The Salisbury Democrat has discovered that the Lord never created a man who could print a paper that would please everybody. Some bumptious individual must have been kicking in the Democrat's direction lately.

One of the new inventions of the times is the application of electricity in mining coal. One of the Ray county mines is supplied with this electrical appliance which is said to increase the output without an additional number of hands.

There are a great many newspapers that use the word "Sundayed" when intending to convey the idea that some one spent Sunday somewhere. It would be just as proper to say Mondayed or Tuesdayed. But there is a hallowedness about the word Sunday that dwindles into sacrilege when it appears in print as "Sundayed."

While a Mr. King of Little Rock was hauling corn from the island last week his team broke through the ice on the Missouri river. Fortunately he was near the bank, where the water was shallow, and he reached the shore in safety.

An oil-soaked gunny sack was set on fire and thrown through a window into the implement store of W. K. Manard & Son in Marshall Thursday evening between 6 and 7 o'clock. Fortunately the fire was discovered in time to prevent a conflagration.

**Bucklin's Arnica Salve**  
Has world-wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for Cuts, Corns, Burns, Boils, Felons, Ulcers, Tetter, Salt Rheum, Fever Sores, Chapped Hands, Skin Eruptions; infallible for Piles. Cure guaranteed. Only 25c at W. C. Gaston's.

The Brookfield Budget says: A negro in Brookfield was caught between a couple of piles of meat, pocketing pork chops and got pinched and is now "laying" in for 60 days. We suppose that this is how the Budget tells that a negro stole some meat and was sent to jail for 60 days.

**Working Overtime.**  
Eight hour laws are ignored by those tireless little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, Biliousness, Constipation, Sick Headache and all Stomach, Liver and Bowel troubles. Easy, pleasant, safe, sure. Only 25c at W. C. Gaston's drug store.

It is not generally known that there is a dynamite factory in this state situate on the Burlington railroad, in Pike county, which manufactures a car-load of this explosive a day. This plant produced 14 1-2 millions of pounds of dynamite last year, most of which was shipped to western mines.

If it be true that an early Easter betokens an early spring, then the blue-birds and other evidences of ethereal mildness will soon be with us, as Easter falls on Sunday, March 30, this year. The COURIER would be glad to see spring as soon as possible, for the earlier grass comes this season the better the farmers will be pleased. Stock food is beginning to get very scarce.

**Stop the Blight**

It is a sad thing to see fine fruit trees spoiled by the blight. You can always tell them from the rest. They never do well afterwards but stay small and sickly.

It is worse to see a blight strike children. Good health is the natural right of children. But some of them don't get their rights. While the rest grow big and strong one stays small and weak.

Scott's Emulsion can stop that blight. There is no reason why such a child should stay small. Scott's Emulsion is a medicine with lots of strength in it—the kind of strength that makes things grow.

Scott's Emulsion makes children grow, makes them eat, makes them sleep, makes them play. Give the weak child a chance. Scott's Emulsion will make it catch up with the rest.  
This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle.

## NOW LOOK OUT!

"Take care of yourself," say our friends, "I'll try to," we answer. We do take a little care, yet in spite of warm clothes, rubbers and mackintoshes, an army of people were bowled out by pneumonia and other lung and chest diseases last winter. They caught cold, neglected it, let it fix upon them, were torn by coughs, choked by inflammations and then gave up the fight. The hour you realize that you have a cold on the chest, place a Benson's Porous Plaster where the pain or oppression is felt. If you think two are needed make it two. No harm if you were covered with them. They act quickly and prevent the engorgement of blood in the organs. In this way—with ordinary caution as to exposure—you will break up the cold and avoid a serious sickness. No other applications, or any other form of treatment, will accomplish this as certainly and speedily. Benson's Plasters have a distinct and positive action and are curative to the highest degree. Use them with the same confidence for coughs, muscular rheumatism, the grip (back and chest) and all similar ailments. Women, who are chief sufferers from cold weather complaints, should keep these plasters always within reach. Get the genuine. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each. Seabury & Johnson, Mfg. Chemists, N. Y.

John Midget, colored, went to see the show called "James Boys in Missouri" at Chillicothe, and then tanked up on whiskey, got a shotgun and went home and shot out two windows in his house and threatened to kill his wife. A rough and tumble fight with policemen ensued, which resulted in his arrest and a fine of \$10 and costs.

### Mr. Wheeler Got Rid of his Rheumatism.

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. WHEELER, Northwood, N. Y. For sale by Richardson Drug Co.

