JENNINGS, LOUISIANA THURSDAY, NOVEMBER 21, 1901.

NUMBER 277.

Union Oil and Development Co., Ltd.

Capital Stock, \$200,000—Jennings, Louisiana

This is one of the strongest companies financially there are, or will operate in the Jennings field. Its officers are all men of exceptional business ability and its holdings are of the best, consisting of 250 acres, constituting the Big Spring farm, formerly owned by Cooper & Lehman, lying southeast of Jennings and adjoining the Southern Pacific right of way, making the site unequalled for the speedy and economical handling of the product. This is a big saving to stockholders.

The derrick is now being constructed and the contract for drilling is being let. Work will commence very shortly.

A limited number of shares in this company are now offered for sale at 50c per share, par value \$1.00. Fully paid and non-assessable.

LANDS FOR SALE.—About 80 acres adjoining the well site has been subdivided into tracts ranging from 2 1/2 acres up, and are now offered to purchasers at a reasonable price. This is a fine opportunity to get a splendidly located small tract.

OFFICERS.—Dr. E. I. Hall, President, Citizens Bank.
A. M. Arthur, Vice-President, extensive rice grower and buyer.
R. Dahlen, Secretary-Treasurer, a prominent real estate broker.

DIRECTORS.—J. H. Hoffmann, Cashier Citizens Bank; C. A. Lowry, B. C. Andrus, Edd Morris, J. M. Cooper, E. C. French, J. P. Black, Albert Debonen, C. C. Gauthier, D. Hebert, of Jennings; Hon. T. J. Kernan, Eugene Cazadessus of the Bank of Baton Rouge, and Col. W. L. Stevens of Baton Rouge, and the officers of the company.

Thanksgiving Dinner For President

Inasmuch as our esteemed President Roosevelt is making an impression on the people of the United States by his independent personality and his generous sentiments towards the South, it would be a nice token of appreciation for every section of the South to send him a nice fat southern opossum with potatoes sufficient to decorate it in a southern mode. Mayors of cities and towns, and magistrates in country precincts might each appoint a committee to catch the opossum and ship it by express with the potatoes to him in Washington, D. C.

P.S.—We would suggest using an orange or lemon box as they already have a partition in the center suitable for sweet potatoes in one end, and the opossum in the other. The president's colored cook would know how to prepare them in the old fashioned southern style.—Daily Journal, Taylor, Texas.

THE TRUST WILL MEET OPPOSITION

Some of the Northwestern Will Fight Morgan's Combine.

New York, Nov. 21.—The World says: New legal complications threaten the Northern Securities company in its scheme to unify all the great railroads of the Northwest. Holders of preferred stock of the Northern Pacific road have announced that they will bring suit to prevent the combination. They will base this action on the ground that the board of directors of the Northern Pacific exceeded their power when they voted to retire the preferred stock.

This new complication overshadows in importance the threatened hostile action of Governor Van Sant and the legislatures of the Northwestern States through which the roads run. Any action by States is bound to be a long time in crystallizing, whereas law suits by stockholders are to be brought very soon.

WANTED—Sober and willing married man for steady work by Dec. 1st, to take charge of 2 horse delivery wagon. Address, "Delivery," care RECORD office.

Personal and General

The great Gentry show is billed for Tuesday next.

Crowley's new opera house was opened last night with the famous Ward's minstrels.

Crap shooting and too much bad whiskey among the negroes, generally ends by some of them getting murdered.

Every person connected with the rice industry should make it a point to attend the annual meeting of the Rice Association of America to be held at Crowley, Dec. 12.

Mr. Carnegie has offered to give Lake Charles a public library building to cost \$10,000, if the citizens will pledge themselves to maintain a free library at a cost of \$1,000 a year.

The Merchants' Protective Association, of Hazleton, Pa., has decided that hereafter none of the businessmen who compose it shall advertise in programmes of any description, and that their announcements shall be confined to newspapers. The association also denounced the indiscriminate purchase of tickets for raffles balls and entertainments.

The reported discovery of beds of nitrate of soda near Lovelock, Humboldt county, Nev., may prove of considerable importance. Chili at present furnishes the world's supply, and the use of the mineral for agricultural purposes is increasing, due to the results that have been gleaned in that all important matter of "mixing brains with the soil."

Fred Keyst was electrocuted at Auburn prison Wednesday morning. Father Kelley, one of the priests, came near being electrocuted with the condemned man. He was kneeling in prayer on a rubber mat upon which the chair rested when the signal was given to turn the current on. Warden Mead snatched him out of harm's way but not a second too soon.

