Washington News.

Washington, August 9, 1901.

Teddy Roosevelt's Presidential
boom arrived in Washington this
week. It was brought by republican
members of the Kansas Congress-
ional delegation, who declared that
the Kansas republicans were for him
and intended to do everything they could
to get him nominated. When it is
considered that the administration is
dead opposed to Roosevelt and that
those Congressmen were in Washing-
ton asking administration favors, it
will be seen that they had their nerve
along with them. It is true that
none of the big guns of the adminis-
tration were in town, and that the
small fry, such as assistant secreta-
ries, were afraid to tell those Con-
gressmen that they were treading on
forbidden ground, but the telegraph
lines were in good working order and
some of them found it out before they
left, and they will probably hear
more about it before their applica-
tions for administration favors are
acted upon. Long before 1904, it
will be sure way for a republican to
get on the administration blacklist to
declare himself in favor of Roose-
velt's nomination. There is no longer
any doubt that there is a Roosevelt
machine and that it is working for
strength in the West and South,
ignoring New York, where the Platt
machine makes it impossible for
Roosevelt to hope to control the dele-
gation. Roosevelt's friends are point-
ing out that Cleveland was nominated
in 1892, although the New York
delegation was pledged to Hill.

Rear Admiral Robley D. Evans—
"Fighting Bob"—was this week fur-
nished by the Navy Department with
copies of the two letters written by
ex-Senator and ex-Secretary Chan-
dler, complaining of the manner in
which he and his administration of
the Navy Department are treated in
Admiral Evans' book, "A Sailor's

A WORTHY SUCCESSOR.

"Something New Under
The Sun."

All Doctors have tried to cure
CATARRH by the use of powders,
acid gases, inhalers and drugs in
paste form. Their powders dry up
the mucous membranes causing them
to crack open and bleed. The
powerful acids used in the inhalers
have entirely eaten away the same
membranes that their makers have
aimed to cure, while pastes and oint-
ments cannot reach the disease. An
old and experienced practitioner who
has for many years made a close
study and speciality of the treatment
of CATARRH, has at last perfected
a treatment which when faithfully
used, not only relieves at once, but
permanently cures CATARRH, by
removing the cause, stopping the
discharges, and curing all inflamma-
tion. It is the only remedy known
to science that actually reaches the
afflicted parts. This wonderful rem-
edy is known as "SNUFFLES" the
GUARANTEED CATARRH CURE"
and is sold at the extremely low price
of One Dollar, each package contain-
ing internal and external medicine
sufficient for a full month's treatment
and everything necessary to its per-
fect use.

"SNUFFLES" is the only perfect
CATARRH CURE ever made and is
now recognized as the only safe and
positive cure for that annoying and
disgusting disease. It cures all in-
flammation quickly and permanently
and is also wonderfully quick to
relieve HAY FEVER or COLD in
the HEAD.

CATARRH when neglected often
leads to CONSUMPTION—"SNUFF-
LES" will save you if you use it at
once. It is no ordinary remedy, but
a complete treatment which is posi-
tively guaranteed to cure CATARRH
in any form or stage if used accord-
ing to the directions which accom-
pany each package. Don't delay but
send for it at once, and write full
particulars as to your condition, and
you will receive special advice from
the discoverer of this wonderful rem-
edy regarding your case without cost
to you beyond the regular price of
"SNUFFLES" the "GUARANTEED
CATARRH CURE"

Log", and he has gone out of town
for a few days, during which he will
decide whether he will ask for a
Court of Inquiry, or let Chandler go
ahead and try to force the Navy
Department to order a court-martial.
Before leaving Washington Admiral
Evans said: "I have no idea of
falling into Mr. Chandler's trap, by
entering upon a newspaper discussion
of his letters. I will only say that
the only relations between Mr. Chan-
dler and myself are those of private
citizens. He is not my superior, and
I would not take any orders from
him. If he has charged me with
conduct unbecoming an officer and a
gentleman, well—". As Admiral
Evans abruptly ended and turned on
his heel there was an expression on
his face that was anything but loving.
Admiral Evans but touched upon the
dirty politics of Chandler's rule over
the Navy Department, only referring
to his personal experience, in his
book, when there is material enough
of the same sort, and worse, easily
accessible, to fill several books.
Chandler's whole political life has
been that of an un-crupulous partisan
who never forgot his own interests.
Consequently he is a rich man, but he
is likely also to be a sorry man be-
fore "Bob" Evans and his friends get
through with him.

