Union Oil and Development Co., Ltd.

Capital Stock, \$200,000—Jennings, Louisiana

This is one of the strongest companies financially there are, or will operate in the Jennings field. Its officers are all men of exceptional business ability and its holdings are of the best, consisting of 250 acres, constituting the Big Spring farm, formerly owned by Cooper & Lehman, lying southeast of Jennings and adjoining the Southern Pacific right of way, making the site unequalled for the speedy and economical handling of the product. This is a big saving to stockholders.

The derrick is now being constructed and the contract for drilling is being let. Work will commence very shortly.

A limited number of shares in this company are now offered for sale at 50c per share, par value \$1.00. Fully paid and non-assessable.

LANDS FOR SALE.—About 80 acres adjoining the well site has been subdivided into tracts ranging from 2 1/2 acres up, and are now offered to purchasers at a reasonable price. This is a fine opportunity to get a splendidly located small tract.

THE PHILIPPINE TARIFF

Chairman Payne Presents His Bill to His Committee.

TWO NEW FEATURES

The Measure Is Drawn to Meet the Conditions of the Recent Decision of the Supreme Court—Mr. Choate to Succeed Hay.

Washington, Dec. 10.—Chairman Payne of the ways and means committee presented to his republican colleagues of the committee on the revenue tariff bill for the Philippines, which he had drawn to meet the conditions of the recent supreme court decision. Republican members of the committee met and discussed the subject. This meeting was executive and preliminary to a full meeting of the committee tomorrow morning, when the Philippine tariff measure will be submitted to the Democratic members and then voted upon.

The Payne bill is quite brief, with two main features, viz., applying the Dingley law as against Philippine exports to this country and applying the Philippine commission's tariff schedule to goods entering the Philippines. A further section grants a rebate of customs tax on goods which have paid internal revenue tax in this country. There is no provision in the measure that it shall be temporary, so that the rates, if imposed, will be applicable until congress otherwise acts.

Choate May Succeed Hay.

New York, Dec. 10.—Many Republicans in New York state have not been able to understand why Ambassador Joseph H. Choate has prolonged his vacation in this country. It has been said in Washington that if Mr. Low had been defeated on election day President Roosevelt was to have appointed Mr. Low ambassador to Great Britain.

Another story is out today from Republicans who have talked with President Roosevelt within the last few days. They said they believed that President Roosevelt is to appoint Mr. Choate to be secretary of State in place of Secretary Hay, who may possibly take Mr. Choate's place as ambassador.

The Senate.

Washington, Dec. 10.—After the usual preliminary business in the senate yesterday which included the presentation of numerous petitions, memorials, bills and joint resolutions, Mr. Gallinger of New Hampshire asked for reprint of the document relating to ecclesiastical holdings in the Philippines. He said there was great public demand for this publication. The reprint was ordered.

Senator Hoar presented a joint resolution authorizing the president to enter into negotiations with civilized nations for the purpose of confining persons attempting the lives of chief magistrates.

Presidential Appointments.

Washington, Dec. 10.—The following appointments were sent to the senate: Medical director—William K. Van Reypen.

Surgeon general and chief of bureau of medicine and surgery—Capt. Royal B. Bradford.

Chief of bureau of equipment, with the rank of rear admiral—Captain Charles O'Neil.

The following were appointed postmasters: Arkansas—Henry M. Sugg, Dardanelles; Thomas D. Hawkins, Morrilton; James B. Snodgrass, Paragould; Samuel Davis, Russellville; Aaron L. Thompson, Springdale.

Indian Territory—Benj. L. Robertson, Purcell; George R. Roderick, Holdenville.

Texas—John W. Bell, Beeville; Henry D. Bennett, Del Rio; Augustus S. Davis, McGregor; George J. Elam, Martin; Nathan Leavitt, Stamford; Wm. B. Howard, Sweetwater.

Sensation Was Postponed.

Berlin, Dec. 10.—Dr. Hasse, the Pan-German leader in the reichstag, has been defeated, at least temporarily in his purpose of bringing the Edinburgh speech of British Colonial Secretary Chamberlain before the reichstag, by the sudden and possibly diplomatic illness of Dr. Von Thielmann, the secretary of the treasury. It was Mr. Hasse's intention to start a discussion on Chamberlain's remarks during the interpellation today of the subject of veterans' pensions. An exciting session was expected, but the sensation was postponed by the announcement that Dr. Von Thielmann, who was to have replied to the interpellation, is suffering from influenza.

Martinelli's Probable Successor.

Washington, Dec. 10.—The reported assignment of Monsignor Scalabrini of Placenza, Italy, as the successor of Cardinal Martinelli, the papal delegate in this country, is regarded as very improbable. Monsignor Scalabrini is regarded as one of the ablest ecclesiastics of the church in Italy.

GREAT BOER MEETING

Sympathizers Gather at Chicago and Will Make Protest.

SPEECH BY COCKRAN

Although a Small Admission Was Charged There Was Not Standing Room—Money Raised for Women and Children.

Chicago, Dec. 10.—Program of protest against British methods in the South African war was carried out before an immense audience in the Auditorium Theatre here Sunday night. Following an eloquent address by W. Bourke Cockran, and earnest speeches by others, resolutions for the appointment of a committee to bring the sentiments of the meeting before the president were adopted.

Although an admission was charged, the funds being intended to aid the Boers and especially their women and children, standing room was at a premium and many were unable to gain admittance.

The program opened with the song, "The True Heart," sung by 19 German singing societies of Chicago. Dr. Hiram Thomas, head of the People's church, followed with a prayer for the women and children in South African prison camps. Then followed short addresses by Judge Theo Brentano and Judge Murray Tuley, chairman of the Chicago branch of the Transvaal league under the auspices where the meeting was held.

