**A Spring Rhapsody.**

So you're here at last, O Spring! With mud and slop and all that sort of thing. Well, you're all right—In fact, you're altogether "out of sight." But you won't do. And we all wish that we were through With you, we do. You awaken in us memories sad Of things that taste almighty bad—Of sassafras made into tea Like mother used to give to me. Despite my fears, And groans, and sobs and tears, I had to down the stuff— Oh, it was "tuff!" O Spring! you also bring to mind Unpleasant things of other kind— Of yards to rake, That everlasting garden to make, Ash piles to haul away, And other things from day to day. You make me tired, O Spring! I wish your flight you'd bring, And take away This wind that changes day by day, Colds and fevers, shakes and chills, And all the ills Which you profusely throw around To plant folks underground. Welcome, Spring; likewise, good-by. Get out, vamoose, sneak off, say I. Get off the earth, you fearful thing, For you're N. G., O Spring!

—E. G. DOWNS.

For Appellate Judge.

There are some excellent and well equipped gentlemen offering themselves as candidates for the Democratic nomination for judge of the Kansas City court of appeals. We know all of them by reputation and the most of them personally, and among this splendid array of talent and legal accomplishments not one ranks higher in all the requisites of the ideal judge than does our long-time friend and neighbor, Hon. C. B. Crawley of Chariton county.

We have known Mr. Crawley for over a quarter of a century, and we know him to be a man of great purity of character and unimpeachable integrity. He has always been a close student, and enjoys the merited distinction of being one of the best lawyers in Missouri. Clear-headed, patient, honest, impartial and incorruptible, he could be relied upon at all times to decide each case according to the law and facts, and there is not enough money in Missouri to tempt him from an honest decision. He is a gentleman of superior personal attainments, and those who have known him longest and are best qualified to judge, pronounce him a jurist of distinction and eminently qualified for the position he seeks. He is a clean, pure man in all the relations of life, possesses the confidence and esteem of all who know him, and we sincerely believe would make a model judge, as well as a thoroughly conscientious one. In his hands the law would be honestly and wisely interpreted, and all points and questions impartially considered.

Here where he is best known he possesses the perfect confidence of all regardless of political affiliations, although a life-long and aggressive Democrat. The Democratic party honors itself and promotes the welfare of the commonwealth when it confers the judicial ermine on men of his established ability, integrity and reliability.

Mr. Crawley is a native and long resident of Chariton county the Democrats of Randolph county feel quite as much interested in his merited promotion as his constituents in his county, because we know that he is eminently fitted for the office worthy of the distinction, and we will work as vigorously for his success.

**What Wasps Feed Upon.**

The wasp is not a vegetarian, like the bee, and our wasp-maker has before her the problem of supporting her young with meat rather than with bread. As her eggs are laid out in hot weather and as enough food must be stored in the cell with the egg to mature the young insect, the question is how to preserve the meat fresh for so long a time. She meets the difficulty thus: After a tube is finished except one end, which is left open, she flies off on a hunt for spiders. She finds a fat, healthy one, pounces upon it and stings it and carries off and places it in the mud cell. She repeats this process until she has placed as many spiders in the tube as, according to her judgment, will be needed. She then lays an egg in the cell and walls up the opening.

The remarkable thing about this performance is the magic effect of her sting. Whether it is the result of a suitable poison or whether it is a special spot in the spider's nervous system where the sting is inserted we do not know. Certain it is that after being thus stung the spider lives on in a paralyzed condition for weeks and even months. It can move only slightly and remains helpless in its mud sepulcher until the wasp egg hatches into a voracious grub, which at once falls to and eats with great relish the meat thus miraculously preserved.

Whether the wasp stings renders the spider insensible to pain or not is a question not yet settled. However, the chances are in favor of the theory that it does. Anyway, the wasp wastes no sympathy on the spider, the most blood-thirsty of all little people of the fields and woods. There is a sense of retributive justice in the thought of a spider helpless and at the mercy of a tiny insect which it would have merely devoured had it been able.

So do not accuse our alert, industrious wasp-maker of any unreasonable cruelty if she, like us, has no sympathy on the spider, the most blood-thirsty of all little people of the fields and woods. There is a sense of retributive justice in the thought of a spider helpless and at the mercy of a tiny insect which it would have merely devoured had it been able.

A farmer says: "If you bore a quarter-inch hole into the heart of a fruit tree, that is infected with insects, and fill the hole full of dry sulphur, plug up the hole, it will cure blight, make the tree strong and healthy, and in no way injure it. This is a valuable boon to fruit-growers, as the sulphur goes through all parts of the tree, being absorbed from the heart, and makes a good healthy color."

**A Woman's Awful Peril.**

"There is only one chance to save your life, and that is through an operation," were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters, which wholly cured her. It's a wonderful stomach, liver and kidney remedy. Cures dyspepsia and loss of appetite. Try it. Only 50 cts. Guaranteed. For sale by W. C. Gaston, druggist.

**The Footman Got the Wrong Cards.**

A young married lady had just acquired a new coach and a new footman to match. "John," she said one day, "we will drive out to make a few calls. But I shan't get out of the carriage; you will, therefore, take the cards that are on my dressing table and leave one of them at each house we stop at."

"Very good, ma'am," answered John, and he ran up stairs to fetch the cards. After they had driven about a considerable time and cards had been left at a large number of houses, the lady remarked: "Now we must call on the Dales the Framptons and Clarkes." "We can't do it," here broke in the footman in alarm. "I've only the ace of spades and the ten of clubs left!"—cottish American.

