Asthma and Consumption.

DR. SHERMAN'S ALL-HEALING BALSAM, as a remedy for Asthma, Consumption, Bronchitis, Coughs, Colds, Liver Complaint, Dyspepsia, and all Diseases of the Lungs, Throat, Liver and Stomach, stands unexcelled.

Read what it has done! More Home Testimony in Favor of DR. SHERMAN'S ALL-HEALING BALSAM. NEW ORLEANS, Feb. 25, 1848. To Dr. Sherman's Agent, 151 Chartres street: Dear Sir—Having derived great benefit from the use of Dr. Sherman's Balsam, you will permit me to address a few lines to you. I have been troubled for a long time with a bad cough, together with raising blood, to such a degree that I could scarcely talk without coughing. A friend of mine advised me to try Dr. Sherman's Balsam, and in less than two weeks after its use, I find myself perfectly well, and able to attend to my business. I have recommended it to several of my friends, and in all cases with success. Yours, dear sir, with respect. J. E. BRISCOE, Clerk for T. L. White, 53 Canal st. Residence, 24 Maria street, New Orleans STILL THEY COME!

Having accidentally become acquainted with the virtues of Dr. Sherman's All-Healing Balsam, I have no hesitation in declaring that its use in my family warrants the assurance that it possesses all the gifted qualities attributed to it. In one case, where the medicine was taken on my recommendation, the effect was almost magical, as the Cough and Expectoration of mucus matter bore a strong analogy to a decided consumptive tendency. I believe a more general knowledge of this medicine is only required to place it among the best curatives extant, for Consumption, Dyspepsia and other diseases arising from a disorganized state of the stomach and affections of the lungs.

I hereby certify, that for 18 months I had been lingering under Consumption, and expected every day to be my last. At length I procured a bottle of Sherman's Balsam, and it raised me as it were from the grave. It cured me, and I am now able to attend to my daily avocation of a boatman. JOHN WILLIAMS. Prepared and sold by A. SHERMAN, M. D., 106 Nassau st., New York. Sold also in New Orleans by J. WRIGHT & Co., 151, Chartres st., and by mar 11 y A. E. RICHARDS, Plaquemine. Plaquemine, March 11, 1848.

WINER'S Canadian Vermifuge.

THE best remedy ever yet discovered for all kinds of WORMS. It not only destroys Worms and invigorates the whole system, but it dissolves and carries off the superabundant slime of mucus, so prevalent in the stomach and bowels of children, more especially of those in bad health.—The mucus forms the bed or nest in which Worms produce their young, and by removing it, it is impossible for worms to remain in the body. It is harmless in its effects on the system, and the health of the patient is always improved by its use, even when no worms are discovered; the medicine being palatable, no child will refuse to take it, not even the most delicate. Sold Wholesale and Retail by J. Wright & Co., 151 Chartres st., New Orleans. A. E. RICHARDS is the agent for "Winer's Canadian Vermifuge," in Plaquemine, and also for the sale of "Dalley's Pain Extractor." mar 11 y Plaquemine March 11, 1848.

California Song.

(Air—"There was a man in our town.") Come all ye blades that are young and old, And would live a life of pleasure; Ye misers old that are fond of gold, And would add to your store of treasure, Come join the band to the promised land, A fairer land than Canaan; We'll show you grounds where gold abounds, And devil the cent to pay, man— Ri tu ri tude di, dink, dink, dink, Ri whack fa doo dadle di na. Oh! all you want is a pan and a spade. A blanket and a bottle, A rifle true and a keen edg'd blade, And then you're ready to "tortle!" And if you've friends to leave behind, Be sure they will not mourn you; For they'll know your up to your knees in a mine. On the shores of California. Ri tu, &c.

And all ye ladies young and fair, You'll surely not be staying, While brothers, husbands, lovers are In distant climates straying. There's love and gold, if either you seek, Let every madam and miss go, Why they'll give you seventy dollars a week, For sticking in San Francisco. Ri tu, &c.

General Taylor's Qualifications.

The official despatches and other publications bearing the signature of Gen. Taylor were written in a style of such elegance and strength, and exhibited so much calm dignity and firmness, that the people became satisfied that he was intellectually qualified to discharge the duties of the first office in the country, however ignorant he might be of political tactics, intrigue, and party management. But to dissipate the favorable impression which his despatches and letters had made, it was charged that they were not his own productions, but were written by Col. Bliss and others; and even ungrammatically written letters were forged and published to satisfy the public of his incapacity. But these failed of the effect intended, and he has been triumphantly chosen President.

