

A Good Habit

The habit of buying of Hebert & Andrus, the Southside general merchants, is a good habit to get into. They sell everything usually kept in a first-class general store, and on account of their large trade they are constantly receiving new goods, which you will always find fresh and clean. Since doubling the size of their building they have received a new stock of UP-TO-DATE Dry Goods, Ladies' and Gents' Furnishings, Shoes and Notions. Our GROCERY and PROVISION DEPARTMENT is filled with good things to eat.

HEBERT & ANDRUS.

FOR MALARIA, CHILLS AND FEVER.

The Best Prescription Is Grove's
Tasteless Chill Tonic.

The Formula Is Plainly Printed on Every Bottle.
So That the People May Know Just
What They Are Taking.

Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called "Tasteless" chill tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.

Two thousand eight hundred acres rice, also water furnished by one farm, brought the sum of \$100,000 worth of rice last year and year before. Four thousand acres last season, with some additional water furnished, will sell \$200,000 worth of rice. This is not so bad an investment and was done near Lake Charles, too.—Press.

Labor wanted on sugar plantation, cane cutters and loaders. Apply at RECORD office.

El Cid Cigars are small, but good, at Mitchell & Embich.

Killed by Live Wire.

The storm of yesterday reached very destructive proportions at Lake Charles terminating the life of one human being and two horses by live wires. The rain came in torrents, hail fell and the wind blew a perfect gale, forcing everybody that could seek shelter. The storm was at its height at about 6:45 p. m. and raged until 7:15 during which a vast amount of damage was done. The wind did all the damage in a few moments; telegraph and telephone poles, fences, awnings, chimneys and signs were laid low, the business portions suffering the most.

As Rosalie Hebert and M. Farque of Big Lake were going along the street in front of the Lake Charles Carriage & Implement Co. Mr. Hebert came in contact with a live wire on the sidewalk and was instantly killed, Mr. Farque undertook to assist him and was also terribly shocked. Mr. Hebert was a young well-to-do farmer of Big Lake and left a young wife who is nearly crazed with grief.

A handsome bay hack team, belonging to the Swift-Kirkwood Co. and driven by Joe Berry came in contact with a live wire in front of the Press office, and both horses were killed, but the driver, although considerably shocked escaped. The team was valued at \$250.

Quite a large number of logs were blown to shore north of Broad street from Bel's mill; The Str. Romeo was damaged to the extent of \$50, but not disabled from making her regular trips. Quite a slice of the mail wharf was blown into the lake; the Merry-go-round was badly used up; A big tree between O. E. Moore's office and G. T. Rock's new building was blown against the stairway; Beny Thompson's barn blew down, the entire structure fell on his cow and he had to dig her out through the roof. She was not injured, and there were numberless other incidents of destruction in the same line, all of which it is impossible to enumerate. The current was shut off at the power house and the city was in darkness for the night.

The storm, judging from information received at the Record office by telephone yesterday evening, did more or less damage along the Lacasine, and at the Monroe plantation near Lakeside, it upset a few buildings. Fortunately no lives were lost. The storm took a course toward the gulf, and perhaps, did considerable damage to property.

Something Long Needed in Jennings.

Pegue & Bonnin have made arrangements to receive fresh each day, Kansas City meat, which they will handle at their new market, or deliver to any house in the city. 255d

Young and middle-aged men smoke El Cid Cigars, at Mitchell & Embich.

We have it, have you? Grass matting. The Jennings Hardware Co.

Drainage Canals.

We have been informed by reliable parties that J. B. Watkins is having several dredge boats constructed for the purpose of dredging drainage canals through his large tract of land lying south of us to White lake. If this project is put through it will give the Gueydan section thousands of acres of the best rice land in the world. We with many others feel very happy over this information.—Gueydan News.
