THE QUESTION

whether the Twentieth Century has begun, or whether we are still in the closing year of the Nineteenth, is not nearly so important to the business man of 1900 as

THE VITAL QUESTION

whether or not he will bring the splendid resources of the

NEW CENTURY

to his aid in increasing the quantity and quality of his typewritten work. The NEW CENTURY stands for more work, more speed, 25 per cent less labor and 25 per cent less fatigue.

GOLDEN CHANCE FOR CAPITAL.

I have for sale the largest irrigation plant in Calcasieu parish, located within one-half mile of the corporate limits of Jennings. The plant is well established, and has just added new pumping machinery with a capacity of 12,500,000 gallons of water per hour. Will furnish water for irrigating 12,000 acres of rice this season.

Everything in connection with this plant is in first-class condition. The canals now completed aggregate 29 miles, and the farmers located along its lines are of the intelligent and thrifty classes. This plant paid its stockholders a dividend of 20 per cent last year. For further particulars see or write to

The Revival Meetings.

A fair congregation, splendid singing and a good meeting is the report that comes to us of the service at the Congregational church last night. The theme was the greatest of all themes, "The Love of Christ." The proof of this love was found in what it had done. First, it pitied, then it planned to help, then it came to us, exchanging the glories of heaven for the curses of earth. Then it lived among us a life of love, relieving distress, curing sickness, casting out the devil, teaching us the truth of God and heaven and redemption from sin. Then it gave itself a sacrifice for sin on the cross—then it returned to men to show that His offering was real; then it ascended up to the throne of God, there to appear for us; then it sent back the great invitations of love, and other voices join with His, urging us not to let anything come in to rob us of the beautiful and eternal home which He has prepared for us.

Meetings at 3 p. m.; young peoples' meeting at 4; and preaching at 7:45. All cordially invited.

Temperance Lecture.

Mrs. M. W. Newton, a national organizer and lecturer of the W. C. T. U., will speak in the M. E. church, Wednesday evening the 26th, at 8 o'clock. Everybody invited to hear her.

St. James Rectory, Leesburg, Va., March 10, 1900.

It gives me great pleasure to endorse the methods of work and way of presenting the cause of temperance by Mrs. M. W. Newton.

I look back to some years ago when I first met her in Upperville, Va., and realize now that the arousing of my zeal in the great work began after hearing her speak in my church. May God help her and make her a blessing for many years to come.