Comment is being made on the
marked discrepancy between the num-
ber of Filipinos who have been cap-
tured or have surrendered and the
number of rifles. In an official doc-
ument issued by the War Depart-
ment this week the total number of
Filipinos captured and surrendered is
given as 41,029, while the total num-
ber of rifles surrendered and captured
is only 1,212. It cannot be that
41,029 Filipinos were fighting with
only 1,212 rifles. And if the surren-
dered Filipinos have secreted their
rifles it indicates that they expect to
have use for them again.

It is now said in Washington that
Senator McLaurin's retard for trying
to organize a white man's republican
party in South Carolina, in addition
to the control of the Federal patron-
age of the State, is to be a seat on
the Federal bench for himself, after
his term in the Senate ends.

If the stories alleging that Mr. Mc
Kinley has been convinced by the
popularity of Admiral Schley that he
has been greatly maligned by the
Sampson clique in the Navy Depart-
ment, and that it was by his express
orders that officers who could be de-
pend upon to give Admiral Schley
fair play were selected for members
of the Court of Inquiry, be true, there
is one thing more that he should do
in the interest of fairplay, and that
is to get a new Secretary of the Navy.
Secretary Long has been not oriously
anti Schley from the beginning of the
trouble, and it is an open secret that
he will leave no official stone unturned
to convict Schley of having disobeyed
orders, as a failure to secure such
conviction will be practically a ver-
dict of marked unfairness against
himself. Howison, the now member
of the court, has been a Sampson par-
tisan, if he is not now.

Senator Stewart, who has been on all
sides of every question and who just
now calls himself a republican, was
in Washington this week, whooping
things up for Senator Hanna, whom
he declared to be the logical republi-
can candidate in 1904. If he and the
other Hanna shouters can only swell
Hanna's head sufficiently to make
him grab the nomination for him-
self, instead of putting up a figure-
head who will be under his control,
they will do the democrats a great
favor. With Hanna for the republi-
can candidate the democrats could
elect anybody on any platform, or on
no platform except opposition to
Hannanism and all it stands for.

A Minister's Good Work.
"I had a severe attack of bilious
colic, got a bottle of Chamberlain's
Colic, Cholera and Diarrhoea Remedy,
took two doses and was entirely cured,"
says Rev. A. A. Power, of Emporia,
Kan. "My neighbor across the street
was sick for over a week, had two or
three bottles of medicine from the
doctor. He used them for three or
four days without relief, then called
in another doctor who treated him for
some days and gave him no relief, so
discharged him. I went over to see
him the next morning. He said his
bowel were in a terrible fix, that they
had been running off so long that it
was almost bloody flux. I asked him
if he had tried Chamberlain's Colic,
Cholera and Diarrhoea Remedy and
he said, 'No.' I went home and
brought him my bottle and gave him
one dose; told him to take another
dose in fifteen or twenty minutes if
he did not find relief, but he took no
more and was entirely cured." For
sale by Both drug stores.

A Few Things He Can't Do

A man cannot do two things at a
time. But a woman will broil a steak
and see that the coffee does not boil
over and watch that the cat does not
steal the remnant of the meat on the
kitchen table and dress the youngest
boy, and set the table, and see to the
toast, and stir the oatmeal, and give
the orders to the butcher, and she can
do it all at once and not half try.

Man has done wonders since he
came before the public. He has nav-
igated the ocean; he has penetrat-
ed the mysteries of the starry heavens;
he has harnessed the waterfalls, and
made them light the great cities of
the world.

