WEEK

WEEK

Save \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same) we will give free one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. **DON'T FAIL TO SEE IT.**

### SPECIAL

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES" — SHOW YOU why the MAJESTIC is the best range on earth at any price.

### COME, IF YOU INTEND TO BUY OR NOT

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. **DON'T OVERLOOK** a chance to KNOW THINGS shown by one who knows. **COME.**

## Which Shall It Be?

Do you intend to continue laboring, burning valuable fuel and destroying high priced food with that old worn-out cook stove?

You know that old stove eats up a lot of fuel each year.

You know you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

Stop and think and figure.

Wouldn't it pay you to buy a good range—a range with a reputation—

### THE GREAT MAJESTIC MALLEABLE AND CHARCOAL IRON RANGE?

You make no mistake in buying the GREAT MAJESTIC — it's the range with the reputation — ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE and CHARCOAL IRON—riveted together practically air tight — lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning) heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen;" you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

Mr. Jack Allega and sister, Miss Crickett left Monday for Covins, California for an extended visit with their sister, Mrs. Paul Jackson formerly of Salisbury, Mo. Mr. and Mrs. Jackson have resided in California for nearly two years and both are very much in love with the country. Miss Crickett visited there several months last summer, and is also elated with the country, and may decide to make her home permanently with Mrs. Jackson but as this is Jack's first trip to California, we predict that he will be smiling on the girls in Missouri again 'ere long.

**PRICE MONUMENT**  
Bids For Erection to be Received October 3

The committee, chairman Major Daubney Ingram, of Nevada, Mrs. B. Hughes, Cor. Secretary and M. W. Anderson, Treasurer, met last week and set, Thursday, October 3 for receiving bids for the erection of the Price monument.

The committee has had some splendid designs submitted to them and at a price within reach of the fund available, but as ever we regret exceedingly that the amount is not double what it is so that such a memorial as would be imposing a hundred years hence would be erected in memory of the distinguished statesman, warrior and citizen.

Berry Robinson and family, the editor of the Brunswicker spent Sunday here.

**Stockman Attention**  
As we have all our breeding stock at our stables we are ready for the fall season. Our horses and jack are standing at same terms as last spring. And we will appreciate your patronage.
