

The Louisiana Capitolian.

LOCAL MATTERS.

Pulling hard against the tide! The independent boomers are having a hard time pushing their canoe against the Democratic wave.

TRUE BLUE.—To an error of Messrs. E. C. Palmer & Co., are we indebted for the "true blue" appearance of the CAPITOLIAN this week.

OUR FERRY BOAT.—The City Council has passed a resolution extending thirty days time to the lessees of the ferry, wherein to supply a steamer as per contract to fill the void caused by the wrecking of their boat during the late storm.

Don't Forget the Festival.—At Bellevue to-day and to-morrow. Transportation is to be furnished to and from free of charge.

W. C. McGimsey, Esq., delegate to the Convention from the parish of Rapides, remained over for a few days among his many friends and relations here.

RADICAL REJOICINGS.—On Thursday evening, the news from Ohio and Iowa stirred up the enthusiasm of the Republicans, so that a number of them gave vent to their joy by firing a salute in honor of the victory gained by their Northern allies.

Mrs. PARKER gives notice in another column that she is daily receiving magnificent lots of dry goods, millinery articles, ladies' gents' and children's wintering goods, etc., for the fall and winter trade.

ONE HUNDRED DOLLARS REWARD.—On last Monday the City Council passed a resolution offering the above sum as a reward to any one who may furnish information that will lead to the arrest and conviction of the party or parties who have been or may render themselves guilty of maiming cattle by cutting off their tails or otherwise inflicting bodily injury upon innocent beasts.

MR. HANCOCK.—Among the many gentlemanly representatives of the New Orleans press, in attendance at the Convention, we were pleased to see Mr. Hancock, of the Times, who, by the way, did not forget to give the CAPITOLIAN a friendly call.

MR. HANCOCK.—Among the many gentlemanly representatives of the New Orleans press, in attendance at the Convention, we were pleased to see Mr. Hancock, of the Times, who, by the way, did not forget to give the CAPITOLIAN a friendly call.

THE U. S. BARRACKS.—This valuable property, belonging to the National Government, we are sorry to say, is fast going to decay. The troops have been moved to other points, and though Sergeant Ferguson, U. S. A., the lone soldier left in charge, does his utmost, rank weeds are gaining possession of the beautiful grounds, and the handsome buildings show that their neglect will soon bring total ruin.

SCOTT GORDON.—Last Monday night, while this well-known colored Democrat was standing on the corner of the North Boulevard, a report was heard preceding a gunshot, which lodged itself in Scott's right forearm.

The Capital Committee.

At the meeting of the City Council last Monday, the Committee on Ways and Means for raising the \$35,000 subscription to aid in rebuilding the Capitol, was finally appointed and completed.

The Committee will soon be ready to submit propositions, whereby the desired end may be accomplished. Our committee is so thoroughly impressed with the absolute necessity of securing the amount subscribed, that we scarcely deem it requisite to ask every good citizen to lend a hearty support and co-operation to the gentlemen who have been designated to perform this all-important task, upon which depends the welfare of Baton Rouge for all time to come.

Let all private or political differences sink before this common interest. Democrats, Republicans or Independents, men, women and children, can all join hands on this issue.

Vat for You Makes Trouble Mit Siegel and the Government.

Over the river is where the fuss is occurring. Our old friend Hyams has at last been drawn into the vortex of the Vaudrey embroglio. We deeply sympathize with him in this his hour of affliction. For the life of us, we can't see how so mild mannered a mortal as brother Hyams could have fallen in such a rut. We know that it can't be because of any divergence in religious theories, for our amiable contemporary is a member of the "big church" and is as liberal and progressive in his views as the day is long.

Lord, O Lord! how many sins are committed in Thy Holy Name! We blazed away a few shots into that trouble some time ago, but were delighted to get out unscathed, until Cease firing, repentant brother, it's our next time you come over, provided you can save your wig during the tussle.

Who'll be struck next?

