied the Law, Resisted Arrest and Was Shot Fatally by Deputy Sheriff Barnett.

Monday morning between 8:30 and 9 o'clock Butler Howard was shot and killed by Deputy Sheriff Barnett and Deputy Huckabay on the Holt place two and a half miles west of Vivian. Butler was an ex-convict and had the reputation of being a "bad man." He was released recently from the parish jail on a charge of having raped his daughter. There were three warrants against Howard, one being for assaulting and beating Will Frazier, a young man of good repute, and carrying concealed weapons. When on Friday Deputy Sheriff Barnett attempted Howard's arrest, he was resisted by Howard with a shotgun. At this time Howard had the decided advantage over Barnett, who informed Sheriff Flournoy of the situation and requested instructions. Howard has terrorized the neighborhood and had announced his determination to resist arrest.

Having received direct orders from Sheriff Flournoy to arrest Howard, Deputy Sheriff Barnett on Monday morning proceeded to execute the warrant. He was accompanied by Deputy Jim Huckabay. Having located Howard, the deputy demanded his surrender, but it is said that he retorted with curses that he would just as soon be dead as alive anyway.

Deputy Huckabay's statement is in substance as follows: "The first time we saw him he came out on the front porch and stood for a long time looking around the place before going back inside. Later on he came out again for a few minutes, and the next time we saw him he was out in the field helping Thompson repair some plows. He took one and plowed one row, returning immediately to the house where he stayed a long time. He remained so long that Mrs. Thompson came out and unhitched the mules.

"We were still in our hiding place when Howard came out again and started toward a half ruined house in the middle of the field. As soon as we saw where he was going we agreed to cut him off from the two houses, and started after him. When we were about forty feet from Howard, he saw us, and Barnett ordered him to throw up his hands and surrender.

"He refused with a curse, and made a play of reaching for his hip pockets. We thought he was going for his guns, and, knowing the character of the man and of the threats he had made on several occasions, we felt it was our lives or his; we fired. Barnett had a shotgun loaded with buckshot and I had a Winchester. Barnett hit him in the chest and my bullet hit him in the side. When we came to search him we found that he was unarmed."

The deputies after the homicide came to Shreveport and surrendered and were released on bond of \$1,000. They are held for manslaughter pending a preliminary examination.

Weather and the Crops.

New Orleans Picayune June 2: The past week has developed almost ideal weather for all the crops in the South. In the cotton belt there has been but moderate rainfall and plenty of sunshine, with steadily rising temperature. The lack of rain complained of in the eastern portion of the belt was relieved by good lowpours at the close of last week and at the commencement of the period under review, and the fine growing weather since has helped materially to improve conditions. In the central and western sections the weather has been fine and the crop has made steady progress.

The corn crop has experienced much the same conditions as the cotton crop and is making good progress, with every prospect that here will be a full yield. Rice is also making fine progress, and with a continuance of favorable weather good full crop is indicated.

The sugar crop is now making fine progress and a feeling of satisfaction prevails throughout the sugar district. The weather, which hereofore has been rather too cool, has warmed up materially during the past week, and as a result the cane is making fine progress and good stands are reported from all parts of the sugar country.

River Forecast.

The fall will continue at Fulton and Shreveport during the next 48 hours.

The Confederate Dead.

(By "Latiene.")

From the broad and calm Potomac,
 To the Rio Grande's waves;
 Have the brave and noble fallen—
 And the earth is strewn with
 graves.

In the vale and on the hillside,
 Through the woods and by the
 stream,
 Has the martial pageant faded,
 Like the vision of a dream.

Where the reveille resounded
 And the stirring call "to arms!"
 Nod the downy heads of clover
 To the wind's mesmeric charms;
 Where the heels of tramping squad-
 rons
 Beat to dust the mountain pass,
 Hang the dewdrop's fragile crystal,
 From the slender stems of grass.

Where the shock of meeting armies
 Roused the air in raging waves,
 And with sad and hollow groanings
 Echoed earth's deep hidden caves,
 Where the cries of crushed and dy-
 ing
 Pierced the elemental strife,
 Where lay death in sickening hor-
 ror
 'Neath the maddened rush of life.

