LOCAL PARAGRAPHS.

Mr. C. L. Triche Sheriff of Assumption was in our city Thursday.

Miss Olive Martin, who has been ill for several days, is reported to be improving.

A Bouron is having the roof and walls of his business establishment on Main street repaired.

Mr. Jean Daviet, a prosperous merchant of Raceland, gave the Sentinel a pleasant call yesterday.

Little Clarence Bourg, youngest son of Nemours Bourg, is confined to his bed, suffering with a high fever.

Mesdames D. Lorio and Louise Bergeron have gone on a two week's visit to relatives in New Orleans.

Remember the dance to be given by the Pastime Pleasure Club next Thursday evening, at Frost's Hall.

Mr. Louis Blum left Wednesday for Lafayette where he has accepted a position in the store of Mr. Rosenfield.

Monday was the hottest day of the present summer season, the thermometer reaching 96 degrees in the shade.

The Democratic Missouri campaign opened at Sedalia, on last Tuesday, in the presence of nearly 40,000 people.

Sheriff James Beary, who was on the sick list for three or four days, was able to go to his office on Tuesday morning.

Our sanctum is fortunately situated in hearing sweet music every day, and we certainly enjoy the melody of the "art divine."

Call at Edward Badeaux and purchase some new sweet potatoes. They are excellent.

Mrs. Arthur Bethancourt and little Miss Euphémie Richard, of Houma, are in town for a two week's stay with friends and relatives.

The Napoleonville train No. 57 was one hour late on Tuesday morning, owing to the engine and a car getting off the track. No damage.

From and after September 1st 1900, the Riviere's Transfer Line will charge 25cts. to all parts of the town. Passengers and Baggage called for in time for all trains.

The "Pastime Pleasure Club" has rented three upper rooms of the McDermott building, formerly the Binnings building, on Jackson street, and will furnish the same as their headquarters in the future.

Mr. M. Delfrasse, representing L. Grunwald Music Store of New Orleans, will be here in ten days. Leave all orders for pianos, or piano tuning at the Knobloch Music agency—St. Louis street.

Mr. and Mrs. Edmund Marquette left yesterday for Abita Springs where they will sojourn for two weeks in quest of health. During Mr. Marquette's absence Steve Cocyte will attend to his business affairs.

What most people want is some thing mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by Roth Drug Store.

Edward Badeaux can now furnish you with fresh fruits, such as bananas, apples and peaches. Call and examine them.

Thomas A. Riviere is having a genuine Schilling pavement put down in front of his splendid mammoth new brick store, on Main street. This is unquestionably, the most commodious and attractively finished business structure in our city.

Ex Lieut. Governor Knobloch was taking lessons in patience last week by nursing some of the patriarch Jobs companions—boils. While not entirely well of his afflictions he was able to be out on the street and attend to office duties during the last few days.

Ernest Bernard, a former typist in the SENTINEL office, now clerking at Waterproof plantation, Terrebonne parish, arrived in our city on Sunday to spend a few days vacation with his father. He called at our office on Monday afternoon and had his name entered as a subscriber to the SENTINEL.

If you appreciate your local paper and wish to see it prosper, subscribe for it, advertise in it, and send your job work to it. These are practical proofs of good will that will mutually benefit all parties. Remember a newspaper cannot be run without money.

District Attorney W. P. Martin and Mr. T. Gordon Reddy were registered at the Commercial Hotel in New Orleans on Friday.

Mr. D. Knobloch of Raceland in company with Miss Nunolas, an accomplished young lady of New Orleans visited friends in town Tuesday.

Miss Hattie Babin after a lengthy visit with friends and relatives in our midst left during the early part of the week for her home in New Orleans.

We call the special attention of our readers to the announcement, in another column, of the removal of Henry Riviere & Co. to their splendid, new brick emporium, on August 30, at which time their present stock of goods will be largely increased by fresh arrivals from St. Louis, Baltimore and Memphis.

M. A. Lucas of Jefferson Military College, Washington Miss, six miles east of Natchez, was in our city yesterday looking after the interests of that excellent institution of learning, and gave the Sentinel office a call. This is a preparatory school for boys and Mr. Lucas informed us that Louisiana was well represented among the students.

"Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach," says O. P. M. Holliday, of Deming, Ind. "His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once." Sold by Roth Drug Store.

During the past week some of our town subscribers complained of their papers not being delivered at their houses. We would say that a full number of papers is always given the carrier boy with a list of the names of subscribers, and where any one is overlooked the fault lies with him. Our subscribers are particularly requested to notify this office promptly when they fail to get their papers so that we may correct such delinquency.

Street Music.

