### Connubial Infelicity

Henry Teijens and wife have agreed for the second time to paddle their own separate canoes, she going to her mothers home near Indian Grove and Henry everywhere else.

They lived on the farm near the Wabash station until Tuesday of last week when discord arose and Mrs. Teijens fled to the home of her neighbor, Mrs. William Lentz for protection as she claimed, from the beligerent disposition of her husband. In fact she claims to not have made her escape in time to avoid his wrathful attentions but on the contrary, before she could get away, he had lambasted her right smartly. They agreed to divide up the property which they did the latter part of the week and each took his and her portion of the proceeds and parted their ways.

Though there were no arrests peace officers were imperturbed by the much better half to interfere but the office was declined with thanks in the absence of a warrant. Chief Tisdale, however, saw to it that there was no fracture of bones, cuticle or the ordinances, (City, not hymenial) during their meetings in town while settling up the business affairs.

### "Canned" Drinkers

The Pittsburg & Lake Erie R. R. the first of this week summarily discharged 126 employees, engineers, firemen, etc. for drinking. The rule promulgated by the road is that it will not retain any employee who drinks either while or off duty. The men had been warned in advance.

### Take Out the Bill

A man of penetrating wisdom has said that the man who does not advertise usually has a circus bill in his window all winter.

## CASTORIA

For Infants and Children. The Kind You Have Always Bought

Bears the Signature of *Dr. J. C. Watson*

Mexico and Japan will have no luck so long as they denounce the U. S. The former is reducing population by butchery and the latter by earthquakes and starvation.

THE change may be critical and cause untold suffering in "after-life." The modern young woman is often a "bundle of nerves"—"high strung"—fainting spells—emotional—frequently blue and dissatisfied with life. Such girls should be helped over this distressing stage in life—by a woman's tonic and nerve—that has proven successful for over 40 years.

## Dr. Pierce's Favorite Prescription

is a keen enemy to the physical weaknesses of woman. A medicine prepared by regular graduated physician of unusual experience in treating woman's diseases—carefully adapted to work in harmony with the most delicate feminine constitution.

It is now obtainable in liquid or sugar-coated tablet form at the drug store—or send 50 one-cent stamps for a trial box, to Buffalo.

Every woman may write fully and confidentially to Dr. Pierce and his staff of physicians and Specialists at the Inevitable Hotel and Surgical Institute, Buffalo, N. Y., and may be sure that her case will receive careful, confidential, consideration, and that appropriate medical advice will be given to her free.

DR. PIERCE'S PLEASANT PELLETS regulate the stomach, liver and bowels. They are gentle, they give relief to take on combs.

### Wets Score One

The wets at Mexico scored their first point when the special master to hear the testimony filed his report with the supreme court last week. The master reported that the secretary of state had not completed the count of the signatures of the referendum petition suspending the operations of the county unit law at the time the election was held. This in effect a report that the county unit law was in effect Sept. 22 when the election was called, also October 27 when the election was held.

### Grabbing Tax-Dodgers

The grand jury at Carrollton unearthed four alleged tax-dodgers. Two of them, Peter Condron and Dave Standley, were put under bond. One was out of town and the other was expected in last Friday to give bond. There was a strong feeling that there are more niggers under woodpiles and the grand jury will meet again in April to turn over the woodpiles. In the meantime salvation is at hand for those who wish to make proper schedules and get in out of the cold water.

### Free To Farmers

By special arrangement Ratekin's big 1914 seed catalogue with a sample of "Diamond Joe's Big White" seed corn that made 153 bushels per acre, will be mailed free to every reader of this paper who is interested in the crops they grow. This big book tells how to make the farm and garden pay. It's worth dollars to all who plant or sow. Write for it and mention this paper. The address is Ratekin's Seed House, Shenandoah, Iowa. ### Criticises Employees

The Public Service Commission publicly censures the employees of the Missouri Pacific railway for carelessness and inattention to rules and instruction because of an investigation of a wreck near Boonville December 25 when the train crew were killed or injured and 37 passengers injured. The commission finds the accident due to the crew of the local freight taking the passenger right of way contrary to orders. This is the second accident caused by this sort of carelessness.

### School Days

In the local schools Saturday was a school day the same as the rest of the week days, last week and will be for several weeks. This is done to "make up" the school work lost the week when the school was dismissed because of the condition of the school building. The teachers and children alike were not pleased with the trend the affair manifested but the time had to be accounted for in order to finish the year's work at the scheduled time.

Commenting on the marketing of a carload of 12-year-old oxen at K. C. a week ago, a paper notes that if one were not a vegetarian now would be the chance to get enough beef at 25 or 50 cents the pound to last all year.

## WEAK KIDNEYS OFTEN THE RESULT OF OVERWORK

On several occasions I have been unable to work and suffered severe pains in the back due to my kidneys. I called on a doctor of Rippon, Wis. but received no relief.

I tried Dr. Kilmer's Swamp-Root which gave me instant relief. I was then able to resume work. Swamp-Root is the only relief I can get from kidney disease which I am subject to in the spring of the year. I am writing this testimonial through my own free will that sufferers of kidney and bladder diseases will know of the wonderful merits of Swamp-Root. I recommend Dr. Kilmer's Swamp-Root whenever I can and always have a bottle of Swamp-Root in my home.

I purchased Swamp-Root of Mr. E. J. Burnside, Druggist of 202 Main Street, Rippon, Wis. Very truly yours, Thomas J. Lynch, 525 Newbury Street Rippon, Wis. I have read the above statement that Thomas J. Lynch bought Swamp-Root at my store and made oath the above statement is true in substance and fact.

E. J. Burnside.

Subscribed and sworn before me this 15th day of November, 1911.

F. A. Preston.

Miss Hardin, a school teacher at Triplett, was burned about the arms and other parts of the body by coal oil she was using January 21 to coax a slow fire into action. A school student put his coat around her and stopped the blaze. She was taken to her home at Mendon. Miss Marie Fleetwood is taking care of her classes while she is ill.

### Lower Necessities

The Drovers Telegram remarks that the fashion papers show that the dresses this year will be lower at the neck than last year and says this is the first lowering of the necessities of life the editor has heard of since the lower tariff went into effect. This also goes to show that the women are interested in economical and political matters and want to take advantage of the lowering of the tariff. It is almost dangerous to think what the results might be of this country was given over to absolute free trade.
