BUY OF US.

I can furnish you the same goods right here at home that you can get at Kansas City. Do not be deceived by the humbug arrangements that house in Kansas City and St. Louis offer, to pay your fare to these cities, if you buy \$20 or \$30 worth of good. The fare from here to those cities is \$5 to \$10. These houses make this money all back off of you again. I offer you the same goods as any house in any city in Missouri can, and I save you the expense of travel to the cities. You will save from \$5 to \$8 on every purchase of \$20 by buying from me instead of being caught by these humbug houses. For 27 years I have done business here in Brunswick. My experience has given me especial opportunities of knowing just what kind of goods the people in this part of the state want. I have been more successful this year than ever in meeting those wants, by getting the best stock of goods I have ever owned. I offer them at reduced rates, such as you can afford.

FURNISHING GOODS

This and costs he refused to pay and was sent to jail, at Paris, where he still languishes behind the bars. Truly the COURIER remembers Mr. Cady to the extent of \$3 or \$4 unpaid subscription, and as he ponders over his general cussedness while a prisoner, we hope he will think of us and repent of not having paid his subscription dues to this paper, and that he will remit that "little balance" as soon as he gets out of jail.
