Advertise in the DAILY TELEGRAPH.

The Signal observer at Washington has ordered the cold wave signal hoisted and says that the temperature will fall from 15 to 25 degrees to day.

The "akatorial fever" has hit our city and the roller rink is well patronized. We call attention to the announcement, elsewhere in the DAILY of the proprietor.

The chain gang, under the direction of police Newman, are doing some good work on South Grand street. Would, that the city was financially able to employ extra labor to continue the good work.

Our young friend H. T. Benoit, whom we mentioned a few days since as having gone to Baton Rouge, returned into morning and reports having had a pleasant trip, notwithstanding that he was delayed by a wreck on the New Orleans and B. R. Ret happily for him on another train. The engine of the wrecked train was killed and several cars were smashed to smithereens.

Notice.

Don't forget that the Monroe Social Club meets to night. Business of importance is to be transacted and it is hoped that there will be a full attendance of the members.

J. D. OAKLY,
President.

A negro named Mark Burnett living about one mile west of West Monroe, indulged quite freely Saturday night in "tanglefoot" and started for home, taking the railroad track but losing his way or becoming exhausted laid down between two cross ties and went to sleep. The accomodation train coming along passed over him, but strange to say, with the exception of a few bruises he was unharmed. The train was immediately stopped and he was brought to Monroe.

Some scoundrel, who had better look out, called at a certain private residence in this city Thursday night at half past eight o'clock and knocked at all the doors, but, when asked what he wanted or who he was refused to answer. The husband was away from home, being absent from the city, and the lady and children were terribly frightened. This thing has got to stop.

The rainfall for the past 24 hours to one and three one hundredths of an inch.

The river at noon to-day, according to the report of Mr. Eugene Windes, signal observer at this city, stands 16 feet and 9 inches above low water mark—a fall of 3 inches in the past 24 hours, ending at noon to day.

The John H. Hanna, the old reliable Capt. Jerry Sullivan in command; Capt Joe Holmes, the old "pioneer" in the office and "Babe" Tarlton assistant clerk, returned to the Crescent City Saturday night at 7 o'clock with 1260 bales cotton.

The D. Stein arrived at West Monroe this morning with 2200 sacks cotton seeds and 200 bales cotton. The seed is for the Monroe Oil Works and the cotton goes forward by rail to New Orleans.

NELLIE BOYD IN "UNKNOWN."

Owing to the exceedingly cold weather only a fair audience assembled at Pilots last night to witness the rendition of "Unknown" by Miss Nellie Boyd and company, to say that the piece was ably rendered from first to last would be to stereotyped and in adequate idea of how really excellent the different artists one and all carried out their respective parts. Miss Boyd was admirably supported entirely through the performance. Mr. Theodore Roberts as the "Unknown" being entitled to special mention though the audience might have been larger the applause could not have been more hearty and not once during the first acts did interest flag. "Unknown" is certainly one of the most powerful dramas presented here this season and if the weather to night will permit the Houston public to do Miss Boyd and her excellent support Justice a crowded house will greet them.—Houston Post.

WEST MONROE DCITS.

We hope that the public will bear in mind that West Monroe is simply a "flag station," but that Monroe has an elegant passenger depot which is open to the traveling public both day and night. Ain't this discrimination? We suggest that our citizens immediately raise a fund to buy a big flag and "swing our colors to the breeze."
