

ROUGH LIFE SAVERS.

Up at the Great Lakes they want women life guards. The claim is that the men guards are "rough." A man living on the Missouri river who has saved hundreds of lives from the swirling Missouri says that there is not one person in fifty who gets into the water and is in peril of drowning who keep his head and lets his rescuer handle him properly. This man usually hits the drowning person a blow with his fist and knocks them senseless and then saves their lives. This is rough but it sometimes takes a little roughness to save human life. It seems to be worth it. This is a case where a man cannot stand for the gentlemanly stuff. It may be a little rough on some of the ladies but women, like men, who go beyond their depths sometimes need rough handling to effect a rescue. This seems a queer matter over which to quibble but, when a man is confronted with the job of rescuing a frantic woman from the water he has little time to doff his hat and offer his arm according to the usual dictates of fashion.

Missouri's Automobile Crop

Missouri has 46,143 automobiles or at least that is the number that has been registered for licenses. St. Louis has over 10,000 machines and Kansas City more than 5000. Contrary to what would be expected, Jasper county heads the list with 14650 machines and second comes Buchanan with 13310. St. Louis comes third with a thousand less than Jasper, the total number being 13060. Four counties, Carter, Douglas, Ozark and Reynolds have no machines at all, or at least they are not registered.

State Treasurer Reports

The state treasurer has published the report of the finances of Missouri, including expenditures for the month of June together with the balance in the treasury at the opening of business July 1. The balance May 31 was \$7,529,964.45. Receipts for June \$1,171,302.06 and the balance July 1, \$7,109,828.29. Cash in the vaults was \$17,285.01 and cash in the banks, \$7,092,543.28

Builds Up

This is the work of Ager's Sarsaparilla. Strength. Power. Reserve. Sold for 60 years. Ask Your Doctor.

Mrs. Sebastian Weimer

At the age of 67 years, Mrs. Sebastian Weimer departed this life Tuesday, June 30 at the age of 67 years. Mrs. Weimer was born in Germany but had lived here most of her life. She leaves to mourn her a husband and three children, Carl, Catherine and Rose. The funeral was held Friday from the St. Joseph Catholic church.

Keep up the Chinch Bug Fight

The chinch bugs are beginning to migrate fully ten days earlier than usual. In some places they are already moving into corn fields and remedies must be applied at once. Where the pest has not yet begun to migrate use the dust and chemical barriers to hold them in the wheat fields. The best dust barrier can be made by plowing one or more parallel ditches and dragging a log through these until every clod has been ground into fine dust. It is the dust, rather than the ditch which keeps back the bugs, so make sure that there is plenty of fine dust. After the ditch has been properly it is necessary that the log be dragged back and fourth in it every few minutes during the warm part of the day when the bugs are most active, so as to keep the dust stirred. A plowed strip properly worked so as to maintain a fine dust mulch will take the places of the ditches.

In case of a rain a dust barrier cannot be maintained and a supply of creosote, crude carbolic acid, heavy road oil or coal tar should be on hand for making a chemical barrier. Keep the line fresh by adding more material to prevent them from breaking across. Where the chemical is thin like oil, apply it by bending the edge of a pail so as to form a narrow spout or by driving a nail through the side of the pail so as to permit only a fine stream to escape as the line is being formed. A narrow firm path should first be made with a hoe, shovel or drag along with the chemical is poured. The line need not be more than an inch wide if it is renewed often enough. Post holes placed so as to touch or cut into the line will act as traps into which the bugs will fall where they are easily killed with coal-oil.

Where the pest has already gotten into the corn, spray or use a torch to kill the bugs. The spray recommended is made as follows: dissolve one-half pound of laundry soap in one gallon of water by boiling; then add two gallons of coal-oil to the hot soap-water and beat the two solutions up together. An old churn is excellent for the purpose. Dilute to twenty or twenty-five gallons before using. This spray kills when it touches the body of the bug and it may be applied to the migrating swarms on the ground, as on the corn. Paris green and other arsenical poisons are of no value, since this bug takes its food in the form of sap through a piercing beak. Cobs saturated in coal-oil and lighted, are sometimes used to flash up and down infested plants for killing the bugs. Waste no time attempting to scatter diseased bugs, for the seeds or spores of the disease are present in all soils and if the weather is proper the disease will develop and destroy the bugs without man's aid.

EIGHTH GRADE PUPILS

Graduate July 19—Exercises To Be Held at Keytesville—Number About 250

The graduating exercises for the eighth grade will be held here Saturday, July 18. Superintendent Carlstead arranging the date so that it would occur during the chautauqua. The list of graduates numbering about 250 from all over the county is given below:

