MARK may think there are no trusts, but will he please permit the people to go through the motion of smashing them?

TEDDY is an athlete, of course, and can chin himself lots of times. The trouble is that he can also "chin" other people too much.

IT is to be hoped that Mark does not neglect to take his full dinner pail along when he starts off to his days' work as orator.

MR. HANNA says that he was misquoted as saying that there were no trusts. What he really meant was that there were no illegal trusts. If this is so, what is the reason they have not been made illegal?

WELL, well, here is President McKinley, quoted by a grand army man in a grand army speech, as saying "that the money power of the country is against any further expansion of the pension roll."

ALL Americans will regret the useless slaughter of 52 brave American soldiers in the Philippines, but they should even more regret the policy of defeat that conceals the facts of the situation there from the country.

IT is somewhat curious that all the recent strikes are in Republican states. There seems to be something about Republican rule, even in states, that riles the workman. If it is nothing else, it is the insufferable airs the Republican trust bosses assume.

The president has certainly had bad luck with the Taft report. He held it back for a month, awaiting the most favorable chance to spring it on the public and then, almost immediately after it had been printed, came the report of the severest fighting of the entire "war" in the islands. It's hard luck, Mr. McKinley.

Thanks to Boone Kellogg for some nice fruit last week.

An exchange tells of a citizen who is "recovering from a rising in his ear and a break in two legs."

For sprains, swellings and lameness there is nothing so good as Chamberlain's Pain Balm. Try it. For sale by H. M. Sigloch, City drug store.

St. Joseph, Mo., has almost doubled its population during the last decade, increasing it from 52,324 in 1890 to 102,979 according to the last census.

An American spends on an average \$50 a year for food, a Frenchman \$48, a German \$45, a Spaniard \$33, an Italian \$24, a Russian \$40 and a Keytesville darkey all he makes.

While proper care should be exercised in treating a bad cold, it is not necessary to be confined to the house when you use Krause's Cold Cure, and the cure is infallible. Sold by H. M. Sigloch, City drug store.

"How to Tell a Mad Dog," is the title of an article in an eastern paper. When we have anything to tell a mad dog we are going to whisper it to him over the telephone.

When you have no appetite, do not relish your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. Price, 25 cents. Samples free at H. M. Sigloch's City drug store.

The mule has the reputation of being the most stubborn animal in existence. This may be true at the present time, but some men are after the mule's laurels and if his muleship is not alert he will lose his old-time prominence.

When you cannot sleep for coughing it is hardly necessary that any one should tell you that you need a few doses of Chamberlain's Cough Remedy to allay the irritation in your throat and make sleep possible. It is good. Try it. For sale by H. M. Sigloch, City drug store.

A craving for liquor may be lessened by a free use of fruits. An apple or an orange eaten when the desire for "a glass" arises will generally take it away, and every victory makes less strong the recurring temptation. The fruit acids are cooling to the thirst and soothing to the diseased state of the stomach.

A new remedy for biliousness is now on sale at the City drug store. It is called Chamberlain's Stomach and Liver Tablets. It gives quick relief and will prevent the attack if given as soon as the first indications of the disease appears. Price, 25 cents per box. Samples free. H. M. Sigloch, City drug store.

There is a great deal of pleasure in eating fried chicken. Like strawberries, most people like fried chicken. Fried chicken and good gravy fill a place in the bill of fare that is difficult to be filled by anything else. If a chicken escapes the frying period it is almost sure to get roasted. If not roasted it may get in a stew, and that will end its usefulness.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I should surely die, and tried a dozen different medicines, but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and three doses relieved me entirely." This remedy is for sale by H. M. Sigloch, City drug store.

If the postmaster at Triplett will make an affidavit that he is not the correspondent of the Chariton County Republican from that place, the COURIER will cheerfully withdraw the charge of offensive partisanship. If, on the other hand, the Triplett postmaster writes the political articles that appear in the Republican under the caption of "Triplett Items," we have nothing to retract.

Not to be outdone the trees are going to do their best to produce a crop of fruit this year, but Jack Frost will interfere with their plan in the sweet pretty soon.

Krause's Headache Capsules are splendid; never failed to cure my headaches and save a world of suffering. I am recommending them everywhere. The druggists at Aberdeen, Hecla and Britton, Marshall county, all promised me to get them in stock. I give your address to every sufferer I meet.
