William Jackson intended to start to Springfield, Mo., on horseback Tuesday morning, but it was too cold for him so he will wait until it gets a little warmer.

There is quite a little sickness in Rothville and vicinity, mostly colds and sore throats, with the exception of the chicken-pox, which nearly all of the school children and the little ones at home have had, but it has not made them much sick.

One family, Mike Smith's, have the measles, all six of the children that are at home have it, but it seems to be in a mild form. They think the disease was brought from Chillicothe Christmas by a daughter that had been going to school there.

"A sick sailor is a pretty helpless man. I have found that Peruna will do more to restore one than any other medicine I know, and I have carried a couple of bottles on board for many seasons. Seven years ago Peruna cured me of bronchial trouble in a few weeks and gave me such new life and nerve force that I certainly believe in telling you of it. "Give me my compass and Peruna and I will steer clear of wrecks of all kinds and land in port safe and well with vessel and men."—Capt. L. T. Carter, 123 10th Avenue, Pensacola, Florida. Capt. E. A. Watson, M. E., 48 Elizabeth street, Ottawa, Ont., writes: "Peruna has my heartiest endorsement. If there is any place that you are helpless when ill it is on board a steamer, at sea, miles away from any assistance. Sometimes two or three of my men would be sick at one time and seriously cripple the force, but since we have learned of the value of Peruna, by taking a few doses they recuperate very quickly. We use it for colds, lung

trouble and kidney diseases, and have also found it very fine for la grippe. "Peruna is always one of the most important supplies of my steamer."—E. A. Watson. With a bottle of Peruna aboard sailors have a remedy on which they can rely. Commodore U. S. Navy. Commodore Somerville Nicholson, of the United States Navy, in a letter from 1837 R St., N. W., Washington, D. C., says: "I unhesitatingly recommend Peruna to all persons suffering from catarrh."—S. Nicholson. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

dence of Mrs. Vallie Park Tuesday afternoon, January 24, 1905. Mrs. Winn, in company with her daughter, Mrs. Pearl Agee, had spent the day with Mrs. Beckelheimer in College Place addition and started home about 4 o'clock. The day was cold and the wind strong and Mrs. Winn complained of feeling cold and tired. She suggested that her daughter walk on home and she would stop at Mrs. Parks' and rest. Mrs. Parks saw her coming and, noticing her step was unsteady, went to her assistance and helped her into the house, where her condition was found to be serious. Physicians and relatives were summoned to her bedside and all that could be done was done for her relief, but to no effect, and her spirit winged its flight. The end came about 5 o'clock. Deceased leaves a husband and seven children, two boys and five girls, and a host of friends to mourn her death. Funeral services were conducted from the family residence Thursday at 1 o'clock p. m. by Rev. Watts after which the remains were interred in the Salisbury cemetery. Truly a good woman has gone to her reward.
