The boss house to buy anything you want from is T. F. Chrane, Jr., of Charleville. Give him a trial and convince yourself.

MISSUS NEDDIE LOWRY and Minnie Wilson went up to Brunswick last Friday night to attend the skating rink, returning home on Saturday night.

We are glad to learn that Mrs. George Chapman, who has been confined to her room for some time from a deep-seated cold, is getting gradually better.

ATTENTION is called to the poetry printed on the outside of our paper. It is from the pen of one of our fellow townsmen, and will prove interesting to all.

JOHN G. OLDHAM, Esq., the great joker of Chariton county, made us a friendly call this week. He is still fond of a joke, but does not "tackle" a fellow on all occasions, as he used to do. Corn is too scarce.

We are pleased to hear that Mrs. Wm. Minser has sufficiently recovered from the injuries received by a fall some time since as to be able to use crutches. She has been greatly afflicted, and has had quite a painful and trying misfortune to endure.

We have received a neatly printed hand book, the work of Mrs. Ella Thompson, of the Moberly Chronicle, which contains many useful receipts, calendars, advertisements and wit and humor. We congratulate Mrs. Thompson on her success, and wish her prosperity.

I sell the genuine Simon Bros' flour. It is the best on the market. Give it a trial and be convinced. SETH SINGLETON.

KEYTESVILLE is to have a creamery, and no mistake. Our enterprising citizen, D. B. Kellogg, has taken the matter in hand, and says if he can't get help he will man the enterprise himself and push it to a successful issue. Dan never does anything by peace means.

We met our clever friend, Henry Hudnell, on the street the other day, wearing a very sad countenance. With the view of dispelling the cloud that seemed to envelop him, we approached cautiously and spoke to him tenderly. "Ah," said he, "there are hard times at our house." "What's the matter? You are not going to dun you?" He answered: "My wife is gone away out to Carbondale, Kansas, to stay three weeks, its terrible lonesome; I can't stand it; I think I shall have to go or send for her in a few days."

Mrs. JOHN GASTON and her two most estimable daughters, Misses Eliza and Linnie, entertained a portion of the Bachelor Club with a candy pulling on Tuesday night. Mirth and witticisms held high carnival for the evening, and many were the regrets when the time of parting came. Praise was loud and long at the admirable manner in which the hostess and her charming daughters met the wants of every one. The following couples were present: Dr. Holland and Miss Octavia Mann, Wm. Vaughan and Miss Eva Scott, Sam Clark and Miss Winnie Moore, Herbert Miller and Miss Katie Dewey, George Dewey and Miss Lucie White, Will Collins and Miss Addie Hardcastle.

THE revised city ordinances, which are now being printed at this office, have been arranged and worded in such a way as to make the duties of each and every officer very binding, and which he can not shirk without being guilty of a misdemeanor. The duties of the marshal are especially obligatory. We sincerely trust that the new ordinances will be enforced to the letter, and that no officer will be a "respector of persons" in the performance of his duties, nor in any way attempt to avoid the obligations which are imposed upon him by virtue of his office. If this is done we feel safe in saying that the low standard of morality which now prevails in Keytesville, so sadly to the detriment of our little city, will be exalted, and that men who were once considered morally good at least will be restored to the love and confidence of their families and the community generally.

MR. BARTZ'S roller mill began work Tuesday of this week. The people for miles around, and Keytesville particularly, have felt the want of this mill for the several months during the time in which the machinery was being put in. The machinery, so far, is working nicely, and there is an abundance of water, but Mr. Bartz has some fears of trouble from a probable gorge of ice, which may force him to raise his brackets, in which event he would lose much of his power. If this trouble should arise it will be temporary. Keytesville has much cause of rejoicing, because she has as good a mill as can be found in the country. With water power its capacity will be from fifty to seventy-five barrels of flour per day. With steam attachment, which will be put on at an early day, the capacity will be still greater.

A MAN by the name of Andress (he prefixes the word Prof. before his name, but the only right he has to it would be that of frauds—Prof. of Frauds) gave what he termed an entertainment at the hall last week. He advertised to give away numerous useful presents each evening. The first night's performance was somewhat satisfactory. On the next night he promised a cash prize of \$10 (the Prof. forgot to tell the audience that the \$10 would have a string tied to it, and that he would hold tight to one end of the string). One of our townsmen drew the prize, with the understanding that he would return it. The next night his great cash prize was \$15 (with the same string to it). The Prof. begged the audience, owing to the small audience, to deduct \$5 from the cash prize, which they generously did. But if they had deducted all of it the Prof. would have come out even. On the last night he was going to give a great big cash prize of \$25 (with a new string tied to it).

