

As we have made no list of subscribers, persons wishing to take the DAILY TELEGRAPH will please notify us to that effect, without delay. The rates of subscription will be found in first column on first page.

Mr. P. Z. Ransom, of the Island, has our thanks for a solid head of cabbage measuring 11 inches in diameter.

The Rev. C. E. Evans has just returned from New Orleans and reports a splendid collection of attractions for the coming Methodist Fair.

BENEFIT OF GRACE CHURCH.—On Wednesday and Thursday nights next there will be, at Union Church, the interesting and laughable comedies of "Slasher and Crasher," and "My Neighbor's Wife," to be followed each night with "Original Sketches and Songs," "Tableaux Vivants," &c., all for the benefit of the Episcopal Church, the erection of which will shortly commence.

The ladies of Monroe have this Exhibition under their management and control, and have gone to considerable trouble and expense to get up a first-class entertainment. The public will be well entertained, and we advise and request all to go, as the object is praiseworthy, and we know the fun will be immense.

FIRE.—The new residence of Col. R. Richardson, corner of Oak and Catalpa streets, was destroyed by fire, at the early hour of eight o'clock, Sunday night. The building was unoccupied, but contained some furniture, and also a lot of paint brushes and material belonging to Mr. D. L. Frost. Probable loss about \$2,000.

The fire was undoubtedly the work of incendiaries. Mr. Wm. Garretson saw three negroes hurriedly quitting the premises at the moment the fire had fairly begun, which, he states, was set in two places, some twenty-five feet apart. Other persons saw the same negroes, and a faint hope is entertained that they may be identified. It has not been very long since we heard of threats of destroying the property of men politically obnoxious to certain individuals, and we saw some of their tools smiling at the consuming scene on Sunday night. Are we realizing these threats?

River Items.

The river, after rising about six feet, commenced falling Sunday; but heavy rains at Camden and below, justify the belief that the stage of water will very soon justify the entrance of large boats and continuous navigation throughout the season. Several small boats are in the river. They find no difficulty in getting good trips, but the passenger lists are small.

A considerable bar has been formed at the mouth of Red River, detaining boats for longer or shorter periods; but it is believed the recent rise in this river will remove the trouble at that point.

The boats are taking cotton from this point at \$1.50 per bale, and bringing freights at card rates.

The Ouachita Belle is looked for in a few days, and the Gov. Allen will be out soon. The Bannock City will be around from St. Louis to-morrow to establish a semi-weekly line from Monroe to Camden. Capt. Lamont, commanding, is a thorough-going steamboatsman and informs us that he "comes to stay." He commands a swift and elegant little boat.

There is about seven feet of water on the Monroe bar.
