HOW TO PREVENT CROUP.
It will be good news to the
mothers of small children to learn
that croup can be prevented.
The first sign of croup is hoarse-
ness. A day or two before the
attack the child becomes hoarse.
This is soon followed by a pecu-
liar rough cough. Give Cham-
berlain's Cough Remedy freely
as soon as the child becomes
hoarse, or even after the rough
cough appears, and it will dispel
all symptoms of croup. In this
way all danger and anxiety may
be avoided. This remedy is
used by many thousands of
mothers and has never been
known to fail. It can always be
depended upon and that it is
pleasant and safe to take. For
sale by Phenix Drug Store.

What's in a Name?
Everything is in the name when
it comes to Witch Hazel Salve.
E. C. DeWitt & Co. of Chicago,
discovered, some years ago, how
to make a salve from Witch Hazel
that is a specific for Piles. For
blind, bleeding, itching and pro-
truding piles, eczema, cuts,
burns, bruises and all skin dis-
eases DeWitt's Salve has no
equal. This has given rise to
numerous worthless counter-
feits. Ask for DeWitt's—the
genuine. The Owl Drug Store.
