Border County Notes.

HOWARD

Hon. C. A. Dougherty, brother of our John O. is a candidate to represent Howard county. He was honored with that office four years ago.

Mrs. Aletha Cornelison, aged 94, living near Fayette, died on the 13th inst. She was a native of Kentucky and came to Missouri in 1864.

A subscription is being circulated in Glasgow for the purpose of building a new city hall over the store rooms, soon to be erected on Prices' corner.

While Rev. Harris and wife were returning from church Sunday night, near Steinmetz, their buggy was overturned, breaking Mr. Harris' arm.

John F. Lewis, of near Glasgow, uncle to Mrs. Capt. Wallace, of Keytesville, while separating some hogs was thrown to the ground, causing his left knee to be badly sprained.

B. H. Todd, a student at Pritchett Institute, while firing an improvised cannon, made out of an old pipe met with a painful accident. The cannon burst driving one of the fragments into his knee.

Wade Briggs and Eugene Smith, two young men of Armstrong have been arrested recently, by a U. S. marshal under a charge of selling beer at the Armstrong fair last fall without government license.

A. P. Markland, a clerk of the M. K. & T. railway, was sandbagged at New Franklin Saturday night, and seriously hurt. Pres Tooley, a colored man, was the suspect of the deed, but his whereabouts were unknown at last accounts.

Tom Tivett, Richard Green and Flea Evans, colored youths, of Glasgow, who were taken to Moberly for trial, charged with car robbing, returned to Glasgow last week, having been liberated for want of evidence to convict.

Mrs. Ann Shafroth, of Fayette, mother of Hon. John Shafroth, representative in congress from the Denver, Colorado district, died in Fayette on the 15th inst. She was born in Germany, in 1820. She came to America while young, and lived for a time in Pennsylvania, married John Shafroth in 1840, moved to Fayette the same year, and lived there till her death.

In a series of letters written by Honorable A. J. Herndon concerning the early history of Fayette, published in the Howard county *Leader*, we find this significant language: "In the three score years I have resided in this village, I remember one man only, who kept dramshop here for any great length of time, who was not poorer, in every respect, mentally, morally, and pecuniarily when he quit than when he began."

In reference to editors of the gold-bug persuasion, in addition to some other very vigorous language, Thomas Shepherd, a Howard county farmer, is credited with the following: "I am a free silver man, and any man that will run a gold-bug paper ought to stick his head in the fire until the gold is burned out. I don't think any paper in Howard county has any more gold than I have, and I haven't enough to fill a hollow tooth." This is a pretty good idea. If all the gold a fellow has is in his head where he can't get to it, we do not see why he should make such a fuss about a gold-standard. The unseen is what seems to please the fancy of some men best. They live on imagination.

MARRIAGES.

Thomas Wasson and Miss Sheftell, both of near Steinmetz.

W. K. Dougherty and Miss Mattie Williams, both of Meyers.

Joseph Chandler and Miss Ora Gilmore, both of New Franklin neighborhood.

CARROLL.

John Bittinger, of Smith township had a leg broken while having a lo-

osing at his house. A heavy log accidentally rolled against his limb with results as stated.

The pastor of the Christain church at Miami Station assisted by Evangelist Nichols, of Tina, is holding a protracted meeting.

Chas Gates, a farmer, near Hale City while breaking corn stalks, was struck by a pole below the knee, breaking the bone in three places.

Robert Standley, 57 years old, died at his home two miles west of Carrollton, death resulting from injuries received by being crushed against the wall of his barn by a horse.

A residence situate on Sam Balch's land 1 1/2 miles below Carrollton, occupied by Wm. Jones, took fire from a defective flue, on Tuesday of last week, and together with its contents was destroyed.

Messrs. Newland Conkling, Frank Knesley and Claiborne Hale, young disciples of Blackstone, after being examined by a committee of lawyers in Judge Rucker's court at Carrollton last week, were licensed to practice law.

Four freight cars and a passenger coach on the Q railroad tumbled over an embankment at Benton street crossing in Carrollton one day last week. Several passengers were considerably bruised and one or two severely hurt. Fortunately the train was running slowly when the accident occurred.

In the circuit court at Carrollton, last week Sam Shelton, who killed John Narron some 18 months since, was found guilty of manslaughter, and sent to the penitentiary for 2 years. In a previous trial he was found guilty and sentenced to the penitentiary for 10 years.

A writer in the *Republican Record* suggests the withdrawing of the order for an election in Carroll county April 14th to vote on the issuance of bonds to build a new court house for the reason it is certain the proposition will be defeated, and no election being held will be the means of saving some \$800 expenses to the tax-payers.

Capt. Wm. Eads addressed a large crowd in the opera house at Norborne last night. The audience was very enthusiastic and when asked to vote on "free silver" only 20 out of the large crowd present voted against it and they were nearly all Republicans. Capt. Eads reports that Norborne will send a solid silver delegation to the county convention.—*Carrollton Democrat*.