The Israelite Ball

The Israelite Ball, on last Wednesday night was one of the most elaborate affairs that have been given in our city for some time. Pike's Hall, was brilliantly illuminated, and Page's orchestra hand gave great animation to the large and select attendance. Many of the ladies were most becomingly dressed, in costly and fashionable attire, and it was indeed, a most pleasing sight to the "looker on in Vienna" to see the array of beauty there assembled. So enticing was the spectacle, that we forgot our role of a reporter, and we went in like the balance, to take part in the dance, besides constituting ourself a special admiration committee of one. We came out with a lacerated heart, and verily believe that we fell in love with at least three dozen of the handsome ladies present.

At twelve a recess for supper was had. It did us good, first, to glance at the choice edibles that literally covered the board, and also to see how this was appreciated by the guests. Full and ample justice was done the spread by every one in token of their appreciation of the efforts of the committee of arrangements, who did their duty to perfection. Not the slightest incident occurred to mar the enjoyable occasion.

Truth Plainly Spoken.

[From the Sugar Planter.] On our late visit to Baton Rouge we dropped in at the CAPITOLIAN office for the first time, and our surprise was indeed great on witnessing the fine display of material for job-work now on hand, and being done under the supervision of Mr. LeSueur, whose acquaintance we were pleased to make. It is always a pleasure to see prosperity in others, even if we are denied the boon, and the enterprise of friend Jastronski is being rapidly repaid by the quantity of job-work now rolling in upon him. Specimens were shown, and we can say without an attempt at flattery, that better work could not be done in the city of New Orleans. The paper is gradually attaining a large circulation, owing to the ability of its genial editor, and nothing is hazarded in saying that a power, if not a steam press will soon be necessary to work off its increasing circulation. After spending a little time with Mr. LeSueur we took our departure, highly pleased with the visit and our hearty reception.

PROF. NICHOLSON'S LATE WORK.—In our job office this week a work in pamphlet form, entitled "A new, simple and complete demonstration of the Binomial Theorem, and Logarithmic Series," was handsomely executed. Its author Mr. J. W. Nicholson of the Louisiana State University, Professor of Mathematics, presents to the student a method that will greatly simplify the labors of the calculator. He has already acquired fame as the author of the formula of right angled triangular and circular functions, and the announcement of his late production will be hailed with pleasure by all who appreciate the labors of the Scientist. Competent judges pronounce it a masterpiece, which will redound advantageously to the name of Prof. Nicholson, one of the ablest mathematicians in the United States. We are proud indeed, to number the Professor as one of the brilliant Faculty that guides the courses of study at our State University. We unhesitatingly invite the attention of scientists and students to examine this effort of the learned mathematician.

One of the best improved plantations in this neighborhood is advertised for sale. It is situated in a healthy locality and will make a most desirable homestead. We invite attention to this real good opportunity for a bargain. See advertisement of Mr. N. Wax.

Mr. Nicholas Wax is selling some of the finest New Crop Syrup. Call at his store, on St. Louis street.

OFFICIAL PROCEEDINGS OF THE POLICE JURY.

POLICE JURY ROOM, Parish of East Baton Rouge, Oct. 14th, 1879.

Regular meeting of the Jury. Present—Mr. Fergus Gardere, President, and Messrs. Perron, Carmena, Montegudo, Millican, Neabit, Burnett, Roberts and Graham.

Absent—Mr. Fisher. The minutes of last meeting were read and adopted, after changing the same so as to read Wm. Ligon in place of James Ligon.

Mr. Carmena, on part of the special committee to whom was referred the petition of Mr. Jour, relative to Joor's bridge, reported the sale of the wreck thereof for the sum of twenty dollars. Received and adopted.

On motion, it was resolved, that it is the sense of this jury that the voting precinct of the 9th ward was duly changed by ordinance adopted February, 1879, from Griffin's Store to Now St. Louis. Mr. Graham asked and was granted the privilege of recording his vote against this decision.

On motion of Mr. Roberts, any action on the petitions relative to the bridges across Dorsen's Creek and Baton Rouge bayou was postponed.

On petition of citizens, Mr. Frank Pickett was granted the right to peddle throughout the parish free of any license.

By Mr. Graham: Resolved, That a committee of three be appointed to examine the Comite bridge on the Greenwell Springs Road, and report damage done by the late high water, and the probable cost of repairing the same. Adopted.

The president appointed on said committee Messrs. C. F. Graham, R. L. Pruyn and Daniel Morgan.

On motion of Mr. Carmena, Laura Foster was placed on the list of indigent poor at \$2 per month.

