RISEN FROM THE ASHES.

One year ago today the best portion of the business part of Jennings was destroyed by a terrible fire. At half past two o'clock in the morning the people were aroused from their peaceful slumbers by the alarm of fire. It was but a few moments until an immense crowd had gathered on Main street at the scene of the conflagration which in an hour and a half reduced five blocks of business houses to ruins.

Five blocks one year ago constituted more than one half of the business portion of our city. On the day of the fire our little city presented a very gloomy aspect, but Jennings people are not of the gloom harboring sort, and before the day had passed a number of business men were planning for new substantial business buildings, and some were at work erecting temporary shacks for immediate use. The greater number of these have been removed.

Look at Jennings today. Instead of two brick buildings, the one of G. H. Morse & Son and the E. F. Walker building, we now have a number of fine ones, among them being in the order of their prominence, the Citizens Bank, Black Brothers & Co., First National Bank, Coffin-Jaenke Implement Co., G. M. Chapman building, occupied by the Louisiana Machine & Well Works Co., A. D. McFarlain's building, occupied by the Acme Supply Co., Calcasieu Implement Co., J. H. Cook & Co's. livery stable.

Every state of the Union, excepting Maine, Oregon and Vermont, an election of some sort is in progress today. In twenty one states full tickets of state executive officers and legislatures are to be elected, minor executive officers in eleven, and legislatures in two. It is an off year in politics and the election is involved in much uncertainty. To the usual influences of an off year have been added the effects of the miners' strike and of a growing feeling against the Dingley tariff.

Forty-two states are voting for representatives to the Fifty eighth congress, 278 in all, the total membership having been increased by the reapportionment under the twelfth census to 336. Eight members, all Republicans, have already been elected four from Maine and two each from Oregon and Vermont. For congress there are 370 Democratic nominees, while the Republicans have 333, and the Prohibitionists 96 in 16 states. The Democrats made no nominations in two New York districts and in four Philadelphia districts, while the Republicans put up no congressional candidates in Florida, Georgia, Mississippi and South Carolina, and in only one district in Arkansas, one in Kentucky, one in Louisiana, three in Illinois, three in Tennessee, five in Texas and two in Virginia. Two women are among the candidates. They are Mrs. Mary Burkhardt, the nominee of the Prohibitionists in the Tenth Kentucky district, and Miss Ida Hazlett, the Socialist candidate for Congress at large from Colorado.

A nonpartisan poll of the entire country leads to belief that the Republicans will probably be able to control the organization of the House, through by a very narrow majority. To win the control the Republicans must elect 194 members. One hundred and seventy districts are admitted as reasonably certain to go Democratic, and with fifteen doubtful districts, the margin for the Republicans is conceded to be exceedingly close. A gen-

eral Democratic drift in the East, accompanied by a heavy vote for Coler in New York, approaching the 111,000 majority which Cleveland received ten years ago, would sweep the Republican majority in the House away entirely, giving the Democrats control.

PLANS FOR SCHOOL HOUSES.

The State Superintendent of Public Instruction has just completed arrangements with Messrs. Barret & Thompson, architects, for the preparation of five plans for public school houses of one, two three and four rooms. There will be two plans for the four-room house, one for a single story and the other for a two-story house. Accompanying each plan will be a full bill of materials and specifications. These plans, together with the bill of materials and specifications, will be published in a bulletin on Improvement of School Houses and grounds, to be issued from the office of the State Superintendent the next month or two. They will also be published in the next report of the State Superintendent.

The cost of these houses will range from \$250 to \$1,500. So far as possible they are to be constructed in accordance with the modern principles of light, heating and ventilation, with a due regard to beauty of architecture and the greatest possible economy. There is no doubt that they will prove of great service and will result in marked improvement in the comfort, beauty and convenience of the public school houses of the state.

Objects to Its Assessment.

A petition has been filed with the clerk of the court by the Union Sulphur company, alleging that the assessment of its property in Calcasieu parish for 1902 is excessive and not in conformity with the constitution and laws of the state for the reason it violates the rule of equity and uniformity of value, and is assessed higher proportionately than property of the like kind and character situated in the territorial lines in which said taxes are levied. The petition further states that 41.32 acres, together with improvements located thereon have been valued for taxation at \$70,000, while same is excessive by at least \$45,000. The petitioner further states that the petitioner is entitled to a reduction of said assessment for the reason that the same is excessive.

