

ANOTHER rich gold strike is reported from Idaho.

SOME men manage to fail for more money than they were ever worth.

AN apparently inexhaustible supply of asbestos has been discovered in Wisconsin.

UTAH Republicans are preparing to break into the senate with a "saint" and a polygamist.

THE country will now settle down to the delightful spectacle of "a revision of the tariff by its friends."

THE elections are over and the notorious Mr. Addicks still holds the balance of power in the Delaware legislature.

THE trans-continental railroads are not trying to remove the obstacles in the way of the Panama canal negotiations.

THERE is a faction in Washington which shouts "Hanna" every time anyone mentions the presidential nomination of 1904.

KIPLING has been left out of the new edition of the Encyclopedia Britannica. But that once happened to Tennyscn.

REPRESENTATIVE BAB COCK says the people voted for a Republican house because they wanted a revision of the tariff.

"ROOSEVELT and Shaw" would no doubt be a euphonious combination but there will be a temptation to print the last name pshaw!

WE are informed that Cripple Creek resembles heaven only in having its streets paved with gold. Otherwise it resembles the other place.

THE administration of Governor Odell received a "sweeping endorsement" similar to that Rutherford B. Hayes received for the presidency.

SENATOR BEVERIDGE is engaged in organizing a charming little junket through those territories which aspire to become states; at government expense, of course.

SINCE the election of Mr. Pennington, Mr. Quay is more than ever convinced that anything with the Quay trade-mark will be swallowed by the Pennsylvania Republicans.

THE secretary of agriculture went out to Nebraska and contributed some glittering oratory to the campaign of Representative David Mercer. No wonder Mr. Mercer was defeated.

CONGRESS authorized an expenditure of \$205,000 for the renovation of the white house. \$560,000 have been expended, and the country will have the pleasure of footing the bills.

HAVING practically completed his message, in which he "side-steps" the tariff question and makes a magnificent feint at the trusts, our strenuous president will now try conclusions with a Mississippi bear.

Renovate Your System with Dr. Kay's Renovator A System Purifier and Nerve Tonic

THE people have furnished the president a large Republican majority in both houses of congress and are prepared to enjoy the great spectacular fizzle, "The Castigation of the Wicked Trusts by the Republican Party."

Writes in his characteristic way: "Mrs. Churchill has used your Dr. Kay's Renovator and been greatly benefited thereby. She had never been able to find any relief before for her stomach trouble. I believe this great remedy is worthy of the confidence of the people." At all druggists.

THERE are growing deficits in the treasury receipts and Secretary Shaw says he may have to withdraw some of the funds with which he has been bolstering up Wall street inflation. The election is over now and the financiers can take care of themselves for a while.

OFFICIAL returns show the Democratic plurality in Missouri to be 45,244. If all Democrats do their duty and Republicans evince due appreciation for a properly governed state, Missouri will be unanimously Democratic in 1904.

Beautiful Clear Skies. Herbine exerts a direct influence on the bowels, liver and kidneys, purifying and strengthening these organs, and maintaining them in a normal condition of health; thus removing a common cause of yellow, mothy, greasy skin, and more or less of pimples, blotches and blackheads. 50c at H. In his annual report General Corbin recommends that there be appointed a musical staff to teach our best national songs to the enlisted men of the army. We wonder if General Corbin has heard a song, very popular with the men just now, and which carries the refrain, "Adjutant-General Corbin, He's a Grand Old Stiff."

COMPULSORY military service is a great drain upon the countries of Europe. Out of every thousand men in France fifty-eight are in the army. The proportion is not so high in the other countries, but it is too high everywhere as it draws productive labor away from its early training and puts undue burdens on the tax-payers.

A SMALL boy of St. Joseph took an alarm clock to church Sunday. He probably wanted to wake up the congregation while the minister was preaching. The alarm, however, went off during the opening prayer. The buzzing of the clock almost created a panic, but no one was injured except the boy, and he wasn't hurt until after he got home and came in contact with the family spanking machine, which was operated by his mother.

THE St. Louis Globe-Democrat, with its usual want of consistency is howling because, as it avers, corporations only pay taxes on thirty-five per cent of their holdings in this state. That is just thirty-five per cent more taxes, Mr. G.-D., than railroads paid under Republican rule in Missouri. Not only that, but the Republican party squandered about \$24,000,000 of the state's good money in railroad securities, which Democratic administrations have since paid. When it comes to Democratic and Republican management of state affairs in grand old Missouri, comparisons are odious in the extreme.

CASTORIA The Kind You Have Always Bought

THE St. Louis Globe-Democrat is still lying at the old stand. It seems to have contracted the Ananias habit in a chronic and incurable form. It is a menace to the Republican party, and is certain to keep Missouri in the Democratic column. Long may the G.-D. live! The Democrats need-it to increase their majorities in this state.

GENERAL MILES, it is understood, recommends in his annual report that the canteen be continued on its present lines and Secretary Root desires to see the former system of liquor selling restored, therefore the secretary is withholding the general's report from publication and the general, being in the Philippines, cannot protest.

COL. MOSES C. WETMORE, a former tobacco magnate, president of the Planters' Hotel Co. of St. Louis, was assaulted by Peter Arlund of Louisville, Ky., in the lobby of the Planters' hotel Sunday night for insulting a woman whom Arlund was stopping with at the hotel as his wife. Col. Wetmore denied the alleged insult, which consisted of having followed the woman to her apartments. There will doubtless be a lively tableau when Arlund undertakes to explain to the real Mrs. Arlund, who was at her home in Louisville at the time of the trouble with Col. Wetmore. Arlund has since challenged Col. Wetmore to mortal combat, evidently preferring a duel to facing his wronged wife.

WE don't think much of the stamp of Democracy or Republicanism that makes a man scratch his party ticket. The Democrat or Republican who takes part in a primary election or convention is obligated to support the nominee of his party, and when he fails to do so he ought to be debarred from further participation in making nominations until he has brought forth fruit meet for repentance. To bolt a party nomination means disintegration and disorganization of the party. The object of party nominations is to secure a solid party vote, and when that fails of its purpose we may as well have free-for-all elections. The good book tells us that "a house divided against itself shall fall." The editor of the COURIER is a regular yellow dog Democrat, and isn't a whit "yogger" than most Republicans either.

The Courier Wall Atlas.

The COURIER has added a feature which, we believe, will be very much appreciated by its patrons. It consists of a wall atlas of five maps, the first showing the flags of all nations and containing a lot of valuable statistical information of the United States; the second is a map of the state of Missouri, together with an alphabetical list of the counties, towns and cities, giving the population of each according to the census of 1900; the third is a map of the United States and her possessions, containing facts as to their capitals and first settlements and in relation to their general governments, areas, population and legislatures. On the back of this map there is an alphabetical list of all towns and cities in the United States with a population of 3,000 or over with the census of each for the years 1880, 1890 and 1900; the third map is that of the eastern and the fourth a map of the western hemisphere.

The atlas is worth \$1, but we furnish it to those who renew their subscription or who become new subscribers to the COURIER for only twenty-five cents. It is a valuable compilation, and a work that ought to be in every home in Missouri Parties who desire it mailed to their address must enclose six cents extra to cover postage.

Best Liniment on Earth. I. M. McHaney, Greenville, Tex., writes Nov. 2, 1900: I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1 at H. M. Sigloch's.