The following bills were examined and allowed: M. Chambers \$4.85, Wood, Widney & Co. 2.75, W. W. Wilmon 3.50, J. W. Bates (court) 43.60, J. W. Bates (jail) 156.80, City Baton Rouge 38.33, T. W. Bowman 3.70, G. L. Vay 8.50, F. A. Neplher 40.50, W. H. Harrison 12.50.

The Jury then adjourned. FERGUS GARDERE, President. O. P. SKOLFIELD, Clerk.

INDEPENDENCE FIRE COMPANY No. 2.

This old reliable association held its annual election of officers on Monday night last. After the usual proceedings were disposed of, the following gentlemen were elected as its officers for the ensuing year.

Foreman—L. D. Beale. 1st Assistant Foreman—Louis Kretz. 2d Assistant Foreman—Oscar Arbour. Vice President—John J. Wax. Recording Secretary—J. G. Favrot. Financial Secretary—Geo. W. Burgess. Treasurer—J. P. Bott. Steward—A. E. Finck.

It is useless to add that the boys confirmed these promotions by drinking several humpers to the maintenance of No. 2 to the old standard of efficiency. The Company is always composed of good working material and never fails to do telling work whenever the fire bell calls its members to the rescue.

Two thousand two hundred votes were cast on Saturday, the 4th inst., at the primary election, to select the district and parochial ticket. Over one thousand of these were cast by colored men who pledged themselves to support the nominees at the general election. We take this as an evidence that the mass of our colored population are convinced that Democratic government means protection to the rights and liberties of all men, and the maintenance of law and order in the parish and State. Having had the privilege of voting for the men of their choice, we do not doubt that they will show the same worthy of the confidence that has been thus reposed in their pledges. We predict that the Capital Parish will win the Democratic banner in December next.

Cotton Factories in the Fields.

(Atlanta Constitution.) The communication which we recently published from Mr. D. U. Sloan, of Norcross, in regard to the cotton factory at Westminster, S. C., has attracted considerable attention not only at the South, but all through the North, and many persons have visited the mill, whose testimony induces us to believe that the people of the South now have the opportunity to take a long step forward in the direction of that prosperity, which must spring from diversified industry. Among those who have recently visited the South Carolina factory is Capt. C. F. Akers, of Lagrange, and in an article printed in the Reporter of that place he confirms every statement of the correspondent of the Constitution.

The machinery of the mill is simple and cheap, and by setting it up in the neighborhoods throughout the cotton belt the value of the staple can be increased nearly 100 per cent, particularly when we take into consideration the amount of money saved on bagging, ties, packing, weighing, storing and shipping. The factory now in operation at Westminster, S. C., which shall speak more at length in another article, spins the cotton direct from the seed by means of a machine known as the Clement attachment, and is run by seven women and a boy. Its capacity is between four and five hundred pounds of seed cotton per day, and the yarn manufactured sell in New York at an average of 16 1/2 cents. The cotton is taken from the gin and brush on a cart and comes out in a roll, and New York dealers say threads made by this process class a great deal higher than threads made from compressed cotton. Not a particle of lint is left on the seed, as in the ordinary gin.

We are inclined to believe that this method of preparing the staple for market solves the problem for the South. It enables the planters of each neighborhood to add the industry of manufacturing to the business of cotton raising, and at a profit that will more than justify the small investment to be made, and with in the course of the next year or two, if we do not mistake the purpose and enterprise of our people, there will be at least one hundred of these factories in operation in Georgia. Wherever there is a grist mill, plaining mill or saw mill, a yarn factory can be added without an increase of power, and at a very little increase of cost.

The Parish Democratic Executive committee is hereby reminded that it will be necessary to adopt some quick method to notify our country friends of the election of Gov. Wiltz and others on next Tuesday.

THE PLATFORM. THE VOICE OF THE LOUISIANA DEMOCRACY IN CONVENTION—DECLARATION OF PRINCIPLES.

The following is the text of the platform adopted by the Democratic Convention at its session in this place:

Resolved, As heretofore declared, that our designation of Democratic party of Louisiana is significant of the power of the whole body of the people, and is used to express our determination to secure every citizen of the State the equal rights guaranteed to him by the constitution of the United States and its amendments, and the laws made in pursuance thereof, and to promote reform in every department of the State government.

