**THE STEWART COOKING STOVE.**  
The undersigned offers this STOVE to the public, the superior qualities of which have been satisfactorily tested for so many years, with the full assurance that its peculiar merits render it the most complete and perfect cooking apparatus now in use.  
Its advantages which are all the requirements of a good Stove, are enumerated below:  
ITS DURABILITY.  
It is so constructed that the parts liable to be burned out can be replaced, and the Stove thus renewed, is rendered as perfect in its operation as when first used, at but a comparatively trifling cost.  
ITS ECONOMY IN FUEL.

ITS VENTILATING PROPERTIES.  
By which different kinds of meat may be cooked in the oven simultaneously, without imparting the peculiar flavor of one to the other; thus securing the full benefits of the old style of cooking by an open fire-place.  
The Stove possesses many other advantages—such as the HOT WATER RESERVOIR, for furnishing hot water at all times, and the T.I.N. WARMING CLOSET, where articles ready for the table may be kept warm, bread set to rise, etc., etc.  
EVERY STOVE FULLY GUARANTEED.

**FROM SHORE TO SHORE.**  
A FINE STEEL ENGRAVING,  
BY F. T. STUART, M. Dobb.  
This beautiful engraving, suggestive of Life's Journey from Childhood to Old Age, which has been so long in the Engraver's hands is now ready for subscribers.  
The Picture represents a Boat Crossing a Stream; on the forward part, Childhood is represented by a Boy and Girl, joyous and delighted with the prospects ahead; while further along in the boat is Youth—a young lady carefully playing with pool tables; her admirer, a young man, sits by her side. Near the center of the boat, Manhood is represented by husband and wife. The husband is standing, his hand resting upon the shoulder of his wife, while she looks up with a smiling and cheerful smile, her child of perhaps six summers, is sleeping in her lap. In the after part of the boat, Old Age is shown by an old man and woman who have traveled "Life's Journey" together, with all its "joys and sorrows," "hopes and fears;" the old gentleman leans forward, upon his cane deep in thought, while the old lady sits with a basket in her lap looking back, evidently reviewing the past. Time is represented by a hardy seaman, whose only care seems to be in pulling the boat's crew across the stream, his daughter in her sun-bonnet, very contentedly peers over the bow of the boat. The whole grouping and style of the picture shows a master-work of art, and need only to be seen to be admired.  
The Engraving is neatly printed on plate paper, 20x26, and sold to subscribers at \$2.00 per copy.

**THE BABE OF BETHLEHEM.**  
A FINE STEEL ENGRAVING,  
Very Beautifully Representing the Nativity of our Saviour.  
No event in the history of the world more remarkably displays the wisdom and power of God, than the glorious manner in which He brought Life and Immortality to light, by the gospel of His only Son, manifest in the flesh. History as it relates merely to human events, is a pleasing and instructing subject, but that which relates to our immortal interest, certainly claims our most serious regards. The time, place, and manner of the "Nativity of our Saviour," claimed to be real, and careful with it, constitutes to the human heart. All in this Christian land are familiar with the prophecies of a Saviour.  
In the days of Augustus Caesar, an edict went forth for general taxation, Joseph and Mary went up from Galilee to Bethlehem, to be taxed. (The Narrative continues, as recorded in the 2d chapter of St. Luke.)  
The artist has chosen this interesting scene. The Babe in the manger, Mary (her face beaming with sweetest and holy joy), Joseph, the young man, sits by her side, by the Shepherd who has evidently brought a sacrificial Lamb, have laid it on the floor, and bow in humble adoration before the Holy child. The figure at the left, a mother and child, are cautious and interested spectators. The Cattle in their stalls, the shepherds dog meekly waiting at the door, the stars shining through the casement, the glimmering light from the swinging lamp, the burning incense on the floor, the rustic appearance of the stable, in fact the whole grouping of the picture is admirably portrayed; each face bears its own meaning, while "The Babe of Bethlehem" is the centre of their hopes and the joy of the heavenly host. No lesson can be more instructive, or theme more profitable than the plan of human redemption.  
This engraving is executed in the highest style of stopper and line, by Messrs. Kellogg & Wilcox, of Boston. The style as well as the subject is a most excellent match for "Christ blessing little children." It is to be sold exclusively by agents.  
Price, \$2.00 per copy.

A Good Cooking Stove is one of the most necessary and desirable articles of household economy, and if properly managed, will promote the health, comfort and happiness of every member of the family.  
Time money, and extreme vexation, by delay of your daily meals, may be saved by using the CHARTER OAK COOKING STOVE.  
Over 10,000 of these celebrated Cooking Stoves are in daily use throughout the city of New Orleans. Every one of them has been sold under a full guarantee, and we offer them as a reference wherever found.  
**The Improved Charter Oak Stove with Extension Top**  
has but one damper, and is so simple in its construction that a child can manage it. The covers are larger, bake more uniform, and the stove heater than any cooking stove of corresponding size ever made.  
The Hot Water Reservoir Boiler furnishes a constant supply of hot water at all hours of the day, and for hours after the fire has been extinguished, without additional cost for fuel, a practical illustration of the economy in using the Charter Oak.  
The Reflector Gridiron, original with the Charter Oak, is used on other stoves—the most perfect apparatus to broil meats and poultry, whereby the offensive odors arising from meats during the process of broiling are carried up the pipe, and focus of the meats preserved.  
The Hot Closet, in which meats and pastry are kept warm for hours when there has been a delay at meals, besides enabling the cook to furnish the greatest variety of dishes and desserts, and place them hot upon the table.  
The Charter Oak Stove will do one-third more baking in a given time, and use 25 per cent. less wood than any other stove now made.