**A Blessing to Women.**

"Your medicines are certainly a blessing to suffering women," writes Mrs. Ella Sauerwald, 1935 W. Pratt Street, Baltimore, Md. "I suffered with female weakness very badly, was extremely nervous at all times, had indigestion; could not sleep, constant dull headache—in fact, was very miserable when I began to take your medicines, but after taking them a short time I began to feel better. My nerves were better; could sleep at night, headache ceased, digestion was improved, I felt like a new woman, and could go around and attend to my household duties, which previous to taking your medicine I could not do. Dr. Pierce's Pleasant Pellets cured me of constipation of many years' standing. I took eleven bottles in all—six of 'Favorite Prescription' and five of 'Golden Medical Discovery,' and also two vials of the 'Pleasant Pellets.' I am sure if more women who suffer would take Dr. Pierce's medicines they would soon be convinced of the good they can do."

Sick women are invited to consult Dr. Pierce by letter free. All correspondence is strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

A great many women have expressed their gratitude for Dr. Pierce's offer of free consultation by letter, because it enabled them to escape the offensive examinations, the delicate questions and the obnoxious local treatments still thought necessary by many physicians. The large experience of Dr. Pierce, extending over thirty years (during which time, assisted by his staff of nearly a score of physicians, he has treated and cured more than half a million women), is an encouragement to every

**"The Good Old Days"**

Of long ago, were bad old days for women. Art and story perpetuate the patch and powder, the minuet and pavan. But history shows us another picture: Women rising by candlelight and toiling until the late hours; women bringing large families into the world, and bearing almost alone the burdens of busy households; women weary, worn and suffering in a day when medical aid at the best was crude and even then often unattainable. It is a far cry from that day to this when help and healing are brought to the very doors of sick and suffering women.

**WOMEN OF TO-DAY**

Have no womanly ailments which were not known to their great, great grandmothers. But they have what these ancestors never possessed, a means of cure so reliable and so certain that ninety-eight per cent. of all the women who have given it a fair and faithful trial have been perfectly and permanently cured.

Dr. Pierce's Favorite Prescription has practically revolutionized the life of woman. It has changed nervous women to cheerful, self-reliant women. It has changed weak wives to genuine helpmeets. It has practically banished the pangs and pains of maternity. Half a million women testify that it has raised them from weakness to strength, changed them from sick to well.

Dr. Pierce's Favorite Prescription is peculiarly a woman's medicine. It does for women what no other medicine has done so thoroughly. It regulates the periodic function, dries enfeebling drains, puts out the fire of inflammation, heals the eating ulcer, and cures female weakness. It practically does away with the pains of maternity, and strengthens every womanly organ.

**One Woman Who Knows.**

"It is with pleasure that I add my testimony to that of others, hoping that it may induce others to avail themselves of the benefit of your invaluable medicines," writes Mrs. R. G. McAdoo, of Whiting, Mississippi Co., Mo. "Nearly a year ago I was taken down with a severe case of sickness. I suffered untold pains and misery such as no one can describe. Was confined to my bed most of the time. I could turn no way without it giving me pain. I was afflicted with falling of the uterus and ulceration. Had a bad drain all the time, and dragging-down pains through my back and hips; no appetite; bowels were constipated; had smarting, itching and burning in the vagina all the time. My head and temples, back of my neck, shoulders and sides pained severely. Had kidney trouble, too. I ached all over; had cold feet and hands all the time. I suffered a great deal with pains in both sides, and much tenderness on pressing over the uterus. I was bloated terribly at times in bowels and limbs. I could not sleep; noise it seemed would kill me. I could not get on my feet alone. I cannot describe the constant pain to which I was subject every moment of my life. Was so reduced in flesh and strength that I could scarcely walk across the floor any of the time. I was treated by good doctors, but they just gave me something to ease me for a little while at a time. They said they could not cure me or do anything that would greatly benefit me. My husband suggested one day that I try some of Dr. Pierce's Favorite Prescription. I asked him to get me a bottle of it. He gave me a tablespoonful, and it soon eased me. He then wrote to Dr. Pierce in regard to my case. We have one of the 'Common Sense Medical Advisers.' Dr. Pierce told my husband for me to take his 'Favorite Prescription' and 'Pleasant Pellets,' and also his 'Golden Medical Discovery' and 'Extract of Smart-Weed,' according to his directions. I did so, and began to improve fast. If anyone doubts this, give name and address. I will always recommend Dr. Pierce's medicines and his advice to all sufferers from diseases to which females are subject. He has been as a father to me; advised me as a child. I believe if my husband had not written to Dr. Pierce last fall and commenced giving me his medicine I would have died in a short time."

Dr. Pierce's Favorite Prescription is a nerve-feeding, strength-giving, body-building medicine. Many put-up medicines for women's use quiet the nerves temporarily by numbing them with some narcotic drug, or give false strength by alcoholic stimulants. "Favorite Prescription" contains no alcohol, neither opium, cocaine or any other narcotic. It is a true temperance medicine.

Sometimes a little extra profit tempts a dealer to offer some less reliable preparation as "just as good" as "Favorite Prescription." Sick women who want to be well should insist on "Favorite Prescription," the medicine which has made half a million sick women well and weak women strong.