The colored Brass Band was out on our streets Tuesday evening, and rendered some excellent music. Thus, we are informed, was preliminary to a minstrel performance given by them at night.

Good Weather.

No rain since Sunday, but the weather has been exceedingly hot and sultry. However, every body has borne this with patience, as it has stimulated the growth of cane and dried up the mud and bog holes in our public highways.

Do You Advertise?

A man who wants business and knows how to advertise, need not waste business long. Waste no opportunity to say a good word about your business. Address as many people as possible by putting what you say in the most widely read local newspaper.

To-morrow's dullness in trade might be prevented by today's activity by advertising your business. Never forget that a majority of the people want bargains, and the best way to reach a large number of bargain seekers is to tell in your advertisements about your bargains.

The business season will open earlier to the man who doesn't neglect his advertising through the dull months.

He advertises with profit who advertises what he has in stock that it will profit others to buy.

New Daily Paper.

The hustling, progressive town of Crowley has another daily paper, called the Daily News—W. B. Hardwick is editor.

There is no reason why Thibodaux should not have a daily paper, if the business men would give it their financial support in regular, permanent advertisements and citizens would aid by subscribing for the paper. There is plenty of local news, supplemented by special telegraph service of latest general news, up to the hour of going to press, to make an interesting daily. Besides this it would give a metropolitan dignity to our city.

Notice.

The undersigned takes this method to inform the public in general that their store will be closed on Thursday, August 30th on account of removing to their new store, just lately built by their junior member, Thos. A. Riviere and on next day they will be opened where they will have a well chosen stock of goods just received from St. Louis, New York, Baltimore and Memphis. Call early and see our new goods and cheap prices. Thanking the public in general for past favors and hoping the continuation of their patronage. We remain,
 HENRY RIVIERE & Co.

War News

The allied Powers have pretty well overthrown opposition in and around Tien Tsin and Peking, and the probability is that peace negotiations will soon assume tangible shape as soon as responsible representatives can be met from the Empress Dowager and Emperor both of whom have fled to interior China. All of the legationaries and native Christians of Peking have been rescued and are with the allies. The United States will send no more troops to China, but will divert those en route to Manila. The Philippine problem remains about the same, and is no nearer solution than when our troops first began the war of conquest against the Filipinos. No doubt they will maintain a guerrilla warfare for years and not be subjugated at all.

Lafourche Branch Road.

It is said that the T. & P. branch road down the bayou Lafourche will be finished to Thibodaux within the next two months in time for the transportation of crops.

The track is said to be already laid to Napoleonville and grading finished below Labadieville only a few miles from here. This will open a new outlet for our products and doubtless reduce the price of freights.

Base Ball.

There will be an interesting game of base ball played at Tetreau park, at 3 o'clock p. m. to-morrow—Sunday—between the Websters and the Houma team. As both teams are anxious to win, the spectators may expect some fine playing on both sides to gain the victory.

New Millinery.

Misses Elvire and Edna Welre announce to their friends and the public in general that on or about Sept. 1. they will open a millinery and dress-making establishment in the Blake building, corner St. Louis and Thibodaux streets. They will also carry a stock of ladies' underwear, aprons, etc. and respectfully solicit the patronage of the public in their line of business. Lookout for their beautiful stock of hats, ribbons, etc.

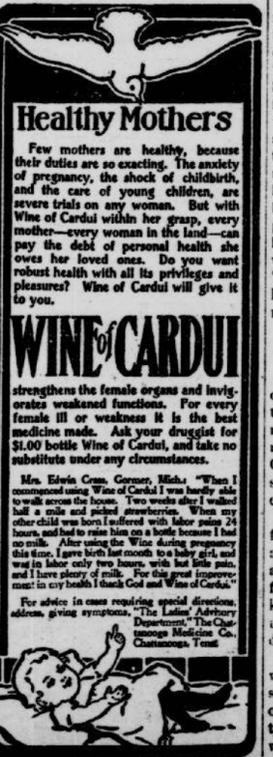

Public Schools.

Special to The Times-Democrat.
 Baton Rouge, Aug. 23.—Superintendent J. V. Calhoun of the State Board of Education has issued commissions to every parish School Board in the State excepting the eight parishes whose boards are to be selected in a few days by the Governor. All schools in cities, large towns and parish seats will open next month and it is expected that the various parish superintendents will soon mail to the State superintendent the personnel of the new officers of the parish boards, together with the amount of salary the local superintendents are to receive, postoffice addresses, wards, etc.

New Orleans, Aug. 21, 1900.
 United States department of agriculture climate and crop bulletin section, for the week ending Aug. 20, 1900:

WEEKLY CROP BULLETIN.
 Summary—Local showers, in a few instances sufficiently heavy to interfere with work, continued in Terrebonne parish and fell at scattered places elsewhere, but in the state as a whole the weather during the week has been dry (i. e., void of rain), sunny, hot and generally favorable to farm interests.