Not long since, a man giving his name as B. O. Caplan, whose real name it appears was Packett, came to Carrollton, rented a store room and began business. He and the woman with him, supposed to be his wife and wasn't, boarded at the Florence hotel, till the landlord refused to continue taking promises to liquidate an over due board bill. In the meantime Caplan was suspected of being wanted in West Virginia, and elsewhere. They were interviewed; the woman acknowledged she was not Caplan's wife, but that they were going to marry, and left on the first train for Kansas City, for that purpose. In the city Caplan was guilty of much crookedness, such as buying goods and presenting checks on Carrollton banks for larger amounts than his bill and getting the difference in change. Finally it was ascertained that he was wanted in Iowa to answer to a charge of bigamy, and that the woman that was with him was the daughter of a Mr. Helm, of Nashua, Iowa, who came to Kansas City to try and secure Catlan's return to that place. Catlan is now in jail in Kansas City, charged with obtaining money under false pretenses. The girl has refused to return to her home, and is living with her uncle, in Kansas City.

MARRIAGES.

Edgar Keller, of Lexington, and Miss J. C. Trotter, of Carrollton.

W. F. Heins and Miss Carrie Stemple, both of Carrollton.

Wm. E. Concer and Miss Effie Castle.

Webster Kincheloe and Miss Sallie Johnson.

James A. Deardoff and Miss Cora Fair.

George C. Miller and Miss Sallie Hubbell.

RANDOLPH.

Mrs. Hannah Dixon, living near Moberly, died last week, aged 75 years.

Thos. Allen Barnes, 80 years old, of near Clark, died on Sunday the 15th inst.

J. T. Gray, of Darksville, sold a span of black horses in St. Souis last week for \$300. It pays to raise the best.

Judge Austin Crisman has announced himself a Democratic candidate to represent Randolph county in the legislature subject to the choice of the party.

The police, of Moberly, are making a good record in the capture of thieves and other wrongdoers in that city. If there are many more of their class to be captured their name is certainly "legion."

Lula Murray, who has served a term in the penitentiary, was arrested, in Moberly, for stealing clothes from the yard of Mrs. Shea. She was taken before Judge Proctor, entered a plea of guilty and was held for the grand jury.

On the first ballot by the jury in the Gillasp-McNutt murder case tried in Moberly there were seven for acquittal and five for conviction, 2nd ballot, 10 for acquittal and two for conviction, 3rd ballot, 11 for acquittal and one for conviction, 4th ballot, 12 for acquittal.

The grand jury at Moberly and Judge Hockaday made quick work of the case of Charles Barnes, colored. For various and sundry thefts and burglary an indictment was returned against him late Wednesday evening. Thursday morning he pleaded guilty to the charge of burglary and was sentenced by Judge Hockaday to two years in the penitentiary.

Joe Allen, the "everlasting talker," of Salisbury, was over last week. He is the same genial, jovial Joe. He has somewhat changed his views politically as well as religiously. He is a red-hot free silver man. Asked in regard to the silver sentiment in Chariton he said: "I don't know Chariton like I used to know Randolph, but if Salisbury is any criterion by which to judge the county, the gold bugs are not in it at all."—*Clifton Hill Banner*.

The Higbee *News* is not so pretentious a Democratic paper as the *Monitor or Democrat*, published in Moberly, but it is a thorn in the side of the gold-bugs, of Randolph county, nevertheless. The way the *News* roasts Riley Hall for his treachery is a caution. The Moberly gold-bugs come in for a good share of the roast also. The *News* seems to have eyes and ears pointing out in every direction, and doubtless sees and hears things not intended for its optics and ears.

The Democratic primary election for municipal officers, of Moberly, resulted in nominations as follows: City attorney, J. W. Wight, councilmen, 1st, 2nd, 3rd, 4th and 5th wards respectively, L. L. Lee, M. A. Arnett, W. W. Babcock, A. S. Hickerson and E. O. Doyle. There were 808 votes cast. J. W. Wight, the nominee for city attorney by a plurality of three votes, has a contest on his hands. His competitor, J. W. Dorser, claims there were fraudulent votes cast for Mr. Wight and therefore asks a recount by the committee, which we suppose will be done.

Josiah Patterson, a member of congress from Tennessee, spoke in Moberly the night of the 18th inst. He was introduced by the gold bug, Riley Hall. Mr. Patterson advocated the

gold standard, praised Democracy and Grover Cleveland, at least these are the points in his speech mentioned in the papers. The people elected these gentlemen hoping they would stay in Washington during the sitting of congress and attend to the interests of their constituents, but as they are engaged in the more laudable work just now of disrupting the Democratic party that sent them to congress, we suppose they are excusable, especially as there is no chance for them to ever misrepresent their constituents again, except as they did it at Moberly. They will never be sent to congress by a Democratic constituency. Mark the prediction.

MACON.

