

MON THE GOULD SYSTEM.

The Non-Union Men were eating General Boston.

Thursday, April 17.—Wednes- to the strikers or their sym- p... Victimized three of the new em- Missouri Pacific railway Steamer of Main and Broadway. man and without injury. The by he were badly beaten. There a reason for attacking them than they filled places of

ST. LOUIS, April 17.—Three citi- Prof. Woodward, Messrs. Nelson... the committee ap- by the meeting held at the... to call on Mr. Hoxie and request him to appoint a... of three resident directors... to consult with... and a committee from the... of Labor to settle the strike, at the Mercantile Club Thursday... to talk matters over and de- the best method of approaching Hoxie. Prof Woodward was ap- pointed to call on Mr. Hoxie and as- sist in the latter's views upon the arbitration scheme. The professor did as requested and upon reporting to the committee some time afterwards said that he had found Mr. Hoxie at home ill and completely worn out with the work of the past five weeks. He very courteously received Professor Woodward, however, and chatted pleas- antly about the situation. When asked if he would appoint a committee from the railroads to confer with the citizens' and employes' committee, Mr. Hoxie said that he had written his intentions to Dr. T. O. O'Reilly, who officiated as president of the citi- zens' meeting at the courthouse, and his statement in the latter would also apply to the committee. Dr. O'Reilly has as yet received no such letter and when asked as to the probability of Hoxie's appointing members of the proposed arbitration committee, said "I do not anticipate that the letter will contain any favorable news, for Mr. Hoxie in his conversation with Prof Woodward said that he could see no reason why he should get out of bed and appoint a committee to settle a strike upon the Missouri Pacific when that road was moving every pound of freight that was de- livered to them and carrying all their passengers with safety and speed.

Thursday night an unknown man occupying a position made vacant by a strike of the Chicago, Burlington and Quincy yards, was attacked while standing on the corner of Fourth street and Missouri avenue, East St. Louis, by a party of men who knocked him down and beat him severely before he could escape.

EAST ST. LOUIS, April 17.—Late Thursday night sentinels patrolling the railroad yards were startled by several shots fired, it is supposed at them, from the direction of several houses near the junction of the Cairo Short Line and Pittsburg railway. Their attacks on the guards became so frequent that although no one has been hurt, General Reece, command- ing the military, has issued an order that hereafter if shots are fired from any building in East St. Louis the guards shall surround the houses, raid them and arrest all guilty or suspect- ed persons found in the building. Two deputy sheriffs, while guarding the Vandavia railroad yards Thursday night, were approached by a number

of supposed strikers who engaged them in conversation, during which they attacked the deputies and beat them badly. Upon the approach of several sentinels who were on guard in adja- cent yards, and who were attracted by the cries of the deputies, the assal- tants escaped, leaving their victims unconscious.

CHICAGO, April 17.—The switchmen on the Baltimore and Ohio in this city went out this afternoon owing to the refusal of the local officers to accede to their demand for the discharge of non-union men. It is rumored that the Lake Shore switchmen will go out to- day. Thus far the road has had no difficulty in moving trains.

Trouble is said to be imminent on several of the railways centering in Chicago yesterday. It arises from the yard switchmen it wages paid them, and the further facts that the union men are demanding the discharge of non-union men in the employ of the company, in addition to the demand made upon the Lake Shore road Thurs- day. This morning thirty-five switchmen employed by the Balti- more and Ohio railway sent a commit- tee to the officials asking that six non- union men be dismissed. The offi- cials replied that an answer would be given at noon.

A horse that seemed to be filled with rabies ran amuck through the streets of Donaldsonville last Monday forenoon, attacking nearly every animal in its path and pursuing several pedestrians. The unfortunate beast munched oyster shells, pieces of brick and other hard substances and cut its mouth chewing a glass bottle to frag- ments. It bit several other horses including a fine one belonging to Dr. Hanson, and finally bit the dust through the instrumentality of well directed bullets from the revolvers of Charles Duke and Sosthene Clement. The animal was owned by the store- keeper whose establishment is located at the corner of Chetmaches and Ope- tousas streets.—[Donaldsonville Chief.

Photography is employed to recog- nize good wood. Micro-photographs are taken of sections, longitudinal and transverse, of standard pieces of tim- ber bearing a certain known maximum or minimum strain. These are en- larged and serve as comparisons for other samples. Any piece which the educated eye detects to have fewer rings per inch of diameter, fewer radial plates per square inch of section is rejected. The advantage of this method is that it allows all timber for important positions to be tested before being used.

CORNER SALOON, DESIARD STREET, MONROE, LA., G. A. PRESTON, PROPRIETOR.
