#### About the Galveston Storm.

The Sentinel is indebted to Mr. C. Duges for a late copy of the Houston Post containing many interesting details and illustrations of the Galveston storm. The unfortunate but heroic people seem determined to rebuild their wrecked city and will begin work as soon as the debris of the ruins can be removed and the dead bodies can all be found.

Owing to rapid decomposition and fearful stench the citizens are compelled to cremate the bodies of the dead, as many bodies that were buried in the gulf floated back to land. It is gratifying to note the fact that money, provisions and clothing are being sent the sufferers from all portions of the United States, and even from England. Human sympathy is profound when the public heart is touched by such an awful calamity.

#### Fire at Abbeville.

A fire broke out in the business portion of Abbeville at 9:30 p. m. on Tuesday and destroyed several buildings and stocks of goods—amount of loss and insurance not given.

#### Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

### Bryan and Stevenson Club Organized.

The Democrats of Thibodaux held a very enthusiastic preliminary meeting at the Town Hall, on Wednesday, at 8, p. m. looking to the organization of a mother club in Thibodaux and of branch Democratic clubs in wards of the parish.

Mr. Edgar F. Riviere called the meeting to order and in a few appropriate words explained the necessity of organizing clubs throughout the entire parish and thoroughly unifying the Democratic vote for Bryan, and being ready to discuss all issues brought forward by the Republican candidates.

The meeting then went into temporary organization by selecting Mr. E. F. Riviere as temporary chairman and Francis L. Knobloch as secretary. Judge L. P. Caillouet being called for made an earnest address upon the necessity of through organization and of being prepared to meet every issue, local or national, that was to be discussed in this campaign. He said the paramount issues in this campaign were the trusts and imperialism, and that all other questions faded into insignificance by them. All of our institutions are threatened by the imperialistic and colonial policy of the Republican administration. Local issues of protection and prosperity were to be discussed and the people enlightened upon these issues. We should be prepared to meet all issues and organize clubs all over the parish.

Capt. J. M. Taylor spoke at some length upon the perils now menacing the very life of our Republic, through Mr. McKinley's policy of imperialism and colonial schemes, as shown by the unauthorized and unjust war in the Philippine islands. This government could not be half republic and half despotism. Our flag could not be an emblem of liberty and independence on these shores and a symbol of carnage and despotism in alien lands. He said: the question now has become one of Americanism, and of saving our Republic rather than a mere party issue. The American people were justly alarmed at the growth of imperialism, militarism and colonial conquests as now carried on by the Republican administration, and this explained why so many prominent Republican leaders and voters were flocking to the standard of Mr. Bryan—who represented true American ideas of government. In conclusion, he said, the slogan of this campaign is—"save the republic, and the Declaration of Independence, which is the palladium of our institutions."

On motion the chairman and secretary were appointed a committee to correspond with National Headquarters for literature, blanks, etc.

After signing the roster of memberships by all present, the meeting adjourned until next Friday night—21 inst.

#### Disension in the Sixth District.

The Sixth District Democratic nominating convention split wide open on the last day of its session—Thursday—the Coco minority bolting the action of the regular wing of the convention, which nominated Col. Sam Robertson, and holding a little convention of their own and nominating Dr. A. F. Barrow of West Feliciana.

The Sentinel has no patience with bolting minorities who violate the leading Democratic principle of "a majority shall rule," and who want to rule or ruin the party to whom they pretend to acknowledge allegiance. The Sentinel has faith enough in the Democratic voters of the sixth congressional district to believe they will support Col Sam. Robertson, the regular, legitimate nominee of the convention.

Otherwise a factional fight, with a divided vote would give the District to a Republican candidate.

#### Grand Fair.

Posters are out announcing a grand fair to be given at Aubert Hebert's Park—four miles above Thibodaux, on Saturday and Sunday, Sept. 22 and 23, 1900, for the benefit of the First District Drainage Fund. There will be a spirited game of base ball between the Websters and another rival crack team. Refreshments of all kinds will be sold at moderate prices.

### Report of Grand Jury

To the Honorable L. P. Caillouet, Judge of the Twentieth Judicial District Court of the parish of Lafourche;

Your Grand Jurors, duly impaneled and sworn and charged on the 10th day of September 1900, beg leave to hand in these their final reports and this their final report.