Here, again, the Prof. showed his whining qualities, and begged the audience for a reduction, which they generously gave. We are sorry for the poor dumb brutes and birds connected with the show, for like old dog Tray, they are in bad company. We are sorry that some of our people knowingly loaned their assistance to the swindle, and hope it will never occur again. This is not written for spitwork, but for the protection of our people.

A FULL attendance was had at a regular meeting of the Bachelor Club on Saturday night, and Harmony Hall was a joyous place to be. The minutes were read and approved, and Caskie was congratulated on his regaining his equilibrium. D. Y., H. M. and H. V. were elected members. George raised objection to Herbert, on account of his extreme youth, and he was notified (after an opinion by Judge I.) that he would not be allowed the privilege of the hickory box for two weeks. Cousin Sam was elected to the office of Keeper of the Keys to the Strong Box, as a compliment to his ability for locking boxes, as displayed one night last week at the so-called gift show. Owing to great demand from throughout the country for S. A.'s lecture on how to "Keep Babies Still," the secretary was instructed to order another 10,000 copies, and the author was prepared upon to read the lecture as one of the features at the opening of the new hotel. W. V. said he had a great surprise in store for the boys, but would not tell what it was. He is going to get a mule, but you had better wait a little while, but for goodness sake, don't say I told you so). The utmost good feeling prevailed, and the club adjourned most harmoniously.

The new hotel is at last finished. The proprietor, D. N. Wheeler, has moved in. The building has not been formally received and turned over to the proper authorities, for the reason that the contractors, Messrs. Wires & McElean, were not here when the finishing touches were given by the painters. We are satisfied, however, that there will be no trouble on that score, as the building association are pleased with the job in every particular. Mr. McElean devoted such time and attention to the work as he could spare from his school, while Mr. Wires was here from the beginning, superintending the work in all its details. He had special oversight of the carpenter's work, and did a large portion of it himself. George M. Wilson was the commissioner on the part of the building association to see that all the work was done in accordance with the contract. He was faithful in the performance of his duties, and was always at his post. Being a good workman himself, he knew just what was required, but never had any trouble to get Mr. Wires to do the right thing. That was what Mr. Wires was aiming at, and he succeeded admirably. Probably no building of the magnitude of the new hotel was ever erected in Chariton county where there was less friction between proprietors and contractors. We have no doubt of the success of this enterprise, which will stand as a monument to the energy and pluck of those who inaugurated it, and who risked their money to push it along. We wish that we had more of such men, or that those we have were the possessors of millions instead of thousands. "Long may they wave."

When we add that D. N. Wheeler is at the helm, ably seconded by his most estimable wife, we feel doubly sure that the new hotel will float right into the good graces of the public.

The formal opening will occur in the near future.

What relation the "Crazy Three" and the "Worthless Four" are to the "Quality One"?

If the young lady hurt herself when she fell out of the sleigh Sunday afternoon?

When "Uncle Ben" Crawley intends to procure the assistance of that "lady lawyer"?

If Miss really did blush when a certain gentleman was having his fortune told on Tuesday night?

If the young men who made themselves so conspicuous in the opera-house last Friday night would like to have their names published?

The health here is generally good.

—Wm. Cupp has been sick, but is now able to be around.

—Getting up ice and hauling saw logs seem to be the order of the day at present.

—We are having some excitement through the country now, caused by mad dogs. Several dogs have been killed, supposed to be mad; also some stock have died of hydrophobia. I suggest to every one that has a good dog to keep him tied, and then kill every dog running at large. There is another class of animals running around that we frequently meet with, and that we should get rid of. I think we can dispose of some of them about the primary season. Come, get ready, boys, and let us do the work for them.

—John Teter and family, of Mason county, are visiting relatives in this community. Mr. Teter is a straight-out Democrat, and will vote straight every time.

—George Hainds sold his fat hogs and cattle for a good price, and has bought more cattle to feed the coming season. PEACE, BE STILL.
