

## Union Oil and Development Co., Ltd.

Capital Stock, \$200,000 Jennings, Louisiana

This is one of the strongest companies financially there are, or will operate in the Jennings field. Its officers are all men of exceptional business ability and its holdings are of the best, consisting of 250 acres, constituting the Big Spring farm, formerly owned by Cooper & Lehman, lying southeast of Jennings and adjoining the Southern Pacific right of way, making the site unequalled for the speedy and economical handling of the product. This is a big saving to stockholders.

The derrick is now being constructed and the contract for drilling is being let. Work will commence very shortly.

A limited number of shares in this company are now offered for sale at 50c per share, par value \$1.00. Fully paid and non-assessable.

**LANDS FOR SALE.**—About 80 acres adjoining the well site has been subdivided into tracts ranging from 2 1/2 acres up, and are now offered to purchasers at a reasonable price. This is a fine opportunity to get a splendidly located small tract.

**OFFICERS.**—Dr. E. I. Hall, President, President Citizens Bank.  
A. M. Arthur, Vice-President, extensive rice grower and buyer.  
R. Dahlen, Secretary-Treasurer, a prominent real estate broker.

**DIRECTORS.**—J. H. Hoffmann, Cashier Citizens Bank; C. A. Lowry, B. C. Andrus, Edd Morris, J. M. Cooper, E. C. French, J. P. Black, Albert Derouen, C. C. Gauthier, D. Hebert, of Jennings; Hon. T. J. Kernan, Eugene Cazessus of the Bank of Baton Rouge, and Col. W. L. Stevens of Baton Rouge, and the officers of the company.

### New Orleans Rice Market.

REPORTED BY S. LOCKE BREAUX

The time has at last come when, as indicated in my correspondence and circulars, we will have to move a little slowly in disposing of our rices. I therefore, this week, feeling that pressure to sell would mean sacrificing my receipts, stored some 10,000 sacks, and will continue to do so, as my judgment dictates.

The movement, due to the very favorable weather, has been very heavy not only in New Orleans, but at every station along the line of the Southern Pacific and collateral roads in the rice belt. The mills, too, for that matter, may be said to be all running and are offering a certain proportion of their output so as to get a line on the market. This means a readjustment of values, and the truth told, taking my receipts as a criterion, the character of the rices which we are getting are so different from the type of River and Bayou Teche goods that have made up our principal receipts up to now, that values thereby have been much unsettled. This market is still affording a \$4 value for choice rices, which means, cup-weight 42 to 43 for Honduras, 45 to 46 for Japans, of river style and character.

Receipts of rough rice: 3757 sks  
Sales of rough rice:

## CZOLGOSZ PAYS THE PENALTY

Electrocuted at Auburn Prison at 7:12 1-2 this Morning.

Auburn, N. Y., Oct. 29.—Leon F. Czolgosz paid tribute with his life to the law as the murderer of President William McKinley at 7:12 1/2 o'clock this morning.

He suffered a slight nervous attack late yesterday, but remained sullen and stoical up to the time the prison closed at 10 o'clock. He refused to heed the words of the priests who came to urge spiritual preparation for death and declined to either re-embrace Roman Catholicism or renounce anarchy.

Czolgosz showed no strength of love for kin, nor did he turn to any of these higher considerations, which ordinarily claim the thoughts of men occupying his position. He may have suffered untold torture, but outwardly he seemed sullen and indifferent. The State is not to surrender possession of his body and by sundown it will have been secretly interred in ground controlled by the officials of Auburn prison.

Waldeck Czolgosz, brother of the murderer, foreseeing endless difficulties and possibly angry demonstrations as the result of an attempt to give the body ordinary burial, heeded the advice of Superintendent of State Prisons Colling and Warden Mead and formally relinquished all claim to it. He merely stipulated that at the close of the autopsy all parts of the body should be buried.

