Holman's Ague and Liver Pad, warranted to cure permanently every case of chills and fever, if directions are complied with. Liberal discounts to agents. J. M. STENGER, Agent for Chariton Co., Brunswick, Mo. Maj. Joe. Finks, of Fayette, paid his annual visit to Keytesville during his week. He is one of our old and favorite visitors, and is a candidate on the Democratic ticket for the honor of representing his county in the next legislature, and of course will be elected by a unanimous vote.

Mr. Wertz, who has been here for the past two or three months giving the band instructions in music, returned to Fayette Wednesday. Mr. Wertz is a very pleasant, agreeable gentleman, and made many friends here who regret very much that he has left us, and whose best wishes follow him wherever he may go. We were pleased to meet our old-time friend, A. W. Gilstrap, of Macon county, at our fair last week. Mr. G. is as genial as in days gone by, and he had on exhibition here some splendid stock. His fine young horse, Frank Leslie, received several premiums, among others first premium in the ring of fine horses all ages. Mr. Enoch Humphrey, of the same county was also present, and carried off some premiums on his stock. We hope to see them both back next year.

On the night of the 15th inst., the residences of several of our citizens were accented by some party or parties, who succeeded in getting away with some watches, jewelry, money, &c. This is the second time within the last year that Keytesville has been burglarized, which should be an admonition to all to use the greatest diligence and precaution to prevent a repetition of the offence. Money, watches and other valuables should be secured that even should an entrance be effected the thief would fail to find them.

The people who attended the fair Thursday last week could not fail to appreciate the excellent music furnished by the Fayette Silver Cornet band. The members came over Thursday morning, on a visit to our band boys, played several pieces at the fair during the day, and assisted in the concert at night. They have just received a new set of instruments, of the most approved style which are used in good taste; the members are all most gentlemanly, agreeable young men, and form one of the most pleasant organizations we have ever met. Our citizens will long remember them, and the sweet music they honored us with. Jewelry! Jewelry! Jewelry!!! Low down for cash, for the next 30 days. Full and satisfied. J. L. POTTS.

Judge E. J. Broadus, the Greenback Labor party's candidate for congress in this, the 10th congressional district of Missouri, will address the citizens of Chariton county at the following times and places, to-wit: Salisbury, October, 28th, 10 a. m. Keytesville, October 28th, 7 p. m. Pedee Grange hall, October 29, 10 a. m. Brunswick, October 30th, 10 a. m. Cunningham, October 30th, 7 p. m. By order of the Greenback county committee. A. G. Brooks, Chair'n.

From all parts of the country reports come of the immense sales and increasing demand for that desirable paper, the "Standard," the price of which the proprietors wisely reduced to \$20, including all the attachments, and at once secured for them a popularity among the people far beyond that ever yet attained by any other machine at any price, the consequence of which is, agents are leaving the old high priced machines, and seeking territory for the "Standard." Knowing from experience that with the best goods at the lowest prices they can outsell all other machines, where the superior quality and low price is made known. This splendid machine combines all the improvements. Is far ahead of all others in beauty and durability of its work, ease of management, light running and certain of operation, is sensibly made upon principles, with positive working points all steel, and can be safely put down as the very perfection of a serviceable Sewing Machine, in every particular, that will outlast any machine, and at a price far below any other. It is thoroughly warranted for five years. Kept in order free of charge. And sent to any part of the country for examination by the customer before payment of the bill. We can predict equally as large a demand for them in this section as in others. Families desiring the best machine manufactured should write direct to the factory. And enterprising persons wishing to seize the chance should apply for so desirable an agency. See advertisement in another part of this paper. Address Standard Machine Co., Cor. Broadway and Clinton Place, New York. 27-7-28-6.

War on the Montauk. (From the Fayette Advertiser.) A brief and not altogether bloodless battle occurred on John L. Jones' place three miles this side of Rocheport, last Thursday afternoon. Two men, Crow and Davis, who had been working as farm hands for Jones, fell out several weeks ago, and Thursday their quarrel resulted in Davis shooting Crow in the left shoulder with two charges of goose shot. Crow it seems had been turned off the day before the shooting occurred, by Jones, because he persisted in carrying a pistol to the field with him when at work. The next day Crow aimed himself by firing off his pistol in the woods adjoining, much to the discomfiture of Jones, Davis & Co., who proceeded to surround Crow in his stronghold with the view of capturing and disarming him. Crow, however, refused to surrender, but pulling down on his nearest antagonist, a son of Jones, he halted the young warrior and took a big navy revolver away from him. The remainder of the party thereupon incontinently fled, leaving Crow master of the situation. Davis feeling that his life was in danger, and claiming that Crow had previously bushwhacked him, swore out a warrant for his arrest. The constable, however, failing to make the arrest, Davis armed himself with a double barreled shot gun for self-protection. Returning to Jones' Thursday afternoon, he found Crow already there talking with Jones, whereupon he fired both loads into Crow's left shoulder, disabling him so that the constable, easily and without great danger of bodily harm to himself, served his warrant of arrest.