But he can't find a reel of thread
in his wife's work basket; he can't
discover her pocket in a dress hang-
ing in the wardrobe; he cannot hang
up clothes and get them on the line
right end up. He cannot hold pins
in his mouth while he is doing it.

either. He cannot sew on a button.
In short, he cannot do a hundred
things that women do almost instinc-
tively.—Buffalo Enquirer.

"My baby was terribly sick with
the diarrhoea," says J. H. Doak, of
Williams, Oregon. "We were unable
to cure him with the doctor's as-
sistance, and as a last resort we tried
Chamberlain's Colic, Cholera and
Diarrhoea Remedy. I am happy to
say it gave immediate relief and a
complete cure." For sale by Both

A friend called in at our office and
asked us what kind of a town is
Crowley, La., is it as bustling and
enterprising as Alexandria? We
have never been to Crowley and
could not answer our friend's ques-
tion, but we handed him the leading
papers from the two places. He
scanned the pages and said Crowley
was far the best place. On being
asked why he had decided that Crow-
ley was the best town, he replied:
"Why the Crowley paper is chuck
full of good, clean local advertising,
and that is what shows the character
of a town."—Winnfield Sentinel.

Ruston taxpayers are paying an
annual assessment of 40 mills, but
then they are building an up-to-date,
modern city, and think "bread cast
upon the waters will return after
many days."—Blenville Bell.

Yes, brother, and every man that
is a man has a pride in his town's
development, and every one who is
not a mere notch on a stick feels
enough local pride in Ruston to
spend three times forty mills if such
an amount is necessary to keep the
town going as she is now headed.
Ruston has "come to stay," and we
be unto the man who does ought to
retard her progress. All we need
now is a few more of the big headed
and big-hearted men such as we now
have, and Ruston will ask us odds of
any city in North Louisiana.—Ruston
Leader.

Mr. Leon Dreyfus has this year
successfully experimented with the
canning and preserving of pure
Louisiana cane syrup, and it is now
being retailed in the local market in
small packages of quart size at the
rate of 80c per gallon. The article
is as perfect and delicious as when
originally put up. This test is a
practical demonstration that under
proper treatment, this famous Louisi-
ana product can be preserved from
fermentation. This accomplished, it
opens up for it a field of immense
possibilities, as millions of gallons of
it can be thus put up and market-
ed the year round, whereas at present
only a few hundred thousand gallons
are marketed during the winter
months and early spring in a very
restricted market.—Iberia Enterprise.

Fashions For The Stout.

The general run of fashion plates
are the despair of those women whom
nature has decreed for stoutness, or
whom time has snowed with gray
hair. Many fashion cuts show an
impossible sylph-like form of women
everlastingly youthful. THE DELIN-
EATOR, whose long career of success
shows that it meets the needs of
women, contains in the September
number a special article, carefully
illustrated and devoted to the attire
of stout and elderly women. This
article, with its practical, useful ad-
vice about fabrics and quantities, will
be appreciated by those who are
neither slim nor under twenty one.

be served on the President, and in the
event of his absence from the State, on
the domicile of the corporation, or of
the Vice-President and on the absent
of the Vice-President, upon the Secre-
tary. The said corporation may also
purchase, hold and convey, mortgage
and hypothecate and lease real and per-
sonal property, and shall have period-
ical existence for the term and period
of ninety-nine years from the date of
these presents.

