The banquet given its correspondents by the Macon Times was quite a felicitous affair. The grand finale of the occasion consisted of the correspondents and the Times office force going to a picture gallery and having a group photo made with probably disastrous results to the photographer's machine.

A man by the name of Bridger attracted considerable attention while visiting at New Cambria last week—in fact, was the lion of the hour. Although only 68 years of age he is the father of 22 children, he having been married twice, and 17 of his children are still living. In addition to these he has 80 grandchildren and 14 great grandchildren.

The 17th annual re-union of the old settlers of Macon and Randolph counties, held at Macon on Thursday of last week, was an enjoyable affair, but owing to the rain the attendance was nothing like as large as was anticipated. Only those who had lived continuously in either Randolph or Macon counties for 60 years are eligible to membership in the association.

Lem Jackson was arrested at Ethel the latter part of last week by Deputy Sheriff Heaton for "looking suspicious." The Howard County Advertiser informs its patrons that if it has to furnish them a paper free in order to keep their support then it don't want their names on its list. We can't help wondering if the Advertiser furnishes papers free where its support comes in?

P. M. Barton, deputy marshal at New Franklin, has been ousted from his office by the city council, and has shaken the dust of new Franklin from his pedal extremities. His tongue had been wagging too freely about some ladies at that place is what got him into trouble.

Arnold Ferguson, col., of Glasgow, aged 17 years, has been bound over to the grand jury in the sum of \$250 to answer to a charge of rape on Flora Forbis, a little negro girl between 6 and 7 years old. Miss Mary Perry of St. Louis, a member of the state board of charities and corrections, visited Fayette last week and while there inspected the county jail and poor farm. She regards the Fayette jail as a model institution and Sheriff Mitchell as being the right man in the right place. The inmates of the poor farm, she said, were humanely cared for, but she thinks new buildings are needed and that the farm ought to be located nearer the county seat.

It has again been demonstrated that it is dangerous for a woman to carry matches, even in her trunk, because the angelic creature isn't built that way. A trunk belonging to Miss Clementine Williams was put off the train at Fayette one night last week and was placed in the depot for safekeeping. Shortly afterward the agent smelt some burning cloth and was not long in discovering that the fumes emanated from Miss Williams' trunk. He broke the trunk open and found in the bottom some collars and a hat had been set on fire and ruined. A bunch of half-burnt matches told the tale of the origin of the fire. It is supposed that the matches were ignited from concussion produced by the rough handling to which baggage is subjected at the hands of baggage-men and railroad station agents.

Wm. Sittles says one of his hens hatched a dozen guinea eggs out in the weeds and when she came up to the house with them a young quail came along. The little guineas roost on a limb of a tree close to the ground and the quail hides in the weeds close by, but the next morning early, joins the gang, and comes up to feed like a chicken.—Carrollton Democrat.

Deputy Sheriff John Hogg and Chint Leedom of Moberly made a record one day last week for "smashing" buggies that is seldom equaled. They drove to Renick and hitched their horse and started out to transact their business. The animal soon broke loose and ran away completely wrecking the buggy and harness. They finally caught the horse, borrowed a phaeton and harness and drove a few miles into the country. On their return when they reached the spot where the first runaway took place, the horse "acted up" again and in his effort to get away wrecked the borrowed phaeton beyond recognition. Finally they unhitched the animal, when both gentlemen mounted the kicker and rode double all the way to the Magic city, a distance of seven miles.

A Sufferer Relieved.

A Tale of Suffering and Subsequent Relief.

From the Press, Columbus, Ohio.

One of the many persons in Columbus, Ohio, who have been benefited by the use of Dr. Williams' Pink Pills for Pale People is Miss Jerusha McKinney, of 50 South Centre Street. Miss McKinney is well and favorably known, especially in educational circles, as she has been for a number of years a faithful and progressive school teacher.

For some time she has been very ill and the sufferings and tortures endured by her for months have been unusually severe. The tale of her sufferings and the subsequent relief and final cure which she derived from the use of Dr. Williams' Pink Pills for Pale People, aroused considerable attention among her many friends and others.

A reporter was detailed to obtain a reliable account of this marvelous case, and when he called he found Miss McKinney at her comfortable and cozy home where she cheerfully complied with his request. She said:

"The first indication that I had that anything was radically wrong with me was about three years ago. I suffered the most excruciating pains in different parts of my body and was almost crazed at times. My sleep was disturbed by horrible dreams and I had begun to waste away to almost a shadow. To add to my other afflictions the untimely assumed a catarrhal turn and I was soon a victim to that horrible as well as disgusting disease. I consulted the family physician who gave me some kind of a neostrom and I was foolish enough to imagine that it benefited me. I followed the advice of the physicians but noticed no perceptible improvement in my condition and was about to despair of ever becoming a strong and well woman again.

"Some of my lady friends were calling on me one afternoon and before them I happened to mention my troubles, when one of them recommended that I try Dr. Williams' Pink Pills for Pale People. I had never had any faith in medicines of that kind and paid but little attention to the suggestion. It was not long after this, however, that I again heard the pills highly recommended. By several persons, and then it was that I decided to give them a trial and purchased one box of the pills. I soon began to notice an improvement in my condition and before the whole box had been taken my health was so much improved that I was about ready to begin singing the praises of Dr. Williams' Pink Pills for Pale People.

"I was not yet thoroughly convinced and decided to wait a while before giving enthusiastic over the results, and had begun on the second box before I was confident that I had at last found a medicine to meet the requirements of my case. I discontinued my calls to the physicians and have left them alone since. I am now as well and strong as I ever was in my life; an entirely free from all pains and never felt better in my life. I eat regularly and sleep like a babe. No more are my slumbers haunted with fearful dreams and when I retire at night I go to sleep at once. I regard Dr. Williams' Pink Pills for Pale People as my salvation, and would recommend them to all ladies troubled as I was. The pills are more than what is claimed for them, and anyone giving them a trial will soon come to the same conclusion regarding their merits that I have.

Dr. Williams' Pink Pills for Pale People contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are sold in boxes (never in loose form by the dozen or hundred) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or directly by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

It was rumored in Chillicothe Monday that Miss Edna Whitney of that city, who had recently been chosen as maid of honor to represent her town in the Kansas City Carnival, had been offered \$500 for her photograph as a label on a new brand of cigars. The young lady in question works in a cigar factory and for that reason somewhat devotee of fashion and foolery had objected to her serving in the capacity named.

Miss Edna Whitney has been chosen maid of honor to Kween Karnation and will attend the Karnival Krew to be held in Topeka, Kansas, Oct. 1st. Miss Edna is a worthy young lady that depends upon her own resources for a livelihood, is not, nor does she profess to be, a society woman, and for that reason somebody, it is difficult to tell who, as all seem to deny it, objected to her having the position, but when the pusillanimity of the party so objecting was shown by the more sensible people of Chillicothe, it is hard to tell who he, she or it, is. Selah!