Crow was bound over in the sum of \$200 and now lies in the county jail suffering no little on his wounds. Davis was afterwards arrested on a warrant sworn out by Crow, and his trial took place before Esquire Pipes last Tuesday, resulting in his discharge.

Crow is said to have come from Illinois, and has been in this county but a few months. Davis is a native of Boone county.

Burglary. Tuesday night thieves made a raid on our quiet little city and succeeded in carrying away some jewelry, watches and money.

They entered Mr. D. K. Kellogg's house and carried his pants out doors, but only succeeded in finding \$25 in the pockets. At Mr. Jno. A. Lee's, our efficient deputy county clerk, the thief fared better, having secured a gold watch, a pearl eard case and a few dollars in money. Mr. Lee's clothes were also carried out in the yard. The watch once belonged to Mr. Lee's mother, and was therefore valued very highly. Mr. Allen's house was also visited, and the next morning our friend, Sam Allen, was missing a silver watch and a small amount of money. The door for window at Judge Smith's was found open the next morning, but at first nothing was found missing, and the judge came down town feeling "mighty" good that he had lost nothing. He said there was nothing in the room but a piano, and a bureau filled with baby clothes, and he supposed (thieves) had no use for such articles. His time was turned when he came down in the afternoon, it having been discovered that a nice set of jewelry, belonging to Mrs. Smith, was gone.

Some one was also at Mr. Wheeler's, but failed to get into the house.

Keytesville Band. Mr. Hill is sound on patronizing home institutions, and as an evidence of this fact he induced the musical young men of our town to re-organize the Keytesville brass band, and engaged their services for the fair. The result was that our young men did themselves and the fair great credit, by their excellent performance during that time. They were highly complimented by our citizens, and we are sure it was a pleasure to our citizens to say, "that is our home boys making that music." The young ladies, however, think some, but all good boys like the girls, and we don't blame them for that.

Dalton Facts. For the last few weeks I have managed to evade or palm off on others, the responsibility resting upon me, of representing the city of Dalton through the columns of the COURIER. But where is the scape-goat this week? I can find no one upon whom to saddle this communication, therefore will shoulder my own burden and try, from the many passing strange events of this community to give you as many items as time will permit.

On the 14th inst., as was previously announced by hand-bills, Col. C. W. Bell, H. C. Minter and D. H. Hammons visited our town in behalf of the Democracy. The audience was an unusually large one for this community, being composed of both Democrats and Republicans, many of the latter being colored men. Col. Bell was introduced and entertained as for one hour and a half in a logical discussion of the financial question. I cannot give in detail what was said by this gentleman, and if I could, yet, as has been said of Clay and other great orators, it would be an impossibility to convey to you any idea of the force even of logic, when used by an orator who is characterized by a peculiar eloquence, such as that of Col. Bell. To have any conception of the force of the argument you must be in the audience and hear his eloquent logic, see the gestures which seem to rivet his arguments to the minds of his listeners, and then, as has been said of Clay, you will see to it that "Reason holds the helm, while passion blows the gale." Of my many benighted colored men who were present on that occasion, and who have heretofore voted solidly with the Republicans, there is not one now who is not convinced that the Democrat is his friend, and the Democratic party the only salvation of the country, and at the November election they will, one and all, fall into Democratic ranks, and bid the chaos of Republicanism an eternal farewell.

Mr. Minter came next in order, and addressed the audience on the theory of the National Greenback Labor party, which he clearly demonstrated was merely a theory and could never be carried into practice. He called on Democrats to be firm and not desert the old ship of Democracy, which would soon land them safely in the harbor of financial prosperity, and invited Republicans who loved their country and their families, to leave the harbor that had served too long already, and come and serve the God of the Democrats, that allowed no monied oligarchies, but that was "the same Lord over all and rich unto all that call upon Him.

Dr. Hammons, the worthy nominee of the Democrats for Representative, when called upon arose and said: as the hour was late, and as the gentlemen who had preceded him had thoroughly discussed the issues of the day, he would leave his cause in the hands of the Democrat of Howling Green, feeling that they would not fail to give him their entire strength in November, and he shall have it.