A Thanksgiving Dinner.

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, produce a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. Gauthier Bros., Owl Drug Store.

Our friend, the popular millionaire, young, business man, Mr. Chas Kitchen and wife paid a visit to Lake Charles to see the Buffalo Bill show, and he says that the improvements in Lake Charles would make Jennings people green with envy. When he got there they took a cab for up town and when they reached their destination Mr. Kitchen gave the cabman \$1.00 and he called for another \$1.00 so he had to cough up \$1.50. He says the cabmen at Lake Charles are educated, for he had a lot of silver dollars in his pocket when he went over there, but every where he went he paid a dollar and got no change back. He came home so much in love with Lake Charles that he was whistling "I don't know why I Love You."

National League Trials.

New York, Nov. 8 The members of the National League Club of America have assembled at Mineola, L. I. for their thirteenth annual trials. It is said to be the largest assembly of the kind ever held. In addition to the large contingent from New England and the East the state of Louisiana, Illinois, Ohio and Iowa are well represented. The chief event on the week's program is the contest for the National Challenge Cup, forpricks of four, and which must be won four times in succession before it becomes the property of the winner.

Yanger And Callahan Again.

Chicago, Ill., Nov. 8—Benny Yanger, the undefeated featherweight, and Tim Callahan, who fought six rounds at Philadelphia two weeks ago, will come together again tonight in this city. The boxers were not satisfied with their bout in Philadelphia, as no decision was rendered and each claimed the honors. They are considered evenly matched and as both appear to be in excellent condition a lively six round contest is expected.

Kitchner opens Gordon College.

London, Nov. 8—Official advice from Khartoum tell of the formal opening there today of Gordon College, for which plans have been making for a number of years past. Viscount Kitchener, to whom more than to any one else the success of the undertaking is due, was the central figure in the inaugural ceremonies and among the other participants were leading representatives of the Egyptian government.

Mgr. Riordan Coming Home.

Rome, Nov. 8—Archbishop Riordan, of San Francisco, concluded his stay in Rome today having finished the transaction of business at the Vatican connected with the affairs of his archdiocese. Before sailing for the United States the archbishop will spend two weeks in Ireland. The journey homeward will be made in company with Father McSweeney, of Oakland, Cal., who has been on a tour round the world.

To Study American Methods.

Berlin, Nov. 8 Commercial Councillor Heckmann departed today for the United States as a commissioner of the Berlin chamber of commerce to study American commercial and manufacturing methods. His plan is to spend several months in the United States during which time he will visit the leading industrial centres of the country.

Capt. Brownson Takes Command.

Annapolis, Md., Nov. 3 There were no special ceremonies at the naval academy today when Capt. W. S. Brownson assumed his new duties as superintendent of the institution. Capt. Brownson succeeds Commander Richard Wainwright, who has been given a sea command.

On The Fighting Callender.

Williamsport, Pa., Nov. 8 The Williamsport Athletic club has completed arrangements for its initial boxing show tonight. he wind up of the program will be a 20-round go between Patsy Corrigan and om Carey. he winner will be matched to fight "Philadelphia Jack" O'Brien.

Cured of Piles After 40 Years.

Mr. C. Haney of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. Dewitt's Witch Hazel Salve cured him permanently. It cured hemorrhoids, piles, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name Dewitt on the package all others are cheap worthless counterfeits.—Gauthier Bros. Manager of Owl Drug store.

THE DAILY RECORD

Telegraphic Service...

THE RECORD wishes to call the attention of its readers to the telegraphic service it is receiving, giving the latest of the world's most important happenings at least twelve hours sooner than they can be read in any paper coming to the city from the east or west.

In addition to the telegraphic service of the

Union Associated Press

the paper receives a

Special NEWS Service

from the

Bulletin Press Association

of which the RECORD is a member and has the exclusive service for this territory.

While the Union Associated Press is equal to any regular telegraph news service, this

Double Service

gives the RECORD a decided advantage in securing news.

THE RECORD

is glad to note that the majority of its readers appreciate its efforts to give them a clean readable and up-to-date daily paper, and while the telegraphic news is received at a great expense, the management feels that the paper would not be keeping abreast with growing Jennings without it.
