A TIMELY SUGGESTION.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to the children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by Phenix Drug store.

Important Meeting.

There will be an important meeting of the board of directors of the Commercial League tonight. The question of good roads is to be considered further and the selection of delegates to attend the convention of the Commercial Body of the states of Texas, Louisiana and Mississippi to be held in New Orleans January 14 and 15, in conjunction with the Southwestern Passenger Agents. It is especially desired that every member of the board be present. This is the last meeting of the board to be held this year.

Secretary Dodsworth requests all stock holders to send in their pass books, with their installments paid up to Dec. 31, 1902, as the books will be closed tomorrow for the semi-annual statement.

HOW TO PREVENT CROUP.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It can be purchased upon receipt of 10c for a trial sample. For Chamberlain's Cough Remedy, see advertisement in this issue.
