During the recent protracted meeting, conducted by Eld. J. B. Lockhart of Carrollton at the Christian church in Bosworth, there were 19 additions to the church of that faith.

Carrollton has a new social organization called the National Friendship club. So far no two of the members of the club have fallen in love with the same fellow, and there has, as yet, been no breach of friendship. But just wait!

Marshal Slaughter of Fayette found Nettie Ashcraft, col., and her four sons, ranging from 20 months to 10 years of age, short on clothing, food and fuel Wednesday and in danger of freezing to death. The mother and sons were taken to the calaboose where their needs received proper relief.

C. B. Holmes, who was serving a two-years' sentence in the penitentiary for killing Jack Bivens in Linn county about a year ago, died of lung fever Sunday morning. His remains were shipped to Browning, his former home, for interment. Holmes had been in the penitentiary since last October.

Glasgow now sports a commercial club, but not all of its members are "sports." J. H. Denny is president, A. B. Southworth, vice-president, A. B. Price, secretary, H. H. Smith, assistant secretary and W. L. Hannaca, treasurer. The object of the organization is, as its name indicates, to promote the commercial interests of Glasgow.

**Deafness Cannot be Cured**  
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

We are sorry to learn that a son of John N. Stewart, an old and highly-respected citizen of Huntsville, has gone wrong. Albert A. Stewart and a man named Adams were arrested in St. Louis last week with \$500,000 in forged drafts in their possession, on which they were endeavoring to get the money. According to the papers there is no doubt about the guilt of the parties. At last accounts they were in the St. Louis jail awaiting trial.

Wm. Schorff, aged 21 years, met a tragic death in Marceline township Wednesday afternoon. He had gone to the timber to cut down some trees, one of which fell in the opposite direction from that expected and caught young Schorff's head between it and other tree, crushing the skull like an eggshell, and causing instant death. Not returning home in the evening, as was expected, his brothers instituted a search for him and found him, as stated above, about 11 o'clock at night. His body was partly frozen and he had evidently been dead several hours.

Not long since a young business man of Moberly married a young lady of that city, after what was regarded as a brief courtship. The marriage was a surprise to the business partner of the young man, also to the family and friends of the young lady. Shortly after the marriage the bridegroom got together the available funds of his firm and left on a bridal tour. A letter has since come from a lady in Washington who claims to be the lawful wife of the man who is away on his bridal tour. The name of the much married man is Wm. P. Vandergrift. His Washington wife says she is coming west to prosecute him. Vandergrift has been captured in Oklahoma City and will be returned to Moberly for trial.

# LIVER TROUBLES

"I find Theford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

"I used Theford's Black-Draught for liver and kidney complaints and found nothing to equal it."—WILLIAM COFFMAN, Marblehead, Ill.

# THEFORD'S BLACK-DRAUGHT

The lady who berates her husband for smiling at a pretty visitor will stir up all kinds of hell after she gets him tied up for keeps.

The Marceline electric light plant has been purchased by Geo. W. Early and W. P. Callahan of that city, who will at once equip the plant with modern machinery and give the patrons much better service.

**Mysterious Circumstance.**  
 One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c at W. C. Gaston's.

Louis Grace, a Chillicothe young man who is braking on the Burlington railway, had an arm badly mashed while doing some switching at Holt, Mo., Thursday, and the member subsequently swelled to twice its normal size. No bones were broken, however, hence the injury is not serious.

A new cornet band has been organized at Salisbury, which has been christened "The Modern Woodmen Band of Salisbury." Its membership is composed of John Mode, Chas. Haberly, Dan West, Gus Reppenhausen, J. Patterson, Irven Horton, Aubrey Fellows, Grover Wilkerson, A. David, Frank Ebert, Louis Smith, Marshall Bentley, E. Fidler and C. A. Krause.

Rev. Thos. Clark, an aged colored Baptist preacher of Chillicothe, died Wednesday. His death was supposed to have been due to grief over the demise of his two sons, one of whom was killed in a railroad wreck in Southwest Missouri last summer, while Luman, another son, committed suicide in the Livingston county jail a few weeks ago.

Mrs. Mary Thompson died at the home of her daughter, Mrs. J. Ewing, near Chillicothe, Tuesday night, aged 84 years. Her native name was Virginia, her maiden name Waddle, and she came to Missouri with her parents when she was a girl, hence was one of the pioneer settlers of Livingston county. She was married twice, but only leaves one daughter to mourn her death.

Geo. Difani, one of Brunswick's leading druggists, has just added a handsome Muxican onyx soda fountain to his establishment.

Mr. and Mrs. Eli Ward, two of Mendon's most highly-respected citizens, will celebrate their golden or 50th wedding anniversary next Monday, Feb. 22.

Clarence Welsh, porter at the Foreman house in Laeledge, cut John Bryant, also of Laeledge, on the left side of the face with a knife Monday, severing the maxillary artery. The cutting affray was the result of a quarrel between the two young men.

The Triplett Tribune says that J. U. Anliker went to Kansas City Friday, where he purchased a carload of good native coming 2-year-old steers. He brought them down Saturday and had them unloaded at Brunswick and drove them up to his farm, just south of Triplett.

While crossing East Yellow creek Saturday, Hugh Cassity and family of near Shelby had an exciting experience. The water was so swift that they were thrown out into the creek. Mrs. Cassity managed to swim ashore with the two children, but Mr. Cassity was in the water for fully half an hour with the team and wagon before neighbors came to his rescue.

Postmaster F. B. McCurry of Salisbury has served notice on the patrons that two miles, each, on rural free mail routes Nos. 2, 3 and 5 out of Salisbury have been abandoned, and that unless the roads and bridges on route No. 4 from the Mank place north are not properly repaired that that part of the route will be abandoned if the whole thing is not done away with entirely.

We note from the Salisbury Democrat that Mrs. Julia A. Epperson died Friday, Feb. 5, 1904, of rheumatism. Deceased was born in Macon county, June 4, 1850, and united with the Baptist church when 18 years of age. She was married to H. T. Epperson in 1868. To this union three children were born, two daughters and one son. Her husband died Nov. 7, 1881, of pneumonia, and from that time she has lived a widow. The body was taken back to Macon and laid to rest in the Steel graveyard beside her husband.

The Sumner Star indulges in this nimrod canard: Chris Mueller tells of a rabbit hunt he had the other day that takes the cake. He took three of his cats and a gun down to a brushpile, near the house, and he and two of the cats stood sentinel while the other one went in and scared out the rabbits. He shot the first one that came out and the two cats caught one a piece. Then the other cat caught one and they went back to the house with four rabbits. Now if any one can beat this they will be awarded a prize next Christmas. If any of our readers, says the Star, doubt this statement we will refer them to Chris Mueller.

We still have a number of COURIER wall atlases, and no well-regulated home should be without one. They make a convenient and ready reference, and contain maps of Missouri, of the United States and of the eastern and western hemispheres and the flags of all nations. On the state map is a list of all the counties, towns and cities of Missouri and the population of each for the census year 1900. There is on the back of the map of the United States a list of all the towns and cities of this country with a population of 3,000 or over for the census years 1850, 1890 and 1900. Call and get one of the atlases. They can be secured by subscribers to the COURIER for only 25c. At that price you cannot well afford to be without such a valuable compilation.