Quiet reigns now sweet and pensive,
 All is hushed in dreamless rest,
 And the pitying arms of Nature
 Hold our heroes on her breast.
 Shield thee well, oh tender mother,
 While the morn and evening
 breath
 Whispers us, the sad survivors
 Of their victory in death.

What though no stately column,
 Their cherished names may raise,
 To dim the eyes, and move the lips
 With gratitude and praise—
 The blue sky—hung with bannered
 clouds,
 Their solemn dome shall be,
 All heaven's choir winds shall
 chant
 The anthem of the free.

The spring with vine-leaved arms
 shall clasp,
 Their hilloaked resting places;
 And summer roses droop above,
 With flushed and dewy faces;
 Fair daisies rayed, and crowned,
 shall spring
 Like stars from out their dust,
 And look to kindred stars on high,
 With eyes of patient trust.

And vainly shall the willing's lips
 Assail with envious dart,
 The fame of our heroic dead
 Whose stronghold is our heart—
 The Nation's heart not wholly
 crushed,
 Though each throbb be in pain,
 For life and hope will still survive
 Where love and hope remain.

Goo Goos Are Sure Hungry for Jobs.

The Monroe News-Star states that the Goo Goos are sure hungry for jobs and that mutiny is threatened in the rank and file of the Good Government League here, because the long expected distribution of political pie has not come off as scheduled. A council of war was held Friday night by the sub-leaders of the organization, and it is said by those on the inside that the atmosphere was kept in a constant state of friction during the pow-wow.

"Jobs, and nothing but jobs," was the slogan of the evening.

The trouble arose over the failure of the new Dock Board to hand out the permits with anticipated celerity. The boys believed that Johnny Fitzgerald of the Ninth Ward would be made superintendent of docks immediately after the old board was retired by a decree of court, and that B. A. Kernion of the Seventh Ward would be appointed secretary.

But Governor Hall, it appears, has his own ideas about what constitutes a business administration of the city's port facilities, and the expected decapitations have not occurred. Therefore, there is woe in the house of Goo-Gooism.

"We are tired of waiting," said one of the leaders at the meeting. "It is a job now or never."

The chances are that it will be never.

One delegate from the Tenth Ward demanded the passage of a resolution putting it up to the Governor. Some friends of Governor Hall, who were in the meeting room, however, promised they would speak to the Governor about it, and a temporary truce was patched up.

Cotton Region Bulletin.

By the U. S. Weather Bureau: Widely scattered light to heavy showers have occurred in several northern and eastern sections of the cotton belt. Warm weather has continued to prevail over the greater part of the belt.

MEMORIAL DAY.

Flowers and Wreaths for Our Dead.

The Confederate memorial exercises will begin at 6 o'clock this evening in the Oakland cemetery.

The committees for the cemeteries have placed a battle flag on each grave of the Confederate soldiers and a United States flag on each grave of the Federal soldiers.

The exercises will be as follows:
 Invocation—Rev. Jasper K. Smith Quartette.
 Reading the Roll of the Dead—Comrade George Woodward. Quartette.
 Address—Comrade T. B. Chase. Quartette.
 Benediction—Rev. W. A. Greeman.

At the close of this programme on the graves of the dead there will be deposited flowers and wreaths. It is intended that this day shall be a general decoration day.

The Veterans of the Lefroy Stafford Camp are requested to meet at their headquarters at 5 o'clock this afternoon and march in a body to Oakland cemetery.

LOOK—READ.

I have the exclusive sale of the well known East India Plantation, 392 acres fine Red River land, situated in Bossier Parish, six miles from Shreveport, on Cotton Belt, one-fourth mile from Vanceville, which is a regular and not a flag station. All in cultivation, well improved, dwelling, barns, 21 tenant houses, etc. Fully protected from overflow and caving banks; model road which Wards One and Two have decided to construct from Shreveport to Benton, is now a certainty and will pass through place. There is a peach orchard of 350 growing trees. Soil sandy loam, rich and stiff, the latter ideal alfalfa land. The price was made before model road was decided upon. Now the owner very much desires to revise his figures, as he knows such roads invariably enhance values 25 to 100 per cent, and adjoining places already sold, one at \$60, one at \$75, and another at \$100 per acre; none of them better in any respect than his. But owing to certain agreements which exist for a short time, he can not do so. With the model road, the new bridge and the street car line which will join Bossier and Shreveport, this is well nigh city property, "rus in urbe"—railroad divides place into two nearly equal parts. Will sell entire, \$50 per acre, one-fifth cash, balance to suit, 7 per cent; or either side \$55, same terms; good until June 7. Time is flying. Act in the living present.

