DESIRABLE TOWN RESIDENCE

**For Sale or for Rent.**  
**MY FAMILY RESIDENCE** in the town of Clinton, in which I am now living, including the entire premises, lot, dwelling house, kitchen, store-rooms, carriage houses, stables, cribs, and flower and kitchen gardens, besides all other appurtenances necessary and convenient for a comfortable family residence.

The lot is situated just near enough to the public square to be both convenient and retired; measures seventy-five feet front by three hundred back, bounded on the east, north and south by a public street, and on the west by the residence of D. C. Hardee, Esq.

The dwelling house is two stories high, is large and airy, raised several feet off of the ground, to admit the free passage of air underneath. It contains eight large rooms, four above, and four below; four measures eighteen feet square, and four are seventeen by eighteen. There are also two large halls, one above, and one below stairs. Also two balconies, both on the upper story, one in front, the other in the rear of the house, with a piazza on the lower story, fronting the street.

This house was built for a family residence, and every attention was paid to the construction of every portion of it, with a view to beauty of structure, comfort and health. No residence can be found in the Parish surpassing it in these particulars.

The kitchen is large and commodious, containing four extra rooms. There is a most excellent well on the premises, affording water in good quantities, amply sufficient for all family purposes.

The entire establishment built in the fall of 1853, is entirely new and in an admirable state of repair.

I will also sell all my kitchen and household furniture, comprising: sofas, chairs, tables, window curtains, of fine quality, selected for my own use, &c. &c., on the most reasonable terms, and in lots to suit the purchaser.

The house and fixtures are insured to the 7th of May, 1856. The purchaser will have the benefit of the insurance. A. LEVI.

STEAMBOAT DISASTERS ON THE WESTERN WATERS, AND STEAMBOAT DIRECTORY.

THE undersigned have now in course of preparation, a new Steamboat Directory, which will be issued in October next; the book will contain over two hundred pages, illustrated in the best style, and neatly bound in a durable manner. It will be one of the most interesting books ever published, and will be a book that will be interesting to all classes of people.—The Steamboat Directory will contain a complete list and description of all the Steamboats now afloat in the Western and Southern waters. The length, model, speed, power, and tonnage of each boat, where and by whom built, the name of the boat, with the trade she is in. Also the names of Captains and officers, her age, &c., &c. The Directory will contain a History of Steamboats and Steamboating on the Western waters, since the application of steam; also a sketch of the first boat built for the Ohio River, with the name of the builder commander and owner.

The River Directory will contain a list and description of all the Steamboat Disasters that have occurred on the Western and Southern waters, beautifully illustrated, with a list of all those who have perished by their burning, sinking and exploding, on the Western and Southern waters. The Directory will contain maps of the Ohio, Mississippi, Missouri, Illinois, Arkansas, White, Red, Ouachita, Yazoo, and other Rivers, with the towns and cities laid down, with correct distances; also, many other river and commercial items of interest the people at large. The book will contain the card of the various U. S. Mail Boats with the trade they are in, &c. The Directory will also contain a complete list of all the responsible steamboat licensed officers, their places of residence, &c. &c.; the new steamboat law, its requirements, with comments, showing wherein it benefits the incompetent officers, and injures the competent officer, &c., &c., and all the U. S. Supreme court steamboat decisions up to date; the rates and important commercial privileges, bills of lading, important decision of the U. S. courts in regard to freights lost and damaged, &c., &c., with many other things of interest.

The Directory will be illustrated in the best style, and printed in the best manner. The author has for six years been gathering together all the facts and items in regard to the numerous steamboat disasters on the western and southern waters, and now intends publishing them in a book form. The price of the book will be put at the low sum of one dollar. Ten thousand copies will be issued for the boatmen; all others desirous of subscribing, will have to do so at once, as none will be printed unless ordered in advance. The work is destined to have a circulation of over thirty thousand copies, as the publishers are receiving large numbers of subscribers, per mail, from all parts of the country, daily. Some of the oldest Boatmen, as well as most scientific men of the times, are contributors to the steamboat directory.

Pilots and Engineers, whom we may be unable to see, will please forward name, occupation, and residence, so as to have their names registered. Steamboat officers wishing to contribute for the work, must have their articles ready, before the 15th October which, when used, will be duly credited.

The directory will be issued in October, from the well known establishment of Washington & Co., Cincinnati, and will be an ornament to the parlor as well as steamboat.

All communications and letters should be addressed to

UNITED STATES REVIEW & STATE RIGHTS REGISTER.

IN CONNECTION with the usual matter, political and literary, contained in the United States Review, we intend to republish all the state papers extant on the question of state rights as announced in the Virginia Resolutions of '98 and '99. The publication will embrace also the works of standard writers, such as John Taylor of Caroline, whose works are now nearly out of print. These valuable political data will be carefully collected, and when completed, will furnish a complete constitutional history of our Federal Union. The subscription list of the "State-Rights Register" (the prospectus of which was issued under the approbation of the Democratic members and senators in congress) will be furnished regularly with the Review from this date, and we hope each subscriber will feel that he is performing a duty to a great and sacred political principle by extending the list of names already on our books.

It is time for us to go back to those pure principles upon which the great fabric of democracy rests; principles originated and defined by those who created, and best understood the true meaning of the constitution. It is time that the friends of state sovereignty should rally around some common nucleus, to resist the wild latitudinarianism of the age, and evident tendency of the republic towards concentration—to end at best in a mixed monarchy. It is time for each states-rights man to feel that he must give his own personal individual influence to the defense of the very corner-stone of our constitutional government.

We send the Review to the subscribers of the State-Rights Register, and feel confident that they will respond heartily to the call.

The true Democracy have a great battle to fight, a great principle of self-government to uphold, an inspired Constitution to defend. May each one of us feel that it is an individual duty.
