Short Talks On Advertising

By Charles Austin Bates.

No. 44.

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lived, and it would never gain a pound.

"Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive."

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It is the extra five pounds that brings profit. The first five pounds amount to nothing, nor does the second, or third, or fourth five pounds. It is about the same way with advertising. You have to

The recent law enacted by the Iowa legislature by which power habitual drunkards may be arrested and committed to the insane asylum for two years, and be placed in the inebriate ward therein, has worked wonders among the old toppers and drunkards here and in this county, and will do more good towards solving the drink habit than any previous law upon the statute books. A number from this county have already been taken to the Mount Pleasant asylum, and their confinement at that place has so alarmed and scared their fellow toppers that a scarcity of arrests for intoxications is already noticeable and more pledges have been made than ever before.— opeka Herald.

THE WORST FORM.
Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill of Troy, I. T., writes: "For a number of years, I was troubled with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from digestion and dyspepsia. Take a dose after meals. It digests what you eat." The Owl Drug Store.

Score 5 to 1.
The above score tells the story of how the "For-get-me-not" wins over all other brands of 5c. cigars. This is an easy game for the For-get-me-not and the Owl Drug Store, at the same time a very pleasant one for the smokers buying this cigar. 148 Market street.
