JENNINGS, LOUISIANA.

President, D. E. Sweet, Jennings, La.; Vice-President, Jno. E. Ross, Virginia, Ill.; Secretary, Aug. Colbert, Lake Charles, La.; Treasurer and Manager, T. D. Pollard, New Iberia, La. Board of Directors: D. E. Sweet, Aug. Colbert, Jas. Harrah, Elliott Farley, Jno. E. Ross.

PROSPECTUS.

In tendering this, our prospectus, we wish to avoid flowery, deceptive language, and to set forth in detail a few simple, plain facts, briefly stating what we have done, where we have operated and what we propose to do.

The Prairie Mamou Oil & Mineral Co. Ltd, domiciled at Jennings, Calcasieu parish, La. is a duly organized and chartered company, capitalized at \$200,000. Captain D. E. Sweet, president of the Jennings Banking & Trust Co., a man of unquestionable integrity and pronounced business success, is president of this company.

From the organization of this company it has been the purpose to select small plots of really oil lands throughout the oil belt of Calcasieu parish, ignoring in a measure large bodies of indifferent lands without promise, upon which leases could be procured at nominal figures. Following up this idea they have purchased,

First.—Twenty acres near the Hackberry well that is full of promise, the well being down near 1,000 feet, with every indication of success. The stock of this well is now at par value.

A peculiar feature characterizing this well, which lies thirteen miles southeast of Sulphur Mines is, that before the day when sulphur was extracted by heat a spring at Hackberry flowed very cold water, which today is almost as hot as hot coffee. We also purchased five acres near the Vinton wells which have struck several strata of oil, published to the world.

Second.—Finding unparalleled gas and oil indications on Bayou Blue, about fifteen miles north of Jennings, we purchased Bayou Blue Springs, covering a hill of about five acres on Bayou Blue. We also have forty acres three miles north of the Jennings Oil Well, where gas and oil abound and upon which it was at first intended to sink a well. But the climax was struck when after much labor and time had been spent, ANSSE A. LA BUTTE, the SPINDLETOP of Mamou Prairie was secured, and this is a real Spindle Top in every sense. This six acres lies within a mile of Bayou Cane, tributary of Mermentau river and just north of Mermentau station where the Southern Pacific railway crosses the Mermentau river, giving easy and cheap access to an outlet to market.

This is where the Prairie Mamou Oil & Mineral Co., Ltd will within the next 30 days begin to sink a well with the promise in advance of a gusher. It is about one-fourth of a mile south east of the noted gushing well of the Jennings Oil Co.

We intend to bore our second well on Bayou Blue. We have leases upon several hundred acres of lands on which we would bore in event others see fit to develop any adjacent thereto and meet success.

The Company will offer 50,000 shares for sale at 50 cents per share for a short time. Par value of shares one dollar each. We would much prefer to sell these shares to home people.

Andrew Jackson's Pedigree.

The Memphis Commercial-Appeal has been delving into the life of Andrew Jackson with startling results. A correspondent writes to the paper that its legend "giving the pedigree of Jackson, running back many centuries to the Scottish kings, making him a descendant of Sir Robert Bruce, is the boldest venture into the unknown past to be found in historic mythology."—Detroit Free Press.