John McBride, aged 80 years, died in Macon last week.

At a recent sitting of the Macon county court Mrs. Mary E. Simpson, of West Liberty, was adjudged insane and sent to the asylum at Fulton.

Seven feet and one inch from tip to tip of its wings was the measurement of a swan recently killed by a hunter on the Chariton river, in Macon county.

The circuit court at La Plata has decided the stock law of Macon county invalid, on account of its not being properly certified upon the records of the county as having been carried on the 8th of November, 1892.

They have a bimetallic union in Macon, and the members thereof debate both sides of the financial question. They are hopeful however of having a debate with some real gold-bug in the near future.

Recently some of the leading young men, of New Cambria, gave a supper. The preparation of the feast and its entire management were in their hands, the net receipts were \$40 which they generously divided among the three Sunday-schools of the town.

Last week's issue of the *Macon Republican* was the boom edition of that wide-awake journal, and contained the write-up of Macon county by Joe Hill. It treats of Macon county soil, agricultural and farming resources, inhabitants, churches, schools, business men, etc., and is a creditable production both to the author and the things of which he writes.

MARRIAGES.

A. A. Collison and Miss Alice Gerard, both of near Macon.

LIVINGSTON.

The stockholders of the Chillicothe Normal school are thinking of adding another building to cost \$25,000.

John Wm. Fillinger, aged 42, Amos Warren, aged 68, and G. W. Postlewart, age 84, died in Chillicothe last week.

The *Tribune* in giving notice of the death of Deputy Penitentiary Warden Bradbury, calls him "a brutal prison official." Whether justly we are not prepared to say.

The *Tribune* in mentioning the stock of Republican congressional timber in this the 2nd district, gives the names of Hon. J. L. Minnis, of Carroll; Dr. A. C. Pettijohn, of Linn; Judge George Hall, of Trenton; and W. E. Gunby and C. A. Loomis, of Livingston. The *Tribune's* choice for delegates to the national convention is J. L. Minnis, of Carroll, and Col. W. B. Rogers, of Grundy.

A pugilistic re-encounter is reported as occurring in Jackson township in which Oscar Hicks, who kicks the beam at 125 pounds and Charles Hitt whose fighting weight is 225 pounds were participants. The light weight knocked the heavy weight down three times, and was floored twice in return. At this juncture friends interfered. Subsequently an agreement was made to meet at church the following Sunday and fight out the issue to a finish, but the heavy weight never showed up.

Dalton Dots.

Resolved too late for last week.

Tobacco has a slow sale in this community just now.

J. E. Quick shipped one car load of hogs to St. Louis last Thursday.

Gaming is good on the "cut off." James T. Coleman marketed a fine goose killed there a few days ago.

Corn is coming into Dalton at the rate of 50 loads a day, but we are sorry to say only 17 cents per bushel is paid for it.

Charles Little and wife, of Marcelline, are visiting the family of James Winkler and Mrs. Little is sick at this writing.

Luther Territt, of Salisbury, shipped one car load of hogs from this place to St. Louis last Tuesday. They were fed on his farm, six miles north of Dalton.

Elder Jeff Morgan, of the Christian church, lectured in the church here last Sunday and Sunday night. His theme extended "from the beginning to the coming of Christ."

Dr. B. Hughes has been all smiles since last Saturday, at which time his "better half" returned home after a two weeks' visit to the doctor's parents, of Marshall, Sabine county.

Charles W. Rutledge, of this place, is raffling off a \$40 coffin. Now is the time for a sport to get a cheap burial case, though it seems very much like trifling with a very solemn subject.

Miss Lula Curran opens a spring term of school at the Dalton school-house the 30th inst. She has taught two successful terms here in former years. Success to you again Miss Lula.

W. F. Burns visited his uncle, B. F. Johnson, north of Brunswick, Monday and the following night visited Odd Fellow's lodge at Brunswick and saw his cousin, Will Johnson, ride the Odd Fellow's goat.

Dalton folks turned out en masse last Friday evening to see and hear the performances of an organ-grinder and monkey that visited the town at that time. We suspect two of our musicians followed them off in a vain endeavor to purchas: the monkey, as they have not been seen since.

Henry Goll, who lost so heavily last Saturday night by the burning of the tobacco factory on his place which contained somewhere between 1,500 and 2,000 barrels of corn and all his farming utensils, tells us the insurance will not cover half the loss. The farming implements were numerous and valuable. The corn was the property of Goll Brothers, perhaps the machinery also.

Henry Slyster, one of Bowling Green's all round good young men, and Miss Doretha Jacobs, sister-in-law

to Rev. M. Krattli, were married at the residence of the bride's sister, Mrs. Krattli, on Tuesday evening, 'Squire Charles Steinmann pronouncing the mystic words that made the twain one. A few friends of the contracting couple were present to witness the launching of the bark of this worthy young couple on the matrimonial sea. Their host of friends extend congratulations.