Since the result of the election has been made known we have had an opportunity of inspecting a private letter from Gen. Taylor to a gentleman of Baltimore, written whilst commander-in chief in Florida in 1839, which bears all the characteristics of style and thought to be found in his official and other papers, and would satisfy any one that he does not require the assistance of Col. Bliss or any other person in the composition of official documents. He evidently thinks and writes for himself; and his messages, as President, we venture to predict, will confirm the favorable impression of his talents and capacity for business which has been made by his writings which have already been submitted to the public.—Baltimore Clipper.

Iowa United States Senators.—The Union publishes a telegraphic despatch, dated St. Louis, December 15, that the Hon. A. G. Dodge and George W. Jones have been elected to the Senate of the United States from Iowa.

No bill says the Washington correspondent of the Baltimore Sun, establishing territorial governments over California and New Mexico can pass at this session, either with or without the proviso. The President will veto any bill with the proviso, and the House will reject any bill without it.

The defeat of Senator Hannegan, of Indiana, as a candidate for re-election to the United States Senate, is much regretted by his political friends in Washington; and the more so, for the reason that his successful competitor, Mr. Whitcomb, beat him by taking the ultra free soil ground.

A TALE OF HORROR.

The Cincinnati Commercial tells a horrible story. It says that a gang of horse thieves in Indiana, recently went to the house of an old German who had \$500 in his possession, tied him and his wife and three children hand and foot, to the floor, by raising one of the planks and fastening the rope to the sleeper then robbed the house, and taking a feather bed and a straw bed threw them over the confined group, set them on fire, fastened the door, and decamped.

In a few moments the robbers were out of sight, and the fire of the lighted beds was growing hotter and hotter! What was so done! All tried the strength of the cords that bound them, time and time again? The fire grew hotter and the exertions greater. At length the wife and mother broke loose from the sleeper; she was yet tied hand and foot. A thought struck her!—she rolled, for she could not walk—to the fire place, thrust her hands into the burning embers, and held them there till the fire burnt off the cords that bound her hands—unloosed her feet and saved her husband and children.

The fire had not injured the latter badly, and the husband flew for assistance; but as this unfortunate family lived some distance from neighbors, it was some time before help arrived. One of the fiends participating in the attempted destruction of this innocent family, was, by all accounts, let loose here by means of the habeas corpus act.

BURNING OF THE PARK THEATRE.—The well known Park theatre has again been consumed by fire, the origin of which is yet unknown. While the actors were rehearsing on Saturday, about noon, they discovered a very disagreeable smell, something like the effervescence of the oil of vitriol, or the fumes of escaping gas. This smell so unpleasant that they stopped rehearsing somewhat sooner than they would otherwise have done. Not supposing, however, that anything very serious would result from it, they went home. Immediately before the time of opening, the building was found to be on fire, and so rapid was the progress of the flames, that it was soon a heap of ruins.

Mr. Hamblin's loss is estimated at \$25,000, upon which he had a partial insurance. Nearly the entire wardrobe of the establishment was destroyed, together with a great portion of the large and valuable wardrobe and other fixtures, owned by the Monplaisirs. They have lost heavily. The Park theatre, it will be recollected, was burned down a few years ago.

Earl's hotel, adjoining the theatre, was also consumed, causing a heavy loss. The hotel also of Mr. Clark, in the vicinity, besides several other buildings, were considerably injured. The entire loss by this fire is estimated at \$60,000.—Baltimore Sun, 18th inst.

The China difficulty.—Naval.—The celestial governor of Canton, as has been seen by our extract from foreign papers, has put a slight upon our Commissioner there, Mr. Davis, which he threatens to punish if unatoned for.

The Preble sloop, Com. Guyn, with Com. Getsinger as passenger, arrived at Macao on the 23d of Sept., from the Sandwich Islands, and the Plymouth was at Wampona on the 28th the latest dates. A letter from on board the Preble, dated Sept. 26th, says: "To-day we sail for Canton, in consequence, it is said, of our minister having some trouble with the government."

The U. S. frigate United States, Com. Reed, last from the Gulf of Spezzia, was at Gibraltar, Nov. 18.

The Americans have given up Spezzia as a naval station, and return to their former waters at Mahon.

FROM WASHINGTON.—The Washington correspondent of the Charleston Courier thinks that the President will not find much encouragement in Congress for his recommendation to extend the Missouri compromise over the new territories. It is much more probable that the Wilmot Proviso will pass the House. Both Houses, he thinks, will assent to Mr. Douglass's measure for introducing California immediately as a State. Congress, however, is not disposed to act at all on the matter this session, and therefore it is not unlikely that it will be left for the next session.
