Frank Defayette of near Hamden is reported to have lost ten head of cattle by lightning during the thunder-storm Tuesday of last week.

E. A. Geringer of Iowa is erecting an imposing 10-room domicile on the valuable farm he bought of A. R. Cawthron near Triplett not long since.

A. Emmerich of Salisbury lost two head of calves with black leg on his farm last week. He has since had the remainder of the herd vaccinated, and others in the neighborhood are doing likewise with their young bovines.

A sensible woman instead of fighting pretty girl servants thinks they are the best kind. When she has a pretty girl in the kitchen the ice and milk men give her good measure and the bread man throws in cookies with the loaves.

Misses Lena Hamilton and Lora Meyer and Mrs. J. W. Bailey, all of near Shannondale, departed Tuesday for a protracted visit to Miss Hamilton's uncle and Miss Meyer's sister, Mr. and Mrs. E. H. Hamilton of Plainville, Tex.

D. B. Howard, formerly of Sumner, who has been at Union City, Okla., for nearly a year, has returned to Missouri and will likely locate in Kansas City. Those who have lived in Missouri once are seldom ever satisfied till they get back.

Uncle Sam has refused, point blank, to permit Postmaster McCurry to leave the outer door of the Salisbury post-office open within certain hours for the accommodation of those who have lock boxes, unless the postmaster or one of his assistants is present.

Tunis Brooks, for several years a resident of Salisbury and vicinity, died of Bright's disease Tuesday, May 19, at the home of his son, W. O. Brooks, in St. Louis. The deceased was 73 years old. His remains were shipped to Salisbury and from there taken to New Hope cemetery for interment.

We see by the Sumner Star that while playing in the road with some other children Thursday afternoon the little son of Josie Stombough was attacked by a vicious dog belonging to Ben Edemann and horribly lacerated on the side. The child was brought to town and his wounds were dressed by Drs. Hardy and Lewis. The dog was promptly killed.

Ninety head of horses and mules harnessed to plows, harrows, drags and planters, preparing the soil of sixty-five acres and planting this field in one day, made an exhibition of which the citizens of Callaway may be proud, says the Fulton Sun. The owner was a poor but industrious farmer who had been sick for several weeks. Truly he has good neighbors.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by Richardson Drug Co.

NOW LOOK OUT!

"Take care of yourself," say our friends. "I'll try to," we answer. We do take a little care, yet in spite of warm clothes, rubbers and Mackintoshes, an army of people were bowled out by pneumonia and other lung and chest diseases last winter. They caught cold neglected it, let it fix upon them, were torn by coughs, choked by inflammations and congestions, wasted by fever, tired out by pain and then gave up the fight. The hour you realize that you have a cold on the chest, place a Benson's Porous Plaster where the pain or oppression is felt. If you think two are needed make it two. No harm if you were covered with them. They act quickly and prevent the engorgement of blood in the organs. In this way—with ordinary caution as to exposure—you will break up the cold and avoid a serious sickness. No other applications, or any other form of treatment, will accomplish this as certainly and speedily. Benson's Plasters have a distinct and positive action and are curative to the highest degree. Use them with the same confidence for coughs, muscular rheumatism, the grip (back and chest) and all similar ailments. Women, who are chief sufferers from cold weather complaints, should keep these plasters always within reach. Get the genuine. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each. Seabury & Johnson, Mfg. Chemists, N. Y.

The Noted Evangelist.

Rev. E. Payson Hammond, A. M., Hartford, Conn., writes: "I have been using Dr. Kay's Renovator and Dr. Kay's Lung Balm and have been much benefited by their use. I am glad to recommend them, and Mrs. Hammond joins me in this hearty." Sold by all druggists.

John W. Hill of Livingston county, a member of the state board of agriculture, a Democrat, good and true, and every inch a gentleman, has recently announced his candidacy for the legislature, subject to the decision of his party.

The Salisbury Democrat rises to remark: The editors of the Democrat have never yet aspired to any office within the gift of the people, but at the present time we would not mind filling the office of meat inspector until that luxurious diet comes within the reach of our income.

Frank Way's warehouse back of his foundry in Chillicothe caught fire Monday evening, supposedly from a spark coming from the furnace, and, together with its contents, consisting of patterns and farm implements, was destroyed. Loss, about \$2000, full covered by insurance.