MINE DISASTER IN COLORADO

It is Believed That Fully One Hundred Persons Have Perished.

Telluride, Colo., November 20.—What is likely to prove the most disastrous accident that has ever occurred in a metal mine in Colorado resulted today from a fire which burned the buildings at the mouth of the bullion tunnel, through which the Smuggler Union mine is worked and which filled the mine with deadly gas and smoke. It is impossible to give even an approximate estimate of the loss of life, but it is believed that it will reach nearly if not quite 100.

Twenty two are known to have perished. The day shift had just gone on duty, and before they could be warned of their danger the boys and the slopes were filled with gas. About half of the day force escaped.

A rescuing party cut a connection through from the main workings adjoining and took out part of the men. Although the buildings were partly consumed, the dense smoke continued to pour into the tunnel and it was not until 3 o'clock this afternoon that it occurred to the management to shut off the draft by blasting rock into the tunnel. It is believed by mining men that had this been done as soon as the fire started, a loss of life might have been avoided.

Embarrassing Experience

Three well known citizens of Lake Charles, or three men who claim to be well known citizens of Lake Charles, paid an involuntary visit to Crowley Tuesday afternoon and were entertained in a way which they will not soon forget. They were escorted from the desolate wastes surrounding Bayou Des Canes by Deputy Sheriff LeBlanc and lodged in jail on a charge of stealing timber from the bayou that was rightfully the property of the Abbott-Duson Canal Company.

Their names are O. T. Chindler, Chas. W. Doane and August Rose. Doane is said to be a well to do saw mill man and the other two are woodmen who gain a livelihood in the forest.

In their defense they say they were taking only sunken timber and claim that the government makes that public property. They were each placed under a \$150 bond which they had no difficulty in securing this morning. This morning they returned to their homes in Lake Charles.

Later.—Mr. Miron Abbott, of the Canal Company, after full investigation of the grievances of his firm today became convinced that Messrs. Chindler, Doane and Rose had not violated the law knowingly, if at all, and withdrew the charge he had preferred against them.—Signal.

\$5.00 Reward.

The above reward will be paid for the return to Jennings of the two ponies belonging to Oscar Lowe and N. L. Miller, now supposed to be in the neighborhood of China or Eiton.

GETTING TO BE VERY NUMEROUS

Two Passenger Trains Come Together, and the Usual Result.

Los Angeles, Cal., Nov. 21.—In a passenger train wreck on the Santa Fe railroad one mile east of Franciscan, Ariz., a switch station, twenty miles east of Needles, Cal., yesterday morning, seven trainmen were killed and three passengers and fourteen trainmen injured. Two limited trains, one east and one westbound, crashed together while running at full speed. The eastbound train was drawn by two engines, while the other train had but one locomotive. The three engines were crushed and blown to pieces by an explosion which followed the collision. Both the trains were made up of heavy vestibule cars, and while they stood the terrific shock well and protected the passengers to a great extent, several of the cars were burned.

The dining cars, one on each train, one Pullman and two composite cars were destroyed.

Good things come in small packages. That's why the El Cid Cigar is so popular, at Mitchell & Embich.

A Large Deal Anticipated.

There is a very large deal on hand between Heywood Bros. and E. E. Dobbins and Boehm Bros. Heywood Bros. & Dobbins are figuring on buying out the entire plant of Boehm Bros. The deal has not yet been closed, but as soon as the necessary arrangements can be made, it will be unless something occurs that has not yet been seen.

Contract to let for building two houses two miles from town. For plans and particulars apply to H. S. Wilkinson & Son, Jennings, La.

Hamilton.

The Hamilton is a shoe made in St. Louis by The Hamilton Brown Shoe Co., the largest shoe dealers in the world. It is a cheap Ladies' Shoe and sells for the low price of \$1.50. It has a leather inner sole and outer sole, and sole leather counters and a good Vici upper. It is made in all shapes to fit all feet. This shoe is guaranteed to be as represented or your money back. There is no shoe on the Jennings market that will equal the Hamilton. I handle a full line of The Hamilton Brown Shoe Co's. Shoes.

The quality and low prices, like found in the Hamilton is what has built up my shoe business. I have just ordered a \$3,000 line shoes for the Holiday trade.

Call and be convinced that we are the shoe people of Jennings.
