

# WOMEN SHOULD BE PROTECTED

Against So Many Surgical Operations. How Mrs. Bethune and Mrs. Moore Escaped.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had headache and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."—Mrs. DEBRA BETHUNE, Sikeston, Mo.

Murrayville, Ill.—"I have taken Lydia E. Pinkham's Vegetable Compound for a very bad case of female trouble and it made me a well woman. My health was all broken down, the doctors said I must have an operation, and I was ready to go to the hospital, but I read it so that I began taking your Compound. I got along so well that I gave up the doctors and was saved from the operation."—Mrs. CHARLES MOORE, R. R. No. 3, Murrayville, Ill.

**Work on Salisbury Schools**  
Attorney Gilbert Lamb was in Jefferson City last week to register \$10,000 of bonds issued for the new school building at Salisbury. The work of remodeling the building purchase will be commenced at once. Half of the amount raised will be utilized to pay for the ground and building purchased; and the remainder for equipping the structure, part of the equipping consisting of opera chairs in a big room which is to be used as the auditorium. As soon as ready, the high school will be transferred to the new building.

"It is a pleasure to tell you that Chamberlain's Cough Remedy is the best cough medicine I have ever used," writes Mrs. Hugh Campbell, of Lavonia, Ga. "I have used it with all my children and the results have been highly satisfactory." For sale by all dealers.

**Their Golden Wedding**  
Mr. and Mrs. W. B. Clem recently celebrated their Golden wedding anniversary at their home near Salisbury. They were born and reared in Kentucky, married in that state and lived there until 1870 when they came to Missouri. Quite a few gifts were bestowed on the worthy old couple.

**The Difficulties of English**  
"Now, Noguchi, in the matter of your wages," said Mrs. De Rich to the candidate for the office of Japanese butler. "Money no object," smiled Noguchi. "Oh, indeed. How nice!" said Mrs. De Rich. "You mean you will work for nothing?" "No, no, no!" cried Noguchi. "Me mean no object to money."

**For the Hair**  
Are you so fortunate as to be well satisfied with your hair? Is it long enough, thick enough, rich enough? And your hair does not fall out? Well, well, that is good. But you may know of some not so fortunate. Then just tell them about Ayer's Hair Vigor. They will surely thank you after using it, if not before. Remember, it does not color the hair. Show the list of ingredients to your doctor. Let him decide their value. He knows.

**Jensen-Mann**  
The Sedalia, (Mo.) Democrat of October 30 has the following account of a marriage involving a lady well known to Chariton county people:

In the presence of a few friends and relatives at the home of Rev. W. P. Buckner, 1106 West Fourth street, Tuesday afternoon were united in marriage Mr. A. Jensen of Independence, Mo. and Miss Emma Mann of Springfield, Mo.

The parlor was beautifully decorated with autumn leaves and chrysanthemums. Mr. Horace Mann a prominent business man of Brunswick, Mo., a brother of the bride with his wife, sang the old Norwegian duet, "Last Night," by Kjerluf, after which Miss Evangeline Fulcher of Chicago a niece of Miss Mann sang "O, Promise me."

Little Emory Buckner led the march and carrying a beautiful bouquet of cream roses placed it in the bride's hands. A beautiful and impressive ceremony was pronounced by Rev. Buckner which ended a very strange romance.

Mr. Jensen is a native of Denmark, having been a citizen of the United States about twenty years. He is a graduate of the Copenhagen college. He is a specialist in agriculture. He was one of two delegates appointed by the king of Denmark to visit other lands, securing information in agriculture for the promotion of that industry, in Denmark. Mr. Jensen is a cultured gentleman.

Miss Mann is a highly educated and refined lady, a native Missourian and well known to many of the best people of the state. She has taught music in Howard Payne college for women, likewise in Morrisville college and West Plains. She is a graduate of Mrs. Meyers Bible Training school in Chicago, Ill. Many young people of Missouri owe much to this talented lady.

For some time Mr. Jensen has given much of his time to fine poultry raising. He is a member of the National Poultry association and was a delegate to that convention which met in Minneapolis. His Columbian Wyandottes are world winners.

Miss Mann had turned her attention to poultry raising when she noticed in a journal Mr. Jensen's advertisement of his fine Wyandottes. An answer to this advertisement resulted in a correspondence, culminating in a visit to Springfield and then another, until after two years love ripened into a happy wedding.

Friends and relatives were pleased with the union. Mr. Jensen has just completed and furnished a modern bungalow, among the trees overlooking the Missouri river where he and his bride intend spending the remainder of their days and where they will be at home to their many friends.

**Many Hunters Out**  
The first of the month saw many hunters in the field. Quite a few went out from Keytesville but that was nothing to the bunch that went out from Moberly and similar places. The Keytesville bunch found the birds scarce and far between. A few small bunches were gotten out with hard work but not many were bagged. Plenty of people thought that ducks would be plentiful after the deluge of Thursday night but they were disappointed. No ducks. Dr. Seiser who returned home Friday morning from St. Louis through Moberly, states that there were dozens of hunters up at 4 a. m. with dogs and guns, awaiting the coming of trains to waft them countryward. There was lots of shooting, but the game of all kind seems to be scarce. Even few rabbits are seen while hunters are searching for the fast-flying little Bob White.

**Fire at Brunswick**  
Three buildings in Brunswick were destroyed by fire Thursday, October 31. The origin of the flames is unknown. The houses burst suddenly into a mass of flames that defied the efforts of the fire-fighters and they were soon in ruins. The buildings destroyed were the Lutheran church, and two frame buildings one belonging to Mrs. Frank Whiteley and occupied by C. C. Stewart as a boarding house, the other belonging to John Myer's, Sr., occupied by the families of Conductor George Kinsey and Brakeman Charles Pollock, as a residence. The buildings and contents carried some insurance.

**Summer**  
Frank Clark and Miss Mattie McKee were married at Brookfield by the M. E. pastor, Rev. Reed.  
Max E. Boyer of Marble, Colo. and Miss May E. Burr formerly of Sumner were married Oct. 19 at Glenwood Springs, Colo., the bride's home.

**A Financial Organ**  
Blobs. If you were going in for music, which instrument would you choose?  
Slobbs. Well, I have always thought I would like to be a soloist on a cash register.—Philadelphia Record.

## A WINTER COAT

not only keeps cold out, but conserves body-warmth; body-fat serves the same purpose, it enables us to resist unsettled elements and serves as the great source of our body-heat. Greater body-warmth means richer blood, more fat, not obesity but fat which the body consumes for warmth, vitality, resistance-power—as a furnace consumes coal for heat—**Scott's Emulsion** does this.

A teaspoonful after each meal makes body-warmth healthy, active blood—sharpens the appetite and makes all good food do good.

It dissolves out and keeps out colds by raising endurance-power and creating strength.