F. Bion McCurry the wide-awake postmaster at Salisbury, has been making some further improvements in the equipment of the office. Keytesville could stand some modern post-office fixtures and more convenient arrangement as regard lock-boxes being made accessible to patrons on Sunday, and we are glad to learn that Postmaster Gaston has such desirable additions to the office in contemplation.

Strong evidence sustains the popular verdict that Ely's Cream Balm is worth its weight in gold. Trial size 10 cents. Full size 50 cents. Sold by druggists and mailed by Ely Brothers, 56 Warren St., New York.

Proberta, Cal.  
MESSRS. ELY BROS.—I have been afflicted with catarrh for 20 years. It made me so weak I thought I had consumption. I got one bottle of Ely's Cream Balm and in three days the discharge stopped. It is the best medicine I have used for catarrh.  
Very truly,  
FRANK E. KINDLESPIRE.

Walter Brown, the abstractor of Macon, brought suit against Thomas E. Wisdom, the recorder, to compel him to use different methods of recording instruments in his office, to record deeds by writing them word for word instead of using printed records. The case came up before Judge Shelton last week, and a decision was rendered in favor of defendant. The system used by the Macon county recorder is general over the state and if changed would work a complete revolution.

We see by the Democrat that while Heber L. Hayes of Salisbury was leading his fine horse, Norwood, out of the stable into the barn lot, the horse struck him a hard blow in the back, biting him severely. Fortunately for Heber, he had on plenty of heavy clothes which protected his body from the horse's bite, and no serious harm was done. His clothing was badly torn, but after undergoing repairs and carrying a sore back for a few days, Heber is about all right again.

Last Sunday night, says the Salisbury Democrat, some one entered the barn of Fred Gebhardt, half a mile east of Forest Green, and stole two horse collars and four tugs from his harness. The tugs were taken off of the harness and the balance of the set was left. City Marshal Crawford of Salisbury was sent for and took his bloodhound down Monday, but as other parties had followed the thief's track across the field, nothing could be learned of the free-booter's whereabouts.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. MOORE, North Star, Mich. For sale by Richardson Drug Co.

Eggs went up to 40 cents a dozen in Kansas City last week. The hot and dry weather of last summer and the cold weather of this winter have contributed to shorten the egg crop which has caused present high prices. It is said that a lot of cold storage eggs shipped from Chicago to San Francisco a while before Christmas, was shipped back to Chicago last week and then paid a good profit at the California end of the line. In 1893 eggs sold at 40 cents a dozen in New York, but the high prices prevailing in western cities at this time is something new.

**SILVER DIME OIL COMPANY**  
GALVESTON, TEXAS  
owning property on the famous oil field, SPINDLE TOP HEIGHTS AT BEAUMONT  
continues to offer its stock for sale at the par value of 10 cts. a share. The company is rapidly improving its holdings and more developments are to be made; for this purpose stock is still being sold, no advance in price having been made, but when sufficient funds have been raised the stock will be withdrawn from the market and sales discontinued.  
Our first gusher, being one of the finest in the field, produces 100,000 barrels of oil per day. The second is expected within the next few days.  
A contract has been made for the sale of one million (1,000,000) bbls. of oil, and this enables the company to begin paying dividends—the first to be paid Feb. 1, 1902. Stockholders buying now reap the benefits of this dividend.  
Those intending to buy stock are reminded to do so at once so as to be in time for the first dividend and not to be too late to get in.  
We refer to the following who have investigated our holdings and approve them:  
Messrs. Alf. F. Rector, county attorney of Saline county; J. E. McAmis, county treasurer of Saline county; Ernest D. Martin, state senator, all of Marshall, Mo.; E. W. Parker, real estate and loans, Pleasant Hill, Mo.; M. V. Wright, director Farmers' Bank, Norborne, Mo.; E. W. Patton, druggist, Richmond, Mo.; E. T. Steele, real estate and loans, Nevada, Mo.  
All the above gentlemen fully endorse the proposition and express surprise at the extent of our holdings.  
We make you the following proposition:  
**OUR RED LETTER OFFER**  
Any town, community or locality buying Five Hundred Dollars' Worth of Silver Dime Oil Company Stock may select one of their number to visit Galveston and Beaumont to personally inspect the oil fields, the Silver Dime Oil Company and its property, and upon the company being notified that such person has been selected, we will forward to him free transportation to Galveston and Beaumont and return, and if, upon thorough investigation, the representations made by us are not true, we will, in addition to such free transportation, return to him and his associates all money paid for stock by them.  
SIGNED: SILVER DIME OIL COMPANY.
