AN OLD ADAGE SAYS

"A light purse is a heavy curse. Sickness makes a light purse. The LIVER is the seat of nine tenths of all disease."

Tutt's Pills

Go to the root of the whole matter, thoroughly, quickly safely and restore the action of the LIVER to normal condition.

Give tone to the system and solid flesh to the body. Take No Substitute.

Cleared for Action.
When the body is cleared for action by Dr. King's New Life Pills you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At O. B. Anderson & Son's drug store, 25 cents.

We note in the Salisbury Press-Spectator that Mrs. Eva C. Tixson of the Dixon hotel in that city says that as soon as the "Salisbury Cement and Stone factory" gets into good working order she is going to erect a large building between her hotel and the Press-Spectator office of the new material. A part of this building will be used as an annex to the hotel, the other as offices.

The Salisbury Democrat of last week tells its readers that Ben Brizentine, who had just drawn his quarterly pension and was feeling a little overjoyful, got into trouble Wednesday evening in the rear of Karcher's saloon with Claude Williams, with whom he was "rushing the car," which resulted in Brizentine being knocked senseless with a brickbat. He was unconscious for some time, but finally recovered. Williams was arrested by Marshal Crawford and brought before Mayor Patterson who assessed his fine at \$20 and costs.

Herbina
Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood purifier and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease you will use it if you are wise. R. N. Andrews, Editor and Mgr. Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbina in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. I recommend it unhesitatingly." 50c. Sold by H. M. Sigloch.

A death around which a cloud of mystery hangs occurred at Glasgow Sunday night. Delia Adams, a well-known negress of that place, was found dead in the neighborhood of E. D. Eagleston's marble-shop between 10 and 11 o'clock that night. About 10 o'clock Will McClintock heard cries of some one in distress as he was leaving the residence of John C. Koester. He paid no heed to the sounds at first, but in about 10 minutes he, in company with Lee Ballew and Covey Perkins, started toward the spot from whence the sounds came. The woman, Delia Adams, was found to be lying dead on her face. Her clothing was torn, a corset was found near by, indicating that she had died in great agony. The body was taken to Wengler's undertaking rooms, where the coroner's inquest was held. Judging from the large volume of froth issuing from the nose and mouth, the rigidity of the body and muscles, it was the opinion of Dr. Pritchett, who was called to testify, that there was poison in the system. The theory of heart disease was a remote possibility from the fact that she was heard to cry out for at least 10 minutes before life was extinct. The jury, being left without tangible evidence, returned a verdict of death from unknown causes.

Itch cured in 30 minutes by Woolford's Sanitary Lotion. Never fails. Sold by all druggists.

Fred Weidy, one of the Courier's clever German friends of near Salisbury, is adding to the value of his farm by the erection of a commodious barn, which is 48x50 feet and 18 feet high.

The junior editor of the Sumner Star went to a dance at Brookfield one night last week, and now has a disfigured nasal organ, but says he brought it in contact with an icebox. The thought we would like to know is what an icebox was doing at a dance.

We learn from the Salisbury Democrat that Chas. E. Sombart has just completed arrangements for the erection of a \$40,000 hotel in Boonville, which will be managed by Col. W. R. Milion, who is at present owner and manager of the Million hotel of that city and formerly proprietor of the Million hotel in Salisbury, which was destroyed by fire.

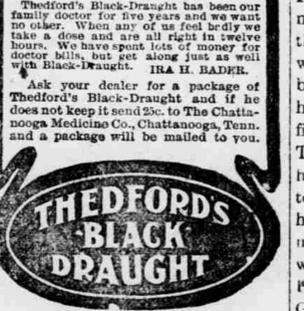

The North Chariton scribe of the Salisbury Press-Spectator says: S. N. Moore had a peculiar accident to happen to one of his horses Sunday. The animal was grazing along the banks of a ditch when the bank gave way and she fell in such a manner that she could not get up. With the assistance of several neighbors she was dragged out and did not suffer any severe consequences.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case that fails to cure, send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists. The Great Family Pills are the best.

The Indian Grove correspondent of the Salisbury Democrat had this interesting item, among others, last week:—Henry Ervin and bride of Springfield, Ill., spent the last part of last week with their sisters, Mesdames Wm. Clavin. Henry was formerly an Indian Grove boy and has made an upright, industrious young man, holding a position as brakeman on the Wabash railway. Although his bride is not known here, we are sure he has chosen all right, and we can only wish for them a long and happy life. Mr. and Mrs. Ervin left Sunday evening for Springfield, where they will make their future home.