Resolved, That the Democratic party of Louisiana has no other object in view than to preserve for the present government, and for posterity the National Government according to the spirit of the framers; to protect and guard the rights of the States as determined by the constitution and the decisions of the courts of justice; to promote and advance popular education; to enforce a proper subordination of the military power to civil authority; to protect the purity of elections and encourage and develop the material resources of the people.

Resolved, That the improvement of the Mississippi river, the building of levees on the bank, so as to afford ease and safety for commerce, and a channel for navigation as well as to protect the valley from inundation, and the keeping open of the mouth of the river, is a work of national importance, evidently warranted by a just construction of article 1, section 8, of the Constitution of the United States, which confers upon Congress the power to regulate commerce.

Resolved, That the union and co-operation of all citizens of Louisiana is earnestly invited, in order to secure the adoption of the Constitution now offered for their consideration, and to prove by a great and overwhelming popular vote that the people of the State have exercised their rightful power to ordain and establish for themselves an organic instrument of government, and to do away forever with the construction of the constitution of 1876 as a relic of wrong and military oppression.

Resolved, That the counting of the electoral vote of Louisiana in favor of Rutherford B. Hayes for President of the United States, and William A. Wheeler for Vice President, was notoriously a fraud on popular rights, effected by evil machinations, the plots and conspiracies of the late odious Radical State administration, and their aiders and abettors at home and abroad; and that the Democratic party of Louisiana, appealing to the evidence of the case as now published by authority, arraign the authors of this great crime against liberty and the constitution, for the just condemnation of their fellow-citizens.

Resolved, That the Democrats of the Senate and House of Representatives of the Congress of the United States are entitled to the grateful acknowledgments of the country for the zeal, fidelity and courage shown by them in securing the passage of laws by which the interference of the military at the polls has been prohibited and the trial by jury in the Federal courts made impartial.

Resolved, That the rights, the liberties, the interests and honor of Louisiana demand that her rightfully chosen Senator in Congress, Henry M. Spofford, be at last recognized and duly seated.

Resolved, That E. P. Nichols, now Governor of Louisiana, is entitled to the grateful acknowledgments of his fellow citizens for his patriotism and public services, his devotion to Louisiana and his success in effecting the redemption of her liberties.

Married.

MAGRUDER-KLEINPETER.—At the residence of the bride's mother, on Thursday, October 9th, 1879, by Rev. J. T. Sawyer, Mr. N. H. MAGRUDER of this parish, and SCOTIE KLEINPETER of this parish.

Another desertion from the phalanx of the single gentlemen took place last week. A bachelor is expected to be firm but not stubborn. In this case, however, we understand well, how our esteemed friend Mr. Magruder came to surrender before the accomplishments of so worthy and charming a lady as Miss Kleinpeter. All we can do now, is to wish the happy couple all the conjugal happiness and worldly prosperity that so felicitous a union cannot fail to obtain. We extend our grateful thanks for their kind remembrance of the plodding CAPITOLIAN.

It may be administered to the most delicate children with impunity. Large numbers of testimonials could be produced as to its efficacy, but I deem it best that it should recommend itself. One bottle will satisfy any fair-minded person that it is worth five times its cost.

THE SINGER Machine. Still Triumphant. 356,432 Genuine Singer Machines. During the Year 1878. DOUBLE THAT OF ALL THE OTHERS COMBINED. Beware of WORTHLESS IMITATIONS offered as the Improved Singer at \$25 to \$35. BUY ONLY THE GENUINE SINGER MADE BY THE SINGER MANUFACTURING COMPANY. DON'T WASTE MONEY ON INFERIOR COUNTERFEITS.

The genuine Singer Machines have printed on top of the Arm the words "The Singer Manufacturing Company." The trade mark of which this cut is a fac-simile, is placed on the Arm of every machine directly over the stitch regulator. The fact that the only sewing machine user who has ever attempted to imitate the Singer, is sufficient evidence of its superiority over all other evidences. There is no longer any excuse for buying any of the cheap machines hawked about the country, with no claim for patronage but cheapness. Deal only with the Company or its Authorized Agents.