All chance of an unhappy and unfortunate sequel to the execution, either in displays of popular contempt or ghastly exhibitions is therefore prevented.

The plan of burning the assassin's clothing and papers was carried out immediately after the execution.

Glassware at the Fair

Tried to Jump the Flyer.

A man giving his name as J. S. Housman attempted to board the westbound flyer last evening about 400 yards west of the depot as the train was pulling out. He lost his hold and was thrown violently to the ground. It was feared that he was badly hurt, as he was utterly helpless after the fall. A large crowd gathered around him and he was taken to the section house on a cot, where he remained over night.

Dr. C. E. Terry, local railroad surgeon, attended the man and pronounced him uninjured, though he sustained several bruises from the fall. He got up this morning and walked to Welsh, eleven miles west Housman was formerly a brakeman on the Southern Pacific railroad, but is at present a laborer and has been at work near town. He was very much under the influence of liquor when the accident occurred.

## RACE RIOT IN BALLTOWN.

A Dozen Negroes And Three White Men Have Been Killed.

New Orleans, Oct. 29.—The Picayune's Amite City, La., special says: Three white men and eleven negroes killed was the startling and terrible news from Washington parish last night. Your correspondent has just conversed with a man from Franklinton and he confirms the above information, but he knew nothing of what has happened since yesterday evening.

The first news of a race riot was brought here yesterday by Mr. Cornelius Mixon, who, with his mother, left from near Franklinton in the morning. He stated that white men rode into Franklinton at 2 o'clock in the morning asking for help, stating that the negroes were up in arms threatening to exterminate the whites.

The scene of the trouble is at or near Balltown, where a negro was burned last week for assaulting a white woman and robbing her store. This was not the cause, however, of the murders yesterday in which three white men and eleven negroes were killed and several wounded.

The trouble occurred at a negro camp meeting and the origin as near as can be ascertained was as follows:

Creer Lott, a negro, was running a refreshment stand and the constable, a white man, name not given, went to him and asked for his license. He had none and became impudent and cursed the constable and defied him. The constable withdrew and obtained assistance. He returned with several white men, when the negro Lott rushed out and fired point blank into the crowd, killing Joe Seals and Charles Elliott. The whites returned the fire and killed Lott. Then a negro preacher named Connolly rushed out of the house with a gun in hand, attempting to shoot, when he was killed and his daughter was killed and it is said, accidentally. In the shooting which followed another white man was killed and E. H. Thompson wounded, and seven or eight negroes killed. The shooting had no direct connection with the burning of the negro Morris in that section last week, but it is undoubtedly a sequel to that tragic event.

## ANOTHER OIL CO. ORGANIZED

Sulphur Spring Oil Company is the Name of the New Concern.

The people have strong faith in the undeveloped oil lands of this section. There is a firm belief that we are now only entering upon what will prove to be a valuable industry to this hustling little city—namely, the oil industry. Last night a meeting was held, and a strong company was organized to be known as the Sulphur Spring Oil Co., with a capital of \$500,000. The following well-known gentlemen are the officers:

J. P. Haber, president.  
Rev. W. C. Miller, D. D., vice president.

Rev. W. H. Curtis, secretary.  
S. J. Johnson, treasurer.  
W. H. Kistner, manager.

Directors—E. F. Rowson, D. C. Ritchie, H. D. Mitkiff, and Phil R. Rice, New Orleans. The list of officers are included in the board of directors.

The office of the new company is at Scott Bros. store, with Rev. Curtis as secretary.

The company have secured valuable lands in and around this section, and in the near future will begin work. They propose to make it that the poor man can buy a few shares by placing it at 10c per share at par value. No person can buy less than five hundred shares (\$500).

Nearly \$100,000 in stock was subscribed for at the meeting last night.

### Machinery For the Pelican.

The machinery and piping for the Pelican Oil Co. is now here and will be taken to the site of their first well just north of Sulphur Spring with as much haste as possible. The company expects to begin drilling within a week or ten days.
