

### Trustee's Sale

Whereas, William Young and Mary B. Young, his wife, by their certain deed of trust dated May 21, 1907, of record in book 30 page 548 of the records in the Recorder's office of Chariton County, Missouri, conveyed to J. M. Jayne, as trustee, the following described real-estate situate lying and being in the County of Chariton, Missouri, to-wit: Northeast Quarter (NE 1-4) and Southwest Quarter (SW 1-4) of Section Twenty-seven (27) and East Half (E 1-2) of the the Southeast Quarter (SE 1-4) and Southwest Quarter (SW 1-4) of Section Twenty-eight (28) and North Half (N 1-2) of the Northeast Quarter (NE 1-4) of Section Thirty-three (33) and the Southwest Quarter (SW 1-4) of Section Thirty-four (34) all in Township Fifty-five (55) Range Seventeen (17); which said conveyance was made in trust to secure the payment of a certain promissory note in said deed described, and which said note is now due and unpaid. And whereas, the said J. M. Jayne, trustee, refuses to act and the deed of trust providing that in case of refusal, death or inability of said trustee to act, that the legal holder of the note may appoint a trustee, and the undersigned is appointed to act in his stead and may proceed to sell the property therein described.

Now, therefore, by virtue of authority by said deed of trust vested in me, and at the request of the legal holder of said note, I will on Saturday, June the twenty-seven, 1914, between the hours of 10 o'clock a. m. and 5 o'clock p. m. of that day at the east front door of the Court House in Keytesville, Missouri, proceed to sell the above described real estate at public auction to the highest and best bidder for cash to satisfy said note and pay the cost of executing this trust.

Oswald Hicks,  
Substitute Trustee.

### Money For Farm Loans

National banks may now loan on farm property for a period of five years with the farms as security, the money loan in no case to exceed 50 per cent. of the actual valuation of the land. Comptroller Williams estimates that there is available for farm loans in the United States the sum of \$444,250,000.

### Administratrix Notice

Notice is hereby given that letters testamentary on the estate of Frank Grapperhaus, deceased, have been granted the undersigned administratrix of said estate by the Probate Court of Chariton County, Missouri, said letters being dated June 2, 1914.

All persons having claims against said estate are hereby required to exhibit the same to me for allowance within six months from the date of said letters or they may be precluded from any benefits of said estate, but, if such claims are not exhibited within twelve months from date of said letters, they shall be forever barred.

Francis Grapperhaus,  
Administratrix.

### "Curly" Bound Over

"Curly" Campbell, the lino-type operator, who was brought back from Chicago by Sheriff Holvey last week to answer to a charge of having secured money on a bogus draft from the State Exchange Bank some time ago, was arraigned before Squire Dempsey Saturday and held over to the circuit court his bond being fixed at \$1000. Campbell requested Prosecuting Attorney VanCleve to compile a list of the checks and drafts complained of in order that he might make arrangements for their liquidation. —Macon Democrat.

### Gasoline Down

The Standard Oil Co. has announced another cut in the gasoline price at St. Louis. Last year the Standard began price cutting when gasoline sold for 15.5 per gallon. Later it went to 12 cents and now is at 10.8 cents. The oil men say that over production is the cause of the lowered price and that competition has nothing to do with it. The best explanation seems to be that the Standard Oil Octopus just wants to be a good scout.

Ed Clark of Triplett who has been making his home with his sister, Mrs. H. B. Cook was brought to this city June 12 and was taken before the court which investigated his sanity. The court adjudged him insane and he was taken to the asylum at Fulton, Roy Barnes accompanying him. He was brought to Keytesville by Deputy Sheriff Shipp.

### To Conserve Moisture

At the recent meeting of the Apple Growers' Association of the Mississippi Valley. Various plans to save the fruit from droth harm were suggested. C. H. Williamson of Quincy favored mulching the orchards with straw. He argued that besides preserving whatever moisture there may be in the soil at pres, the straw mulch will also collect and preserve moisture from showers which may fall from time to time, but which in all probability will be entirely insufficient to supply moisture enough unless the mulch is used to preserve it.

H. Koeller of New Canton favors the straw mulch, also. H. C. Cupp is in favor of cultivating the orchard soil constantly, if possible, thus making a mulch of the earth. He also advised the use of a power sprayer, as it developed that insects are doing some harm in many places.

E. J. Smith of the Hannibal vicinity considers low heading a very efficient means of preserving moisture in such a season as this. He thinks the lower branches of the trees should brush the ground. He sows cow peas and similar clover crops in his orchards.

After considerable discussion of the moisture question, which was taken part in, also, by Will S. Hall and F. H. Jeffries of Hannibal; William Chatten of Riverside; T. W. Stark and W. Stark Forgy of Louisiana, Mo.; T. C. Coffman of Barry; J. R. Williams, St. Louis and C. M. Fette of Hannibal, it seemed to be the consensus of the opinion that good results would follow the cultivation of orchard soil with disc harrows, followed by drags, and the sowing of cover crops though, as indicated above the straw mulch had some ardent advocates.

### Indigestion and Constipation

"About five years ago began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's Tablets helped me at once and by using them for several weeks I was cured of the complaint," writes Mrs. Mary E. McMullen, Phelps, N. Y. For sale by all dealers.

### No Free Ads

Candidates for district and state offices are in some cases offering to furnish to the country newspaper "free of charge" plate matter to be run by the papers "free of charge" to boost their candidacies. Newspapers are business institutions run for profit. There is no profit in giving of space which is for sale, free to men who are running for office for the money or power they get out of it. If the candidate is looking for what he gets out of it, why not figure that the newspapers also are looking for the same thing. They should pay for advertising space the same as any business man should who desires to advertise for his personal gain.

