Prairie Hill and back last Wednesday morning on his wheel.  
Calf buyers are thicker in this county than candidates before a Democratic primary. All a man has to do to sell his calf is just to put a price on it, no difference how high it may be.  
Now, Mr. Editor, every rain we get makes us more corn, and calves get a dollar higher on the head. So it you have any strings on the weather just give us another rain or two, please, and we will feel real grateful.  
Born, to Jasper Welch and wife on the 8th inst., a fine boy, usual weight, and a full-fledged Democrat. Mother and babe doing well, but Jap's smile will last for a lifetime as it reaches from ear to ear. Jap says he is going to circumcise him and see what kind of a Jew he will make.

Mrs. H. Y. Shupe, who has been visiting relatives in Peabody, Kas., for the last two months, returned home last Saturday night and now Harry is all smiles.  
Mendon is on the improve. Our city street commissioner is having all the weeds mowed in the streets and alleys. Just let the good work go on, and may there not be a weed left in town.  
Quite a number from the surrounding country attended the show here the 10th and some of the younger boys got touched on some of the show people's tricks, but "boughten" learning is the best.  
We have been troubled a good deal with different kinds of bugs. First we had the chinch-bug, then the potato-bug and last, but not least, came the show "humbug," which seemed to do any of the others as a nuisance.  
Several of our base ball boys went to Hale last Saturday and played the first nine of that town a nice game. Our boys were slightly worsted, but they are willing to try it again, and all who saw the game Saturday feel sure that they will be the victors at the next contest.  
Tuesday morning, Aug. 10th, death again visited our midst and called forth one of our oldest and most highly respected citizens, Col. Adonis Anderson, who succumbed to heart disease. Col. Anderson was 59 years, 3 months and 3 days old. He was the oldest of 10 children, of which six had preceded him to their heavenly home. He enlisted in the civil war and served for several months as a private, when he was made inspector-general on Gen. Thombersons staff, which position he held till the close of the war. Col. Anderson's death was a great surprise to every one, although he has suffered from heart trouble for several years. He was buried Wednesday at the Newcomer graveyard with Masonic honors. The family have the heart-felt sympathy of the community in this, their great bereavement.

**Nervous Headaches**  
**A Tumor Like a Scrofulous Bunch on the Back—Painful and Troublesome—How it Was Cured.**  
"My first trouble began with nervous headaches which would last for two or three days. The doctors could not do anything for me, and advised a change of location. At the age of 55 a tumor formed on my spine, which was very painful but did not rise or discharge. The doctor thought best to cut it out, but I objected. It finally broke and discharged a great deal. The doctors said they could do nothing for it. I received no benefit at the Springs which I visited, and the tumor finally began to rise inwardly and discharge. Seeing an advertisement of Hood's Sarsaparilla I thought I would try it. Before I had finished taking one bottle I found I was much relieved, and when I had taken two bottles the rising began to break inwardly. I continued the use of Hood's Sarsaparilla and after I had taken 12 bottles I was entirely cured." W. D. FORD, Gilliam, Missouri.  
You can get Hood's Sarsaparilla at all druggists. \$1; six for \$5. Get only Hood's.  
**The Criminal Calendar.**  
Wm. Dehart, the Brunswick negro, who was charged with attempted rape on Mrs. "Doc." Minor, col., of that city, had his trial by jury before Justice C. E. Finch at Brunswick last Monday, was found guilty and sentenced to six months in the county jail. Attorney C. B. Adams of Brunswick appeared for the defendant while John P. Shaughnessy stood up for the dignity of the great state of Missouri. From what we are able to learn of the merits of the trial it seems that Mr. Adams' speech before the jury had a good deal to do with convicting Dehart.  
James Leeper, col., whose arrest for allowing some diseased horses to run at large, contrary to the provisions of section 351 of the Revised, 1889, Statutes of Missouri, had his trial in Justice C. W. Steinman's court in Bowling Green township yesterday and was acquitted. L. N. Dempsey of Keytesville appeared for the defendant and F. C. Sasse of Brunswick represented the state. Leeper denied both the ownership of the diseased animals or that he had ever been officially notified by the state veterinary surgeon of the nature of their disease or ordered to restrain them.  
Acting Prosecuting Attorney J. P. Shaughnessy was called to Cockrell township last Friday to represent the state in its case against Wm. Callison, who was charged with disturbing the peace of Mrs. Fannie Smith by the use of indecent and offensive language. The defendant pleaded guilty to the charge before Justice John Bayne, and was fined \$2 and costs. Callison is rather a high tempered man and it is unfortunate that he should have let his temper get the upper hand of him in his tilt with Mrs. Smith. Had all of the Smiths resented the insult Mr. Callison offered Mrs. Smith there would not have been enough of him left to make a meal for an Alaska mosquito.  
Constable Sam B. Elliott of Salisbury township came over to the capital last Saturday with Willis Gentry, colored, who was lodged in the county jail upon a commitment issued from Justice T. Newbold's court at Salisbury to await the action of the grand jury upon a charge of burglary and larceny, he having stolen a lady's gold watch, valued at \$35, from the residence of H. F. Meyer, near Shannondale. The theft was committed on Saturday, August 7th, and as Gentry was at once suspected, Mr. Meyer followed him to Salisbury and swore out a warrant for his arrest. An inventory of the personal effects found on the suspect's corpus brought to light the missing Meyer's chronometer, hence Gentry now languishes in duration vile with splendid prospects of serving a term in the penitentiary after his case has been disposed of at the coming October term of circuit court.  
Wm. Redding, one of Keytesville's whitest colored citizens, went to Salisbury last Tuesday night, and from the condition in which Marshal Embree found him early Wednesday morning William must have taken on board an unusually large quantity of Salisbury's worst brand of liquor the night previous, as he was staggering up and down the south side of Bridge street making the air sulphuric with oaths and vile epithets when Mr. Embree