We have inspected the public buildings of the Parish, and would respectfully recommend that the Police Jury make the following repairs and improvements:

The plastering of the Court house has begun to fall, and if it be not attended to at once, it will soon be necessary to replaster the walls and ceilings of the entire Court house.

Both the sheriff's and the Clerk's offices are very much in need of new and suitable furniture.

The sheriff's office is entirely too small, and we earnestly reiterate the recommendation so frequently made by our predecessors, that the sheriff's office be enlarged.

We find that the records in both the Clerks and Sheriff's offices are neatly and accurately kept, and that the offices are neat and clean.

Our inspection of the Jail disclosed the fact that this Parish is very much in need of a new and modern Jail. Owing to the want of ventilation and to the crowded condition of the prisoners it is impossible to keep the jail in the sanitary condition that it should be.

We find the roads generally throughout the Parish to be in good condition, except the road on the right descending bank of Bayou Lafourche from the lower line of Mr. M. Delaune's plantation to the plantation of Mr. T. Badeaux which is and has been for the past six months in a horrible condition. The same may be said of the road opposite the Company's Canal on the left descending bank of Bayou Lafourche. Neither of these two roads have been worked for the past six months, and we recommend that the Police Jury either fine the road inspector for that District for neglect of duty, or so amend their road ordinances as to give the Courts criminal jurisdiction in such matters.

The Superintendent of Education, Mr. Thos. A. Badeaux, appeared before us and reported the schools throughout the Parish generally in good condition. He stated that the Public Schools had already been opened for five months, and that there were sufficient funds in sight to keep them open for three months longer.

Mr. Badeaux called the Juries attention to the fact that the school house fund was inadequate, and recommended that the Police Jury set aside a larger sum for the purpose of building, repairing and fitting up the school houses throughout the Parish.

The Parish Treasurer, Mr. A. J. Braud, submitted to us a complete and itemized report showing the financial standing of the Parish, which reports we herewith annex as a part of this report.

We further recommend that the police jury at once repair the Bridge of Bayou Romponpon and Bayou John Webre, both being in a dangerous condition.

Respectfully submitted,  
J. S. LEVRON,  
Foreman.

When you want a pleasant physic try the new remedy, Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at Roth's drug store.

#### Opening of Mt. Carmel Convent.

The opening of the school session at the new Mt. Carmel Convent on Monday was disappointing to the good sisters and to the friends of this excellent institution. The fewness of boarders and of day pupils, also, is doubtless owing to the recent storm which unsettled things everywhere, and we are constrained to believe that within the next few days the convent will have a large enrollment both in boarding and day pupils. We should maintain our home institutions of learning above all other considerations.

### Entertainer's Club.

The Misses Mulhiots were the charming hostesses who so pleasantly entertained their guests at the Tuxedo Hall on Thursday evening. The following ladies and gentlemen were present: Misses B. #### Cuts and Bruises Quickly Healed.

Chamberlain's Pain Balm applied to a cut, bruise, burn, scald or like injury will instantly allay the pain and will heal the parts in less time than any other treatment. Unless the injury is very severe it will not leave a scar. Pain Balm also cures rheumatism, sprains, swellings and lameness. For sale by Roth drug store.

#### Is Marriage a Failure?

The Woman's Journal: "Is marriage a failure?" "I should say not!" remarked an Oregon farmer. "Why, then's Lucindy, gits up in the mornin', milks six cows, gits breakfast, starts four children to skool, looks after the other three, feeds the hens, likewise the hogs, likewise some motherless sheep, skins twenty pans of milk, washes the clothes, gits dinner, et cetera, et cetera. Think I could hire any body to do it for what she gits? Not much! Marriage sir, is a success, a great success!"

#### At the Opera House.

On Saturday and Sunday nights, The Olympia Kinetoscope and Phonograph Concert Company will give one of the most unique and hitting exhibitions of the season. It has been pronounced by the press and public to be the grandest life motion picture exhibition ever seen. The Edison's largest concert machine will render many beautiful songs. Remember the performance will be to night—Saturday, and Sunday. Admission 25 and 15 cents. Reserved seats 35 cents.

#### Relief for Galveston.

The citizens of Thibodaux met at the Town Hall last night to raise subscriptions for the storm sufferers at Galveston. As the Sentinel had already gone to press we are unable to state definitely in advance what was done, but it was pretty generally understood to buy several carloads of ice and ship immediately to the unfortunate city.
