PLANTATIONS FOR SALE.

I OFFER, at private sale, the place where I now reside, situated in the Parish of East Feliciana, on the waters of Blue Creek, ten miles south east of the town of Clinton, containing two sections, with all the improvements thereon, consisting of a good dwelling, out houses, gin and mill, 240 acres being cleared; the place is a healthy location, well timbered and watered, and is as desirable as any in the parish. Either one or both sections will be sold to suit purchasers. Also: that fine tract of land, on which the late Elizabeth Chaney resided, sold at Probate sale on the 24th November last, situate on the Amite river, in the above named Parish, 13 miles from the town of Clinton, containing 640 acres good dwelling, gin, negro cabins, and other out houses, between two and three hundred acres being open and under good repair. For terms apply to the undersigned, on the premises.

A CARD.

HENRY S. BEECHENO begs to return his sincere thanks to his friends, and the inhabitants of East Feliciana, generally, for the kind and liberal patronage bestowed upon him since he commenced business in Clinton, and assures them no exertions shall be wanting on his part to merit a continuance of the same.

H. S. Beecheno is fully prepared to supply planters, and all others with every article in the Drug business, and from his long experience in that line, combined with a practical acquaintance with chemistry in all its branches, merely requests a trial as a test of his qualifications. An accurate analysis of mineral waters will be granted gratis, to those desirous of having it made.

PHYSICIAN'S PRESCRIPTIONS are dispensed with neatness and promptitude, and with great care as to labelling, and the minor details.

A constant supply of the choicest brands of Wines and Spirits, on hand, for MEDICAL PURPOSES, only.

A large quantity of Ale and Porter, (first rate quality,) continually coming to hand.

H. S. B. does not feel disposed to advertise the exact quantities of Drugs he has received lately, fearing he might possibly under-rate it, and not do himself the justice he is so anxiously seeking.

CONSUMPTION, SUCCESSFULLY TREATED BY INHALATION OF MEDICATED VAPORS, BY JOHNSON STEWART ROSE, Fellow of the Royal College of Physicians and for years, senior Physician in the London Royal Infirmary for the diseases of the lungs.

In this age of progress, medical science has contributed her full share to the general welfare, and that which shines resplendent, the brightest jewel in her diadem, is Medicated Vapor Inhalation, in the treatment of consumption and kindred affections; the treatment heretofore pursued has been faulty and woefully inefficient; the stomach being made the receptacle of nauseous compounds, oils, and a host of other nostrums; all these being expected to act upon the lungs! the failure to eradicate, or even to stop the ravages of the disease, in nearly every case of well developed consumption, is surely warning enough to the consumptive to seek such a treatment. The disease is not in the stomach, but in the Lungs! common sense will then at once teach you that medicine applied in the form of Vapor directly to the diseased surface of the lungs, will be far more effectual in removing the disease than medicine taken into the stomach. In treating diseases of the lungs the success of the Medicated Vapor Inhalation exceeds my most sanguine expectations, and I earnestly appeal to the intelligence of all afflicted, or who may embrace the germ of the disease within them, to embrace at once the soothing, healing and successful system of Medicated Vapor Inhalation, as the Ark of Refuge for the consumptive. I offer to put it within the reach of all, and can so arrange it that the invalid is never required to leave home, where the hand of friendship and affection tends so much to aid the physician's efforts. Where there is life there is now assured hope for the most seemingly hopeless cases, as throughout all the stages of this insidious disease, the wonderful and beneficial effects of this treatment are soon apparent. In cases of Bronchitis, Asthma, &c., the inhaling of powders and vapors has been eminently successful, and to those suffering under any of the above mentioned complaints, I can guarantee certain and speedy relief. I have pleasure in referring to 207 names, residents of New York and neighborhood, who have been restored to vigorous health. About one third of the above mentioned, according to the patient's own statements, were considered hopeless cases. The Inhalation method is soothing, safe and speedy, and consists in the administration of medicine in such a manner that they are conveyed in the form of vapor and produce their effect at the seat of disease. Its practical success is destined to revolutionize the opinion of the medical world, and to establish the entire curability of consumption.

Applicants will please state if they have ever had blood from the lungs, if they have lost flesh, have a cough, night sweats and fever, &c.—what and how much they expectorate, what the condition of the stomach and bowels; the necessary medicine, apparatus, &c. will be forwarded to any part.

TERMS.—Five dollars, consultation fee. Balance of fee payable when patients report themselves convalescent.

RECOMMENDATION OF PHYSICIANS.

We, the undersigned practitioners in medicine, cheerfully and heartily recommend Dr. Rose's method of treating diseases of the lungs and thorax, as the best and most effectual ever introduced into medical practice. Our convictions are based upon having several of our own patients, confirmed consumptives, restored to vigorous health, after a few months treatment by Dr. Rose. In the above named disease, the application of Medicated Vapors is considered directly into the lungs, may justly be regarded as a great boon to suffering humanity, rendering consumption a perfect curable disease!

Dr. Rose deserves well of his profession, for his unweary labors in bringing the inhaling method to such a degree of perfection.