Reagan, near Prairie Hill, Sunday, August 8th. Rev. F. E. Haynes uniting their future lives. The COURIER takes pleasure in extending congratulations to Mr. and Mrs. Jacobs and hopes for them a long life of conjugal bliss.  
REDD-BAKER:—The happy sequel of a long and vigorous courtship reached its climax in marriage at the home of the bride's parents, Mr. and Mrs. James Baker, in Keytesville, Monday evening, August 9th, when John R. Redd of Salisbury and Miss Bertie Baker of this city were joined in wedlock by that skilled and venerable artist in Hymen's service, Squire H. A. Wheeler, in the presence of the immediate members of the family and a few intimate friends. The principals in this most important of all human events have been sweethearts for several years, and now that the consummation of their pledged troth has been reached, the COURIER hopes for them all of the sweets known to the honorable estate of matrimony. May the husband prove even more devoted than the bridegroom and the wife still lovelier than the bride is our best wish.  
**Marriage Licenses.**

H. C. HYDE.  
C. A. Scott filed suit, through his attorney, L. N. Dempsey, in the circuit court at Keytesville last Friday for divorce from his wife, Anna Scott. The plaintiff alleges in his petition that the defendant after they had been married about three months became sullen and ill-tempered and abused him by calling him vile names, cursing and threatening to kill herself, etc., rendering plaintiff's condition intolerable. So much so that he was afraid to live with plaintiff for fear she would poison him, and he finally left her on the 20th of February, 1895. The plaintiff and defendant were married September 17th, 1893, and for a time resided near Indian Grove. No children were born of the marriage. The case has been docketed for the October term of circuit court.  
Rudolph Wessner, one of Dalton's clever knights of the yardstick, informed us over the telephone yesterday in the Chariton river and caught 75 pounds of catfish and a 5-pound German carp. We suspect the report of this successful angling as being a Republican campaign yarn, intended to indicate the return of prosperity (to Rudolph) by saving a butcher's bill while eating fish. This kind of "prosperity" while a good thing for Rudolph, is tough on the butcher.  
Louis Kinchele, a colored employe of Davis & Sims' livery stable at Salisbury, had a set-to with Arthur Walton, another son of Ham, in that place last Wednesday morning, which resulted in Kinchele's receiving a painful cut, which materially marred the beauty of his face and lacerated his feelings. Walton shipped
