The buying of stockers and feeders last week at the K. C. market was up to the usual standard. Not much stuff was taken out to this neighborhood. Noble Bros. and Bushnell Bros. of Livingston Co. were in the market the first taking a load of stockers and the latter a bunch of 1000 lb. feeders.

George Conrad, one of the good and well known citizens of Rockford has been numbered with the sick.

Rabbits Cheap
An exchange was protesting against the high cost of rabbits. It claimed that 10 cents per rabbit was an excessive price and that it was the usual thing to get them for five cents. A local resident bought two rabbits a short time ago and the pair weighed 3 lbs. This made them 6 2/3 cents per lb. They are solid meat, too, and if there is anywhere else anyone can get meat at that price per lb. solid meat with a minimum of bone and fat, the place has not yet been heard from. Let us give the rabbit his dues.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED
Look Mother! If tongue is coated, cleans little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Near Higginsville there was a New Years wolf hunt in which 500 men and some dogs caught 3 wolves and 3 foxes. A dozen or two more of these animals are said to have escaped.

Do, then Don't
Governor Folk has quit smoking, to set a good example to the boys, he says. He averaged 15 to 20 cigars a day, so it is reported. Good resolution. Let all others who have a record like this for 30 years, do likewise. Like wise those averaging 15 to 20 drinks a day for 30 years. The rising generation is entitled to a chance and all those who have been going it pretty strong should step aside for a time. By the way, Frank Fisher, employed at the Planters Hotel in St. Louis, died Saturday the result of drinking too much milk. How long before it will come to pass that nothing will be left us but nursery rhymes and sterilized water. A. J. Drexel Biddle of Philadelphia, founder of the Drexel-Biddle Bible class swore off New Years also, and turned the contents of his wine cellar into the street. He said he used to drink a quart of whiskey each day but the last few years has used principally wine and ginger ale. He says he would have been better off without liquor. The question which naturally suggests itself is; what good can come of telling the boys of such excesses, by men of such prominence. There are millions of young men who will never touch tobacco or use strong drink who have no hope of ever becoming a Solicitor General of the U. S. or wealthy founder of theological institutes because they touched not, tasted not, handled not. Can it be that such "examples" will not prove more harmful than otherwise—a reason for, rather than an argument against?

Horse On Him
J. Larison of the Courier force made us a fashionable call Wednesday while in town trying to stir up something. The last we saw of him he was making a hurried exit from Salisbury in the direction of Keytesville a la pedestrian. We rather wondered at the latter until it occurred to us that mileage books have a way of being empty about the last of the year. We then reached a conclusion. — Salisbury Democrat.

The inference of the Salisbury man is a natural one. The fact is however that the visitor had a mileage book with plenty of mileage left, also the price of fare in his knickerbockers. The truth was that he had two hours to wait for a train and felt like he would feel better walking than sticking around. This is not the first time, just a matter of exercise.

Annual Rabbit Hunt
The annual Indian Grove Rabbit Hunt was held the day before Christmas this year and two dozen men were identified with the slaughter of the innocents. The East siders and the West siders were the contestants, 12 men on each side. The East siders doubled the score of the west end men, killing 424 rabbits while the West end boys only got 210. The total of 634 rabbits were sold to J. H. Bittiker & Sons at the Grove and the proceeds spent for a big oyster supper.

Extend Waterway Route
A Chicago steamboat firm has made arrangements it is claimed to meet the navigation company half way and make a continuous waterway transportation route from Kansas City to Chicago via the Missouri, Mississippi, Illinois and Chicago drainage canal. It is said likewise that arrangements will be made to make a through route to New Orleans from K. C. via St. Louis.

Pure Milk Needed
The Drovers Telegram says that experiment has shown that the impurities of milk arise to the top with the cream so it is impossible to make pure butter with either separator or skimming the cream unless the milk be pure.

Suffered with Throat Trouble.

Mr. Barnes used to be a Sheriff of Warren County, Tennessee. From exposure to the elements he acquired throat trouble. He supposed that his health was entirely ruined, in spite of all the treatment he could procure. After using four bottles of Peruna he claims that he was entirely restored to health.

Catarrh of the throat is not only an annoying disease of itself, but it exposes the victim to many other diseases. We are constantly breathing into our throats numerous atmospheric germs. Disease germs of all sorts. This cannot be avoided. If the throat is healthy the system is protected from these poisonous germs. But if the throat is raw and punctured with numerous little ulcers, by catarrh, then the disease germs have easy access to the system. Keep the throat well and clean. This is the way to protect yourself against contagious diseases. Gargle the throat as explained in the new "Tills of Life," sent free by the Peruna Co., Columbus, Ohio.

Mr. Barnes says: "I had throat trouble and had three doctors treating me. All failed to do me any good, and pronounced my health gone. I concluded to try Peruna, and after using four bottles can say I was entirely cured."

TAKES OFF DANDRUFF, HAIR STOPS FALLING
Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!