ARTICLE VI.
The Board of Directors shall have
power generally to supervise the busi-
ness of the corporation; to adopt gen-
eral rules for its conduct; to contract
for the purchase of machinery, the con-
struction of buildings, tramways, rail-
ways, the purchase of barges, steam-
boats and other things and apparatus
incident to the purpose and objects of
enterprises set forth in article Three of
this charter; also, the fixing of the price
of cane, cane juice and syrup; also the
price for evaporating the same into
sugar and other products; and fixing
the salary of officers, defining by general
rules the expenses of the corporation,
and provide for such assistants and su-
perintendents as may be necessary to
carry on the executive business of the
corporation, and generally to adopt
such by-laws, rules and regulations as
may be necessary for the good conduct
and management of the affairs of the
corporation, and generally to exercise
the powers of the corporation, and to
mortgage or pledge the property or ef-
fects of the corporation, as the case may
be. Three members of the Board shall
constitute a quorum for the transaction
of business, but no business other than
the regular administrative affairs of the
corporation shall be transacted by the
Board at other than regular stated
meetings, unless notice be given to the
members of the Board of the extraordi-
nary meeting to be conducted and trans-
acted at the extraordinary meeting. Any
stockholder shall have the right to be
present at the meeting of the Board and
participate therein, but shall not
vote. No person shall be qualified to be
a Director of this Corporation unless he
owns at least one share of stock of the
corporation.

ARTICLE VII.
The President shall have general su-
pervision of the business and affairs of
the corporation; he shall preside at all
meetings of the Board and shall deal
directly with the executive officers of
the corporation; he shall be the man-
ager of the corporation, and shall have
full power to place any personal prop-
erty of the corporation, as set forth in
Article Six (6) of this Charter. The
Treasurer shall be the custodian of the
funds of the corporation, which funds
shall be deposited in such bank or
banks as may be decided on by the
Board of Directors. The checks to be
drawn on the funds of the corporation
shall be signed by the President or
Vice-President and countersigned by
the Secretary. The Board of Directors
at any time, shall, by majority vote
have the right to suspend any employ-
ee, superintendent, manager, or other sub-
ordinate officer of the corporation, or
the same may be done in accordance
with such by-laws, rules and regula-
tions as may be adopted by the Board
of Directors.

ARTICLE VIII.
The Vice-President shall exercise the
functions of the President in case of the
latter's inability to act or in his absence.

ARTICLE IX.
The Secretary shall have charge of
the books of the corporation, in which
shall be kept accounts of the revenues
and expenditures of the business. These
books and record of the corporation
shall be subject to the inspection of any
member of the Board of Directors or
of any stockholder who may so desire.
At the end of every year, after paying
all the debts of the corporation, a sur-
plus amount shall be set aside to carry
on the business of the corporation the
following year. The surplus, if any,
shall be divided among the stockholders
in proportion to their stock.

ARTICLE X.
No stockholder shall be liable or re-
sponsible for any sum beyond the
amount of his subscription, and he shall
be subject to no further call, and shall
in no way be liable for any of the debts
of the corporation. All creditors must
look to the corporate property for their
demands; nor shall any mere informality
of organization have the effect of
rendering the charter, or any exposing
any stockholder to any liability beyond
the amount of his subscription.

ARTICLE XI.
At all meetings of stockholders, a
majority shall constitute a quorum.

ARTICLE XII.
It shall not be lawful for any stock-
holder to dispose of any share or shares
of the capital stock of the corporation
without offering same to the said cor-
poration and giving it the preference of
purchasing same at its face value, and
only upon the refusal of the said cor-
poration to purchase the same, shall the
transfer of such share or shares be au-
thorized to be made upon the books of
the corporation.

ARTICLE XIII.
The corporation shall not be dissolv-
ed, nor this charter altered or amended
except by consent of three-fourths of
the capital stock.

ARTICLE XIV.
Whenever this corporation is dissolv-
ed, either by limitation, or from any
cause, its affairs shall be liquidated by
three commissioners to be appointed
from among the stockholders at a gen-
eral meeting of the same convened after
ten days' prior notice to the stockhold-
ers by letter to their address, and by
publication in one of the newspapers
published in the Parish of Lafourche.
The said liquidating commissioners
shall remain in office until their func-
tions are fully discharged; provided
that this shall not be for more than six
months. Any vacancy in their number
shall be filled by a meeting of stock-
holders called for that purpose.

ARTICLE XV.
This corporation shall not begin business
this day, and the capital stock may be
increased by vote of the stockholders.
Thus done and passed on the day,
month and year first above written, in