Crops—Rice of an excellent quality large and well formed, and remarkably free from red grains, is beginning to reach the market from all sections. And, the prevailing weather being

Healthy Mothers

Few mothers are healthy, because their duties are so exacting. The anxiety of pregnancy, the shock of childbirth, and the care of young children, are severe trials on any woman. But with Wine of Cardui within her grasp, every mother—every woman in the land—can pay the debt of personal health she owes her loved ones. Do you want robust health with all its privileges and pleasures? Wine of Cardui will give it to you.

WINE OF CARDUI

Strengthens the female organs and invigorates weakened functions. For every female ill or weakness it is the best medicine made. Ask your druggist for \$1.00 bottle Wine of Cardui, and take no substitute under any circumstances.

Mrs. Edwin Crum, Coroner, Michs. "When I commenced using Wine of Cardui I was hardly able to walk across the house. Two weeks after I walked half a mile and picked strawberries. When my other child was born I suffered with labor pains 24 hours, and had to rise from a bed because I had no milk. After using the Wine during pregnancy this time, I gave birth last month to a baby girl, and was in labor only two hours, with but little pain, and I have plenty of milk. For the great improvement in my health I thank God and Wine of Cardui."

favorable for ripening and harvesting, it is expected that the movement of the rice crop will be lively from this time forward. Rice yet in the fields, in all stages of development is reported in excellent condition.

Although sugar cane was generally too large to receive further cultivation, the favorable weather of the past week and the foul condition of many fields induced planters to again put hoes at work and have some plowing done. The prospect for a large tonnage is excellent.

The general condition of cotton has improved. The oldest is beginning to open in many places and some picking has been done, but the crop is reported late: the stalk on high fresh land is very rank but bears comparatively little fruit, that on low lands is small, generally foul with grass, weeds and does not look promising; complaints of cotton shedding, both leaves and squares, and damage by boll worms and rust continue.

Corn in all sections is regarded as made and in places is being gathered. In a few localities the crop is reported very good, but for the most part it is light.

Plowing and the planting of fall vegetables has begun.

No cases of cholera among stock are reported this week.

A Sad Death.

Tom Duncan Kent, infant son of Hon. T. D. Kent and Earline Carver, died at the residence of his parents, "Abby Highland plantation", at 4.40 p. m. on Thursday August 23, 1900, aged 2 years, 5 months and 7 days.

The funeral services were conducted at the Episcopal Church and a large number of friends and acquaintances attended the interment of the remains in St. John's Cemetery at 4.30 p. m. on Friday, the 24th.

Little Duncan was a bright and sprightly little boy, and, being the only son upon whom the bereaved father and mother lavished a world of affection, made their parental grief doubly poignant in the untimely loss of their sweet and idolized child.

Our children may die and leave our hearts and homes desolate for a time; we cannot prevent it, nor would it be best if we could. Sorrow has its useful lessons when it is right, and death is the gate that opens out of earth towards the home "eternal in the heavens". If we lose our dear ones, heaven gains them and they are so many silver cords that bind us to the spirit world. If we mourn, they rejoice. If we bang our harps on the willows, they tune theirs in the eternal orchestra above, rejoicing that we shall soon be with them. Shall we not drown our sorrow in the flood of light let through the rent veil of the skies which Christ entered, and who said: "Suffer little children to come unto me and forbid them not, for of such is the kingdom of heaven", knowing that every step in life's walk brings us nearer our departed ones, and their sweet eternal home which death never enters and where partings are never known? These reflections should console the hearts of the bereaved parents and relations.

You Run No Risk.

Did you know that you could buy a pair of "Regent" shoes, with a guarantee that they will wear well? The Regent factory are so well satisfied that their shoe is the very best obtainable for the money that they instruct us to replace every pair that fails to give good wear. So you see, you should not hesitate to try a pair. All styles, all leathers, one price \$3.50. Charles A. Badeaux prop. of The Racket Store, sole Agent.

Fatal Affray.

On last Saturday afternoon a drunken row occurred between some negroes at the Bush Grove plantation, six miles down the bayou from town, in which a negro—named Joe Shelton—shot and killed another negro named—Spurgeon Marshall.

Deputy coroner—Dr. Stark went down and held an inquest, but although there were a number of persons present at or near the killing nothing could be elicited to throw light on the cause of the homicide.

Strange to say Shelton escaped into the cane field although there were enough persons present to have effected his capture had a prompt chase been given the fugitive. Sheriff Beary was sick in bed when news came of the affray and was unable to go to the scene of the murder.