What Will the Poor Old Man Do?

Monroe News-Star: "There will be no liquor saloons in the Panama Canal Zone after July 1. The Isthmian Canal Commission has passed a resolution to grant no license after that date. There are thirty-five saloons in the towns of the zone. Sixty-three saloons were open at one time. During the present year the commission has collected \$43,000 for licensing saloons, and since 1907, when licenses were first granted, it has received \$326,000."

And after July 1 this great outrage is to be perpetrated on the saloons. What is the poor man going to do without his beer?

THE POLICE JURY.

Proceedings of the Session Held on Monday, June 2, 1913.

Shreveport, La., June 2, 1913.—The Police Jury of Caddo Parish, Louisiana, met this 2nd day of June 1913, at 11:30 o'clock a.m., pursuant to call, with the following members present: William Winter presiding, D. P. Hollis, R. E. L. Huckabay, George Thurber, W. F. Thoman, L. B. Phillips, J. A. Sebastian, Dr. R. H. Gullidge, F. C. Nagle, and C. M. Hutchinsson. Absent: W. T. Crawford.

Mr. Winter, president pro tem, stated that the Police Jury had been called for the purpose of considering the advisability of changing the present route on the Greenwood road from the north and south section line between sections 23 and 24 about one mile east of Nichols to Flournoy Station, whereupon the following petitions for and against were read:

To the Honorable President and Members of the Police Jury, Caddo Parish, La.: We the undersigned citizens of Caddo Parish and property holders of Ward Five, Caddo Parish, La., respectfully request that the road leading from Shreveport to Greenwood be changed between the place belonging to Dr. Dennis and Flournoy Station, so as to have the road parallel as near as possible with the right of way of M. K. & T. railway between such points, Flournoy Station and the property of Dr. Dennis. We respectfully represent that the change suggested would shorten the route 3-10 of a mile, and in event of graveling this road would save the parish a large sum, say \$1,000.00. We respectfully represent that in thus shortening the road it would be in line with the precedents heretofore established by the Police Jury in laying out roads that are to be gravelled and surfaced.

We respectfully represent in event of such a change it would be a great advantage to all parties using the road and would not be to the detriment of any one now using the present road. (Signers.)

To the Honorable President and Members of the Police Jury of Caddo Parish, La.: We the undersigned citizens and property holders of Ward Five, Caddo Parish, La., most respectfully protest against change

proposed in the model road from the old public road to the new road proposed south of said old road in sections 22 and 23, township 17, range 16, as it will inconvenience all the residents along said old road that has been a public road for 75 or 100 years, as all the homes and improvements for all these years have been erected and built to conform to said public road, and to change same will disarrange all the said homes and improvements that have existed all these years. (Signers.)

After a general and lengthy discussion of the matter, it was moved by Mr. Thurber that the old established road be used for the continuation of the permanent road work in Ward Five.

Dr. Gullidge offered as a substitute that the jury endorse the recommendation of the engineer and adopt the shortest route as outlined by him.

The vote on the substitute was as follows:
 Nays: Hollis, Huckabay, Thurber, Thoman, Phillips, Sebastian, Nagle, Hutchinsson.
 Ayes: Gullidge, Winter.

The vote on original motion resulted as follows:
 Ayes: Hollis, Huckabay, Thurber, Thoman, Phillips, Sebastian, Nagle, Hutchinsson.
 Nays: Gullidge, Winter.

The president announced that the motion favoring the old established road prevailed, and the jury on motion was adjourned.

WILLIAM WINTER,

President Pro Tem.

A. L. DURINGER, Clerk.
