51-2 & 1-2 J. E. Montgomery Judge of Probate

Central Business College, Sedalia, Mo.

WONDERFUL GROWTH OF THIS MARVELOUS SCHOOL.
STANDS AT THE HEAD OF ALL BUSINESS COLLEGES IN TURNING OUT EMINENTLY SUCCESSFUL GRADUATES.
THE LEADING SCHOOL OF AMERICA IN INTRODUCING UP-TO-DATE METHODS.
THE STENOTYPE, A MARVELOUS METHOD OF TAKING DICTATION—FIVE HUNDRED FIFTY WORDS PER MINUTE WRITTEN BY A SIX-MONTH PUPIL.
HEADQUARTERS FOR THOSE WHO WANT THE BEST.
YOU SHOULD TAKE A COMBINATION BOOKKEEPING AND STENOTYPE COURSE.
WHAT OTHERS HAVE DONE YOU CAN DO.
PUPILS WHO HAVE NOT ALL THE NECESSARY MONEY WITH WHICH TO PAY EXPENSES TAKEN CARE OF.

Central Business College, Sedalia, Missouri, increased from three pupils in attendance thirty years ago, to over one thousand pupils per year. This marvelous growth is the result of satisfied pupils, who are thoroughly prepared for the highest degree of usefulness, and through the high standing of this school with the business men of America, are placed in high salaried positions. Some of the most successful business men of the United States and Europe received their business training and start from this institution. It can do as much for you.
This school was the first in America to start and successfully conduct rapid calculation classes; the first to start a telegraph department with a principal who had been an active train dispatcher for a number of years on the railroad; the first to introduce the piano method of typewriting, and now has a class of nearly one hundred on the steno-type, a marvelous machine on which the pupil writes from dictation from thirty to forty words per minute from easy matter in three days after he begins the study, and in six months can write from familiar matter from three hundred to five hundred fifty words per minute.
You get a business education but once in life. You want the best, don't you? You should attend the school that from its thoroughness and superior advantages given, has become headquarters for those who want the best—it costs no more, why not have it?
One thousand pupils wanted to take positions as bookkeepers and stenotypists combined. You want a good position at from \$75 to \$150 per month, don't you? You want a position in which you are receiving a rise in salary every year and perhaps every month, which has in sight in the future a salary of from \$15,000 to \$25,000 per year, don't you? You don't think this is impossible, do you? Listen while I tell you what has been done by people who, you would not be willing to acknowledge, had more ability than you have. I took a young man from the farm who had nothing but a common district school education; I graduated him in a combination course; so was soon receiving a high salary and is now doing business for himself at enormous profits. He tours Europe every year, stops at the best hotels in the world and enjoys himself and has the best in the land. This young man started without a single penny and has made his marvelous success on his native talent and the education received in Central Business College, Sedalia, Missouri. You know this didn't happen, but that there was a cause for it, don't you? This is only one of many who have made such successes. You can do the same, can't you?
You won't acknowledge that others are smarter than you are, will you? Come and place yourself under the same environments that they placed themselves under, and you will be astonished at your success. Don't attend any school until you have written C. W. Robbins, Sedalia, Missouri, for catalogues and circulars explaining the Business Department, Shorthand Department, Steno-type Department and Department of Telegraphy.
Full information will be given any one who desires a business education, but finds it impossible to raise all of the money with which to pay his expenses. Address,

C. W. Robbins Sedalia, Mo.
