LOOKING BACKWARD.
 Jennings has no reason to feel ashamed of the year 1902, that is now about to close. There is considerable difference in our little city, speaking from a business standpoint. Look at the progress in the way of new buildings that have been completed, and other buildings that are under consideration, and our new city hall is nearly completed and work on the new hotel building is now under way.
 We now have a few more business houses than we had a year ago, and in addition a large number of people have settled here, which adds to our prosperity, and while we are en passant let us not lose sight of the fact of the Jennings Building & Loan Association and the Commercial League—an organization that never sleeps, but is continually at work for the interests of our city.
 Take it as a whole the year 1902 has been a good one for our community. True we have had a partial crop failure, but our interests are continually advancing. It is the sincere wish of the RECORD that we will continue to prosper, and that the year 1903 will be red letter one in our history.

What's in a Name?
 Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. The Owl Drug Store.

All the News!
Telegraphic Service . . .

THE RECORD wishes to call the attention of its readers to the telegraphic service it is receiving giving the latest of the world's most important happenings at least twelve hours sooner than they can be read in any paper coming to the city from the east or west.

In addition to the telegraphic service of the **Union Associated Press** the paper receives a

Special NEWS Service

from the **Bulletin Press Association** of which the RECORD is a member and has the exclusive service for this territory.
 While the Union Associated Press is equal to any regular telegraph news service, this

Double Service gives the RECORD a decided advantage in securing news.

THE RECORD
 is glad to note that the majority of its readers appreciate its efforts to give them a clean readable and up-to-date daily paper, and while the telegraphic news is received at a great expense, the management feels that the paper would not be keeping abreast with growing Jennings without it.
