

# The Sentinel.

The Old Man Begins.

BY OLIVER WENDALL HOLMES.

Oh! for one hour of youthful joy!  
Give back my twentieth spring;  
I'd rather laugh a bright haired boy  
Than reign a gray-haired king!

Off with the wrinkled crown of age!  
Away with learning's spools!  
Tear out life's wisdom-written page,  
And dash its topknots down!

One moment let my life-blood stream  
From boyhood's fount of flame!  
Give me one giddy, reeling dream,  
Of life all love and fame!

My listening angel heard the prayer,  
And, calmly smiling, said:  
"I'll touch thy silvered hair  
Thy hasty wish hath sped."

"But is there nothing in thy track  
To bid thee fondly stay?  
While the swift seasons hurry back  
To find the wished-for day?"

Ah! sweetest soul of woman-kind!  
Without thee, what were life?  
One bliss I cannot leave behind—  
I'll take—my—precious—wife!

The angel took a sapphire pen,  
And wrote in rainbow dew:  
"The man would be a boy again,  
And be a husband too!"

"And is there nothing yet unsaid,  
Before the change appears?  
Remember, all thy girls have fled,  
With these dissolving years!"

Why yes; for memory would recall  
My fond paternal joys;  
I could not bear to leave them all;  
I'll take—my—girl—and—boys!"

The smiling angel dropped his pen—  
"Why this will never do,  
The man would be a boy again,  
And be a father, too!"

And so I laughed—my laughter woke  
The household with its noise—  
And wrote my dream, when morning broke,  
To please the gray-haired boys.

## MEDICAL.

A NEW DISCOVERY.

The Greatest and Most Wonderful in the World!

### SARSAPARILLA LOZENGES,

Simple and Compound.

Prepared by N. HEREU, Druggist and Physician  
Superior to all Essences, Syrups and Ex-  
tracts so named, and to all speci-  
fics heretofore known.

I HAVE for a long time thoroughly investigated  
the idea of a general therapeutic agent, sus-  
ceptible of being applied to all diseases, the de-  
velopment or morbid principle of which proceeds  
from an internal cause, either in the blood or any  
of the organs.

A careful and uninterrupted analysis of the animal,  
vegetable and mineral kingdoms had induced  
the hope that I could bring about such a result,  
and, thanks to my indefatigable researches, it is  
now obtained.

I have found in some vegetables the necessary  
means for this grand idea, which is based upon an  
oleaginous principle of Sarsaparilla partly known  
to the public. Such is the discovery which I  
have the honor this day of advertising. The  
form of Lozenges has been given to it, because its  
nature precluded the possibility of doing other-  
wise; and I have divided it into simple and com-  
pound Lozenges, in order that they might be given  
to children as well as adults.

My first experiments were made privately, and  
remained unknown until wonderful results had  
satisfied me that I had succeeded, and that the  
charge of quackery could not be brought against  
me.

The attention of physicians and of the public is  
called to these Lozenges, in order that every one  
may witness the admirable results of the same.

GENERAL EFFECTS.  
Testified to by upwards of a thousand persons.  
The stomach is cleaned, the blood is purified  
and renovated by removing all impurities from  
this precious organ, and field.

SPECIAL EFFECTS.  
1. Prompt and radical cure of all diseases gener-  
ally.

2. Persons who have used these Lozenges have  
never had the cholera nor the yellow fever.

3. Venereal, syphilitic, hepatic, scrofulous,  
gouty, rheumatismal nervous and bilious diseases,  
are completely cured a few days after the remedy  
is resorted to.

4. All diseases of the lungs, head, eyes, stomach,  
bowels and other internal and external com-  
plaints disappear entirely, provided the Lozenges  
are resorted to.

For sale by the box, with a prospectus, show-  
ing how they must be used.