There were 500 people on the stage when Mr. Cockran the orator of the evening, arose and bowed in recognition of the tumult of applause which greeted him. He spoke at length and time and again was compelled to stop until applause ceased.

The meeting closed with a remarkable demonstration. Following a speech by Bishop Spaulding of Peoria, Ill., the great audience roared its approval of the Boer cause, the cheering being long and continued and then contributions were asked for the relief of the stricken women and children in the South African camps. The first response was a check for \$500 sent up by a man who requested that his name be withheld. Then followed checks for \$100, the contributors of this amount being numerous.

When smaller sums were asked for, money came freely from all parts of the great auditorium. The total amount raised was something over \$500.

The following resolutions were adopted:

"Resolved, that we as American citizens, believing that the wanton destruction of property of non-combatants by British military authorities in South Africa (without precedent in modern times, save by English officers in the war of the American revolution) is a source of needless suffering to the people of the South African republics and without advantage to the military operations of the British army, and that the slaughter of the helpless and innocent, caused by English prison pens, is a causeless outrage upon the humanity of the civilized world which amply justifies concentrated remonstrance by American and European states; and believing that the rights and obligations of common humanity are not determined by geographical or political limitations; and regarding the treaty of 1871 as made to be observed by England as well as by America, do most solemnly remonstrate and protest against the acts of the English government.

"Resolved, that we, and each of us, do hereby pledge ourselves to use our utmost powers to make this, our protest, known to our several representatives in the American congress, and to cause a copy of these resolutions to be brought to the attention of the president of the United States with our most respectful but urgent petition that the treaty of Washington of May 8, 1871, be strictly enforced, and that the use of American ports and waters be henceforth denied to vessels operating under British charters for the augmentation of supplies of war; and that the president of the United States will employ every possible means to bring to an end the horrors of concentration camps and a warfare which by its unexampled ferocity and enormous cost of life and treasure has astounded the civilized world.

"Resolved, that the chairman be authorized to appoint a committee of citizens of Chicago to call the attention of the president to these resolutions and inform him of the sentiment of the citizens of Chicago, and that such committee shall have power to add to its number citizens of other portions of the United States."

A resolution was also adopted commending Governor Yates of Illinois for issuing a proclamation calling for assistance for the occupants of concentration camps in South Africa.

WORK OF CONGRESS.

No Special Programme Mapped Out for the Present Week.

NEW CANAL TREATY

It Is the Only Measure of Importance to Come Before the Senate—The Philippine Tariff May Come up in the House.

Washington, Dec. 10.—The only measure of importance which the senate has on its calendar for this week is the new Hay-Pannecote treaty, making provision for the abrogation of the Clayton-Bulwer treaty and opening the way for the construction of an isthmian canal by the United States. Acting for the committee on foreign relations Senator Lodge will ask the senate to go into executive session to-day for the consideration of the treaty and each day hereafter until the convention is disposed of.

It can be said that the treaty will be ratified, and it now looks as if this result would be secured after comparatively little delay. There will be some debate and some features of the document will be closed as undesirable, but there is no probability of captious opposition.

Beyond the consideration of the treaty very little business will be undertaken before the holidays. It is now generally agreed that the question of reciprocity will go over until January, probably without so much as being mentioned.

The nomination of Attorney General Knox will be reached at the first executive session, but immediate confirmation will probably be antagonized by some senators.

The house will probably pass the measure to meet the situation created by the Philippine decision of the supreme court. Up to the present time, however, the Republican members of the ways and means committee have not decided upon the character of the measure which will be reported. A difference of opinion exists to what should be done.

Mint Director's Report.

Washington, Dec. 10.—The report of Geo. E. Roberts, director of the mint for the fiscal year ending June 30, 1901, shows the coinage amounted to 176,999,132 pieces of the value of \$136,340,781. Of this \$99,065,715 was in gold, \$24,298,850 in silver dollars, \$10,963,648 in fractional silver and \$2,093,568 in minor coins. There also were coined at the Philadelphia mint 225,000 gold pieces of the value of \$349,014 for the government of Costa Rica.

The estimated production of gold in the United States during the calendar year 1900 was of the value of \$79,179,000, and notwithstanding the fact that this country led the world in production, its imports exceeded its exports by \$12,866,010. The production of North America, practically all of which comes to the United States, was \$116,051,500.

The world's coinage of gold in the calendar year 1900 was \$354,935,497 and of silver \$177,011,902.

The industry consumption of gold in the United States during the calendar year 1900 is estimated at \$16,367,500, and of the world approximately \$75,000,000. The stock of subsidiary coin in the country is limited by law to \$100,000,000 and on Nov. 1, 1901, the existing stock was \$90,313,512.

It is suggested that the limit of the country's stock of subsidiary coin be raised to at least \$120,000,000. No good reason is apparent, says the report, why the coinage of dollar pieces should not be allowed to cease and all of the silver on hand be used in subsidiary coinage.

Negro Deserter Killed by Native.

Manila, Dec. 10.—Native scouts from Bengabon, province of Nueva Ecija, have killed the American negro, David Fagin, a deserter from the Twenty-fourth (colored) infantry, who, for more than two years, has been leading Filipinos against the American troops. The native scouts decapitated their prisoner.

A military commission sentenced the Filipino general, Isidore Torres, to be hanged after finding him guilty of ordering the assassination of Corporal Fieldner of the Twelfth infantry of Malolos, province of Bulacan, last October.

Killed by a Train.

Kansas City, Dec. 10.—Sherry W. Marshall, receiving teller of the National Bank of Commerce for several years, was struck by a Frisco passenger train from which he had just alighted at Lacygne, Kan., Saturday night and died of his injuries. Mr. Marshall was one of a party of Kansas City business men who had gone on a hunting trip.