In the audience I noticed T. J. L. Hatcherson, J. B. Hyde and J. M. Marsh, all three being nominees of the Democratic party. Take it all in all we had a glorious rally on the 14th inst. But I must give you a few of our town items.

The work on the streets has nearly ceased, on account of the hard having filled to make further appropriations. You see, we only have five trustees to constitute our town board, and one of the five is on a trip in Kansas, and a majority of the entire number are afraid to make the appropriations because they think it would not be in favor of the election comes around.

Messrs. Butler and Haden, young gentlemen from Glasgow, have been staying in our town for some weeks past. There are nice boys, pious fellows, they don't use tobacco nor swear, and I know by their quiet demeanor they have been brought up to attend Sunday school regularly. Is it not strange that these gentlemen did not the young, like all the good boys we read of? Stay on boys, we are glad to have you among us, but you must be initiated, you know.

Mr. Wm. L. Lewis, of Glasgow, was in Dalton Saturday and Sunday. She was not looking for him and was absent, but O, how she wept when she returned and found he was gone.

A young lady asked a gentleman, a few evenings since, to define love. His definition was as follows: "A chimera of the brain, a frightful nightmare, to which unhealthy persons are subject."

Messrs. James Allen and James Shannon, of Shannondale, spent the 14th and 15th in Dalton. Bill went home with them. HEBLEY.

PUBLIC SPEAKING.

Dr. D. H. Hammons, Col. C. W. Bell, H. C. Minter and others, will speak at the following times and places: Overholt school house, October 21, 7 o'clock p. m. Shannondale school house, October 22, 7 o'clock p. m. Dalton, Thursday, Oct. 24th, 1 p. m. Keytesville, Thursday, Oct. 24th, 7 p. m. Bell school house, October 24, 7 o'clock p. m. Keytesville, October 25, 7 o'clock p. m. Brunswick, October 26, 7 o'clock p. m. Candidates on the National Greenback Labor ticket are respectfully invited to be present and participate in the discussion. Some of these gentlemen have signified their intention of being present at some of the meetings, at least, and the public may look for a joint discussion. Local committees are expected to perfect all necessary arrangements. All are invited. By order of the Democratic Central Committee. J. L. STACY, Chairman.

Senator F. M. Cockrell. Appointments have been made for Gen. Cockrell to speak in this county at the following times and places, viz: Keytesville, October 30th, 1 p. m. Salisbury, October 30th, at night. Cunningham, October 31st, 1 p. m. Brunswick, October 31st, at night. All parties are respectfully invited to go out and hear him.

State Democratic Platform. The Democratic party of the state of Missouri, in convention assembled, declares its confidence in and unshaken adherence to the great principles of Democratic representative government, its devotion to national Union and constitution, with the amendments thereto, its unswerving maintenance to the following principles, namely: First—We regard the national banking system as oppressive and burdensome, and demand its abolition and the retirement from circulation of national bank notes and the issue of legal tender notes in lieu thereof, and quantities from time to time sufficient to supply wholesome money necessary for the business demands of the entire country, and all greenbacks so issued shall be used in the purchase and retirement of U. S. bonds, so that the interest debt of the country may be lessened to the extent of the greenbacks thus put in circulation. Legal tender notes, commonly called greenbacks, should be made legal tender in the payment of all debts, public and private, except such obligations as are, in the terms of the original contract, expressly made payable in coin.

Fourth—That the right to coin money and regulate the value thereof can be exercised under constitution alone and that possession of the power imposes the duty of its exercise to extend to all gold and silver bullion offered for coinage at mints in the United States, and we regard the limitations and restrictions imposed by congress upon the coinage of silver as impolitic and unjust and should at once be removed.

Fifth—That a return to specie payments is impossible in the present financial condition of the country and we demand the immediate and unconditional repeal of the act of congress, January 1, 1875, known as the resumption act, holding the same to be unwise and ruinous to the interest of the people.

Sixth—The policy inaugurated and maintained by the Republican party of contracting the active circulating medium of the country, constituting, as all admit it does, the standard of value of property and products of the country, and regulating, as well, the prices paid for all labor, stands pre-eminent in a long list of its oppressive measures, as the most stupid, inexorable and oppressive of them all. Being opposed to all monopolies, and all laws discriminating in favor of one class of our people at the expense of and to the prejudice of all others, we declare an unqualified hostility to all protective tariffs, and demand that there shall be a tariff for revenue only.

Seventh—The Democratic party tenders to the debtor and the laboring classes of the country its warmest sympathy, and pledges itself at the earliest moment to reverse the cruel and destructive policy of the Republican party, which brought ruin upon them. We demand that all new legislation shall be so enacted administered as to secure to each man as practicable the just reward of his own labor.
