The candidates are seen occasionally making friends among "the boys." But it seems to be the case that many have an idea that they go to see the priest of the Catholic church to induce him to use his influence with the members of that church to support certain men for office.

An adjournment until Thursday morning at 9 o'clock. A BURGLAR, while ransacking a house in Chicago the other night, was greeted with a "Hello, there!" in a sepulchral voice from the gloom of a recessed corner. He stood not upon the order of his going, but went at once. A pet parrot had worked in its sole stock of English with admirable results. The burglar dropped a purloined overcoat in his haste to get away, but he subsequently recovered from his stare sufficiently to enter two other houses where he secured several "Hello's" and \$40 in money.

Two Wisconsin youngsters decided a dispute in a novel, but practical manner. They were out hunting, and a discussion arose as to the carrying powers of their guns. Not being able to settle the question to the satisfaction of both, they paced off a distance agreed upon and opened fire on each other. One was unharmed, while the other was peppered full of shot. That ended the dispute and nearly ended one of the boys.

Epoch. The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the Great Alterative and Tonic. If you are troubled with any disease of kidneys, liver or stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and \$1 per bottle at W. C. Gaston & Co.'s drug store.

The barn of Ed Renne, a prominent farmer and stock raiser of Audrain county, was burned Saturday. Four head of horses were consumed by the flames. Three of the animals were Montrose saddle stallions and were valued at \$2,000.

A snort that was taken in Montreal off the hoof of a horse from the Clyde, Scotland, weighed five pounds, and was nine inches across, with a toe calk of six inches.

Sense and Nonsense. Is it the stone ballast that makes a boat rock? Some of the numerous deadlocks ought to be buried.

The brass band man is always ready to go out on a little toot. It is a strange fact that a dull man can be best used as a tool. The bottom of the strawberry box keeps right up with the price.

The pig who gets into clover thinks the sward is mightier than the pen. Men drunk from too much rum may be expected to kick up a rumpus.

The ship of state in Russia gets considerable knocking about by the sea. The coming census will not be agreeable to all people, but it must be taken.

The conjunction of Jupiter and Venus may be spoken of as a star engagement. If seven days make one week, how many weeks does it take to make one strong.

When a vessel hugs the shore what follows? Why, a little smack on the beach, to be sure. Jack—"Miss Kaw owns 10,000 acres of corn land in Kansas."

Bob—"Job's turkey! Is she so poor as that?" An Albany man says he had an uncle who became frightened at the peel of a banana, fell into a peach pit, and broke his word.

Gabby—"How did you get that dreadful cold?" Snuffleton—"In the datural way, stopid! S'pose I advertised for plads adspecigatiads?" "I see real good to my little sister," small Edie confided to me the other day. "I had six 'little cakes this mornin' an I gived her one an' o'ny eat five myse'f."

The doctors are doing their best to convince the public that ice water is dangerous. Perhaps it is, but then so is whisky, and toy pistols, and matrimony and lots of things.

Mr. G. L. Faurote, Niles, Michigan, states that while engaged in business in Indiana, he handled a full line of Chamberlain's medicines, and that his sales on Chamberlain's Cough Remedy were very large. The remedy, he said, gave first-class satisfaction to his patrons, also, that he always used it exclusively in his own family whenever required and with the most gratifying results. Let anyone troubled with a severe cough or cold give it an honest trial and they will soon become convinced of its excellence. It possesses qualities peculiar to itself, which makes it far superior to any other for acute throat and lung diseases, such as coughs, colds, croup and influenza. For sale by W. G. Agee & Bro., Dalton, Mo. 11