World-Wide Reputation.

White's Cream Vermifuge has achieved a world-wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and anfrthy children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at H. M. Sigloch's.

We learn from the Cunningham correspondent to the Sumner Star that our esteemed friend, R. J. Waugh, has been informed of an inheritance through the death of a relative in Virginia. We are very glad to hear of any good fortune coming to Mr. Waugh and family as they are worthy of the best the world can give them.

Ely's Liquid Cream Balm is an old friend in a new form. It is prepared for the particular benefit of sufferers from nasal catarrh who are used to an atomizer in spraying the diseased membranes. All the healing and soothing properties of Cream Balm are retained in the new preparation. It does not dry up the secretions. Price, including spraying tube, 75 cents. At your druggist's or Ely Brothers, 56 Warren Street, New York, will mail it.

Livingston county is in a muddle over the tax levy for this year. The court made an aggregate levy of 50 cents on the \$100 valuation, 32 cents for county purposes, 8 cents for township purposes and 10 cents to pay out-standing warrants and now the same court instructs the county attorney to petition the circuit court judge asking him to rescind the order made to levy the 10-cent tax to redeem county warrants.

An apple orchard of twenty-five acres in Livingston county has had every green leaf and apple bud destroyed by the canker worms, so says Prof. Smith.

Charles Coon, aged 20 years, of Chillicothe died of consumption. On the same day four years ago and almost at the same hour his sister died of the same disease.

John Minshall, aged 60 years, of near Bevier was thrown from his carriage while on his way to church Sunday evening and had his neck broken, producing instant death.

A correspondent of the Chillicothe Constitution says: "The canker worm measures the tree for a next year's crop and satisfies itself on the leaves and apples at the same time."

Pastures in one locality in Livingston county are so over-come with "purse" weed that it taints the milk and butter from the cows that feed on it so badly that they cannot be sold.

While attending church at Marceline, in company with a couple of young lady, Frank Hayes had the breeching stolen from his buggy harness. How thoroughly contemptible such petty thieving is!

The beef trust is having a demoralizing effect on some of the inhabitants of Brookfield, and as a consequence Abe Richlett's smokehouse was robbed of five hams, two sides and a shoulder, while Geo. Richards mourns the loss of his only country ham and a man named Foster is minus his last side of bacon.

Ex-Attorney-General Churchill

Writes in his characteristic way: "Mrs. Churchill has used your Dr. Kay's Renovator and been greatly benefited thereby. She had never been able to find any relief before for her stomach trouble. I believe this great remedy is worthy of the confidence of the people." At all druggists.

Dr. W. W. Ellis of Marceline, coroner of Linn county, was called to Meadville Thursday to hold an inquest on the body of Miss Susie Wildhaber who, it was thought, had fallen dead while crossing a lot. On arriving at Bucklin, Dr. Ellis was informed that his official services were not needed as Miss Wildhaber had recovered. Instead of having dropped dead, as was supposed, she had only fainted.

Mayor Davis of Macon arbitrarily dismissed Tony Griffin from the police force and gave no reasons for doing so. Knowing him to be a faithful officer, who did his duty impartially, 300 of the law-abiding citizens of Macon petitioned his honor for Griffin's re-installment, but the mayor persistently refuses to heed their request. The Times-Democrat says two elements of the city are opposed to Griffin—the saloons and the negroes. He enforced the Sunday law against the saloons and made the negroes keep their places.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret: It cuts out the phlegm and germ-infected mucous, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. In Java

Natives do not glaze coffee with a cheap and impure coating. They have too high a regard for health as well as for the naturally delicious flavor of their popular berry. The very American roasters who glaze their package coffees do not dare to touch or glaze their high priced Mochas and Javas. Why? Is never glazed or adulterated. It is JUST PURE COFFEE.

Spring Ailment.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a tight exit, and by its tonic effect fully restore the wasted tissues and give strength in place of weakness. 50c at H. M. Sigloch's.

Sciatic Rheumatism Cured After

Fourteen Years of Suffering. "I have been suffering with sciatic rheumatism for fourteen years," says Josh Edgar of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." It is for sale by Richardson Drug Co.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of sugar and coffee than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning.—H. R. PHELPS, Plymouth, Okla. As will be seen by the above the threshers were able to go on with their work without losing a single day's time. You should keep a bottle of this Remedy in your home.