### Clara C. Hopper.

Clara C. Hopper, aged 18 years and 3 months, died at the home of her parents, Mr. and Mrs. Hopper of Brunswick, Sunday, June 14. She had been ill for some time past and the end was not unexpected. She is survived by her parents, two sisters and a brother, residents of Brunswick. The funeral was held at the M. E. church, Tuesday, June 16, in charge of the Rev. Robert White. Burial was at the Elliott Grove cemetery.

### Missing Girls

At the close of the Columbian exposition at Chicago it was reported that 6,000 girls who had gone to see the exposition had not returned to their home. Where they went no one knows. They were caught in the alluring, swift tide of the cities and made haven in the "port of missing girls."

### Boosting For "Farmer Dick"

C. F. Adams of Chillicothe, president of the Cross State Highway Association, was in Trenton today, and while visiting around among his friends, was boosting for "Farmer Dick" Jones for Congress, from this district. Mr. Jones has attained prominence as a good roads' man, and was induced by his friends to make the race against Congressman W. W. Rucker. —Republican-Tribune, June 16, 1914.

This old time stand-pat Republican that often "boosts" for the weakest Democrat for the Democratic nomination, but never votes for a Democrat after the nomination, had as well, better, in fact, confine his labors, of boosting "Farmer Dick" to some other section, or indeed attending to his "cross state highways" or his own party candidates and its affairs. His disorganized and demoralized party that succeeded in carrying Utah and Vermont at the cost of millions of dollars, two years ago certainly needs his attention.

Democrats in this "neck of the woods" need no advice or assistance from Republicans such as Mr. Adams, who, as we have said, never finds a Democrat good enough to boost after nomination, but is ever willing to advise and aid in nominating the weakest Democrat.

The permitting of Republicans to make Democratic nominations has not heretofore proven very satisfactory to the Democrats and Mr. Adams had, as we have said, better devote his time to his cross state highways and party affairs and candidates.

The fact is, that the voters of this district are more interested in good, rural, county, neighborhood roads, than in cross state highways.

No one could have shown a greater and more intelligent interest in good roads and all other matters vitally affecting the people in general than Judge Rucker. The only claim we have ever heard made as to why "Farmer Dick" Jones should succeed Judge Rucker is that he favors good roads. Please who don't? No one-ideaed man, a man championing an issue upon which there is no difference of opinion, for which all Democrats, Republicans, Progressives and all others are for, will ever succeed Judge Rucker. The man that succeeds him must have more than a mere cognomen, such as "Farmer Dick," or one idea, —good roads, —upon which all are agreed. —The Trenton Times.

### MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Theford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Theford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Theford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

The Brunswicker says that the Brunswick boys are going to get the scalps of the local baseball nine at the next meeting. Maybe, but it is a pretty good bet that they won't.

### Bossy

When summer comes the poor old cow finds sledding hard and comforts few; deep lines of trouble crease her brow, for grief is hers, the season through. Ten million flies light on her back, 10,000,000 more are on her legs, and every place the hide is slack, they build their nests and lay their eggs. All day she yields her weary tail, and swears in husky bovine tones; what wonder if she kicks the pail, or tries to break the milker's bones? Alas, the milker ponders not upon the woes that gave her bats; he reaches for a wet elm knot and plays a solo on her slats. We should be patient with the cows when flytime drives the beasts insane, for every minute, while they browse they suffer many kinds of pain. If Bossy kicks you on the chin, or puts her trilby in the pail, or tries to drive your whiskers in by blows repeated with her tail, don't let your angry passion rise, or for a large spiked bludgeon reach, but gently brush away the flies, and tell the critter she's a peach. Then put your mangled face in splints, and write a screed, serene and wise, insisting that the public prints should call on folks to swat the flies.

### Get Rid of Your Rheumatism

Now is the time to get rid of your rheumatism. You can do it if you apply Chamberlain's Liniment. W. A. Lockhard, Homer City, N. Y., writes, "Last spring I suffered from rheumatism with terrible pains in my arms and shoulders. I got a bottle of Chamberlain's Liniment and the first application relieved me. By using one bottle of it I was entirely cured. For sale by all dealers.

### The Homely Men Win

"Beautiful women marry plain men," Miss Elsie Ferguson argues, because they represent distinct forces in the world. Men who have done things worth while have seldom been good looking. Another reason why a beautiful woman marries a plain man is that even though she has not a thimbleful of brains herself, she admires this quality in a man. And I fail to recall in my own experience where a man who had noted beauty also had sense. Men who are not handsome are more likely to get on in the world. The very intensity of their efforts sharpens their features hardens their faces and renders them brusque. Women, no matter how tenderly reared, seems to recognize this." —Post Dispatch.

### Newspaper Changes

A. L. Preston has bought the entire property of the Marshall Democrat-News. He also has announced the purchase of the Marshall Republican, Mr. Witt's paper which has virtually been in the hands of the Democrat-News for a year or two. Witt ran a Republican paper and the demand for a paper of this political faith did not long continue. Mr. Witt is engaged in the type-casting business. The Miami News has been sold to Rev. Geo. E. Jones.

### Swat the Wild Rose

Now comes this noise from the Minnesota state university, "The wild rose is a weed" and, therefore, must be swatted. There has been considerable poetry and sentiment about the wild rose and it has appeared the heroine in drama and poesy but it is a weed just the same and the utility men say "swat the rose." They urge ploughing it up with a plough and then disking the ground to thoroughly cut out and into pieces the roots which are deeper eaten and entergetic.

Elbert Anderson and a party of friends drove out to the Cutoff last Friday morning to look it over preparatory to going there for a day or two camping.