Theford's Black-Draught comes nearer regulating the entire system and keeping the body in health than any other medicine made. It is always ready in any emergency to treat ailments that are frequent in any family, such as indigestion, biliousness, colds, diarrhoea, and stomach ache.
Theford's Black-Draught is the standard, never-failing remedy for stomach, bowel, liver and kidney troubles. It is a cure for the domestic ills which so frequently summon the doctor. It is good for children as it is for grown persons. A dose of this medicine every day will soon cure the most obstinate case of dyspepsia or constipation, and when taken as directed brings quick relief.
DANVILLE, ILL., Dec. 23, 1902.
Theford's Black-Draught has been our family doctor for five years and we want no other. When any of us feel badly we take a dose and are all right in twelve hours. We have spent lots of money for doctor bills, but get along just as well with Black-Draught. IRA H. BADER.
Ask your dealer for a package of Theford's Black-Draught and if he does not keep it send 50c. to The Chattanooga Medicine Co., Chattanooga, Tenn., and a package will be mailed to you.

One Cold and Another

The season's first cold may be slight—may yield to early treatment, but the next cold will hang on longer; it will be more troublesome, too. Unnecessary to take chances on that second one. Scott's Emulsion is a preventive as well as a cure. Take

SCOTT'S EMULSION

when colds abound and you'll have no cold. Take it when the cold is contracted and it checks inflammation, heals the membranes of the throat and lungs and drives the cold out.

Monday night, says the Mendon Constitution, as the fast train going west arrived at the stock yards here, a bullet or stone crashed through one of the car windows. The trainmen wired back from Dean Lake, but the guilty party could not be found. The company has complained of similar misconduct here before, and unless it is stopped, some "Indian" will have trouble on his hands and plenty of it.

While on their way home last Saturday night Mrs. Adcock and daughter of Carrollton were assaulted by several white men. One of the men grabbed the girl in his arms and kissed her. The mother attempted to protect her daughter and was struck in the face by one of the parties. The officers arrested several men, three of whom, Luther Allys, Clifford and Ross Kemp, were identified as the ones who assaulted the women. Allys was fined \$10 and costs, and Ross Kemp, the one who struck Mrs. Adcock, was fined \$100 and costs, and as he could not pay the fine he will have to lay it out in jail. This is the third time that women have been assaulted on the public streets in Carrollton within the past year.

John Packham was arrested Monday by Sheriff Graves and taken to Macon, where he was placed in the Macon jail. Sometime last year Packham was tried in the Macon circuit court on the charge of forgery and sentenced to one year in jail, but was paroled by the court on condition that he would appear at each subsequent term of court for a year and furnish proof of good behavior. This Packham failed to do, saying that he did not understand that there was any such requirement. Packham appears to be a man of many troubles, one of which was that of being killed in a railroad wreck some time since and his body brought to Brookfield by his father and buried, as Brookfield people will remember. That didn't trouble him greatly, however, as the dead man proved to be somebody else and Packham in time turned up very much alive. The Macon court will probably be lenient when Packham explains.—Brookfield Gazette.

According to the Prairie Hill correspondent of the Salisbury Press-Spectator, Miss Ula, daughter of C. S. Johnson, was on her way from Salisbury to her home, near Prairie Hill, Monday when the horse she was driving became unmanageable and ran off. Ula jumped out of the buggy and escaped unhurt. The horse ran for some distance and completely demolished the buggy.

A couple of post-office inspectors were at Sumner last week inspecting the post-office at that place. C. W. Northcott, editor of the Star, is also postmaster, and handles cigars and tobacco as a side issue. He says the inspectors passed around the good cigars and helped themselves to a box of his favorite tobacco and left on the Wabash for parts unknown. As editor Brother Northcott enters his protest, but as a partaker of post-office pie he is forced to grin and bear such high-handed deprivations.

F. W. Altman of Valley township will be tried before Squire Greer next Monday on the charge of assaulting Everett Chasteen with a leaden billey. The trouble occurred after a church meeting, Chasteen, who is a boy of 15, charges that Altman ran up and struck him without provocation. Altman claims that Chasteen and some other boys were running their horses against him and trying to make trouble. Within the past few weeks there has been numerous clashes between rival factions in the community and a number of trials before justices have resulted.

We are informed through the columns of the Mendon Constitution that Lee Richardson had a narrow escape from accidentally shooting himself with a target rifle Friday. He had been shooting sparrows and had leaned the gun up against the pump, forgetting it was loaded. He sat down near the pump and after a while he reached over and pulled the gun towards him muzzle first, the stock struck the platform and the gun was discharged, the bullet just grazing his arm. Outside of a good scare, no damage was done.

Healthy Mothers.
Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Boschee's German syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; large size, 75c. For sale by H. M. Sigloch.

Nasal CATARRH

In all its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.
Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail.

There was an amusing incident on Burlington train No. 6 Wednesday morning. Conductor Charles McVey of Brookfield in taking up the tickets of the passengers after Monroe City was passed asked a smart looking little boy in a Buster Brown suit for his ticket. "You go get one if you want it, I guess I bought this one for myself," replied the lad looking up at the waiting conductor. Conductor McVey looked puzzled for a minute. The boy's mother, relieved the situation by forcing him to give up his ticket. The passengers all laughed.

Saved by Dynamite.
Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long you feel as if nothing but dynamite would cure it. Z. T. Gray, Calhoun, O., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At O. B. Anderson & Son's drug store, price 50c and \$1.00; guaranteed. Trial bottle free.