- | No. | Dist. | Name | Address |
|----------------------------------|---------------|-----------------------|---------|
| 18 | Edna | Stewart, Sumner | |
| 67 | Willard | Harlan, Prairie Hill | |
| 67 | Orin | McAdam, " | |
| 67 | Grace | Eagan, " | |
| 67 | Ruby | McDonald, " | |
| 67 | Alfred | Fawks, " | |
| 67 | Eldridge | Fawks, " | |
| 97 | Mabel | Westenkuehler, Salis. | |
| 97 | Sylvia | Piltz, " | |
| 97 | Odes | Piltz, " | |
| 97 | Koy | Friesz, " | |
| 99 | Glen | Sanders, Salisbury | |
| 99 | Nellie | King, " | |
| 99 | Elizabeth | Ward, " | |
| 53 | Chloe | Cox, Mendon | |
| 69 | Lillian | Sutter, Salisbury | |
| 69 | Lucille | Bumgarner, " | |
| 96 | Walter | Carr, Keytesville, | |
| 96 | Roy | Arnsmeier, " | |
| 119 | Lou Edna | Edwards, " | |
| 119 | George | Huckabey, " | |
| 119 | Eady | Cox, " | |
| 119 | Lillie | Johnson, " | |
| 129 | Will Bentley, | Forrest, Green | |
| 129 | Wayne | Hickerson, " | |
| 129 | Temple | Hickerson, " | |
| Triplet Village School | | | |
| Elsie Bishop, Triplet | | | |
| Ruth Collins, " | | | |
| Hazel Farrell, " | | | |
| Mayme Farrell, " | | | |
| Helen Fleetwood, " | | | |
| Gus Gaines, " | | | |
| Vinita Hooper, " | | | |
| Alex Stobaugh, " | | | |
| Daisy Zimmerman, " | | | |
| Anna Zweifel, " | | | |
| 72 Willie Owens, Keytesville | | | |
| 72 Benjamin F. Johnson " | | | |
| 72 Luella Gordon " | | | |
| 72 Raymond Miles, " | | | |
| 72 Hazel N. Foster | | | |
| 107 Annetta Davis, Dalton | | | |
| 107 Tommie Clarkson, " | | | |
| 107 Ethel F. Finnell, " | | | |
| 107 Eugene Jaeger, " | | | |
| 107 J. B. Kraxberger, " | | | |
| 94 Bertha Phillips, Keytesville | | | |
| 94 Martin Courtney | | | |
| 103 Edward Lawrence Salisbury | | | |
| 103 Max Brummall Garhart, " | | | |
| 19 Alva Strickland, Men lon | | | |
| 5 Goldia Cupp, Marceline | | | |
| 5 Eva Sportsman, " | | | |
| 5 Sylvia Sanderson, " | | | |
| 5 Gilbert Curry, " | | | |
| 5 Earnest Wiseman, " | | | |
| 20 Esther Mauzey, Rothville | | | |
| 22 Reita Wilson, Rothville | | | |
| 71 Clara Pointer, Keytesville | | | |
| 49 May Littrell, Mendon | | | |
| 49 May McDowell, " | | | |
| 60 Nellie Veirs, Mussel fork | | | |
| 60 Gilbert Prather, " | | | |
| 124 Erma Lou Winn, Salis bury | | | |
| 124 Alice Striegel, " | | | |
| 124 Allen Phelps, " | | | |
| 118 Phena Meyer, Dalton | | | |
| 118 Marie Brandt, " | | | |
| 118 Henry Bucksath, " | | | |
| 25 Fannie Robinson, Marceline | | | |
| 77 Bessie May, Brunswick | | | |
| 77 Helen Bittiker, " | | | |
| 77 Opal Wenzel, " | | | |
| 77 Walter DeWeese, " | | | |
| 36 Claudine Kyes, Hamden | | | |
| 36 Nannie Gatterman, " | | | |
| 36 Clarence Brewer, " | | | |
| 36 Thomas Joys, Mussel fork | | | |
| 36 Everet McCart | | | |

Bell-Laird
Harrison Bell and Miss Bertha Laird of the Mike neighborhood drove to Marceline and were married by Rev. Lee Maupin Sunday, June 28. After the ceremony they drove to the home of the bride where a big spread was served. The groom is a prosperous farmer. They are residing at the home of the groom's parents at present.

Burned By Oil Stove
June 27 Mrs. Myrtle Heck was badly burned about the lower limbs, hands and arms when her clothing caught fire when an oil stove stove exploded. She fought to save the house, which she did in the face of a stiff breeze. Her injuries while painful are not serious.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one graded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. Take Hall's Family Pills for constipation.

Entertain Guests
The Misses Coleman at their country home had sixteen persons to six o'clock dinner, Monday. According to the visitors from town the basis of a very fine spread was fried chicken and good country ham. The guests returned to the city early owing to the rain prospects.

Some Gall.
One of our candidates remarked to another running for a different office, "I wish I had your voice and gift of gab." "Would it do you any good without my brains?" Remarkd the other.

THE SECRET OF SUCCESS

Genuine Merit Required to Win the People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once dropped out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promise of the manufacturer. This applies more more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost ever case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfils almost every wish in over-coming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism. You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Keytesville Weekly Chariton Courier.

Women Suffrage.
The suffragists of the State have secured the place on the ballot they coveted and the suffrage question will be voted on in November. The women opposed to woman suffrage are organizing and will fight as hard against the entrance of women into politics as those hunting jobs or notoriety or diversion will for it.

Congress is going to pass a "pure jewelry" bill investigation showed that watch cases "plated" and guaranteed for any number of years from 5 to 25 or more, had as much as 10 cents worth of gold in them. They sell anywhere from \$10 to \$35 and more. Some watches had only 3 cents worth of gold spread on the brass or copper composing them. Even the Congressmen were amazed at the extent of the fraud.

Headache and Nervousness Cured
"Chamberlain's Tablets are entitled to all the praise I can give them," writes Mrs. Richard Oip, Spencerport, N. Y. They have cured me of headache and nervousness and restored me to my normal health." For sale by all dealers.

The high cost of living is complained of by nearly every one except the man of moderate means who is trying to support an automobile.

Roosevelt's speech at Pittsburg Tuesday was simply what had been expected of him, denunciation of the accomplishments of the Wilson administration and of the republicans who nominated Taft. The Colonel came very close to advocating a commission form of government, holding that nearly everything should be done by Commissioners, provided he had the naming of them so that they would be composed of the right kind of men. He said: "We will gladly work with any men who will, themselves, with open sincerity, work for these (progressive) principles, provided they are men of such character as to justify confidence in their good faith." Is any one in doubt as to what he means by that?
