Believes in Mushrooms

Dick Thrash is a believer in mushroom culture. Dick read in the advertisements of the eastern mushroom growers of the manner in which to raise the fungus and decided he would try it. Not having a cellar, Dick utilized the loft of the barn at his home. With labor and care he carted the necessary earth and fertilizer into the stable loft, procured the necessary spawn and planted it. He has had two messes of mushrooms and expects more. He has two varieties, the regular commercial, "button" mushroom and another variety. This has been a bad year for the growth of these edibles as they needed plenty of warm weather. In the barn they have been subjected to changes of temperature, heat and cold and this has required their development. However, Dick says he has not given up and unless the cold weather sets in too early he will have plenty of mushrooms yet. There is a colony of about 10 million of the "rooms" in the bed.

It is said that letter carriers in cities have been won over by suffragists. But are they sure of the mail vote?

Deputy Sheriff George Gardner is doing some excellent work on the roads with his prisoner gang. Cutting weeds, filling holes and ruts, making roads passable until drags can be brot into service, is the very best kind of work under all the circumstances. There are five very bad places between this city and Brunswick, one between the Prather and Lewis farm especially nasty, which could be fixed temporarily with little effort, and some of those near these places are willing to go at it if others will join and help.

No, Not All Of It

A man and woman came into the office of the recorder Saturday and got a marriage license. When the bride signed the application she said to the recorder, "Is this all there is to it?" The recorder looked at the young woman mildly and kindly said, "No, madam, you haven't even started yet."

Suffragists have put women on Washington street cars. That is as near as they will ever come to carrying congress.

5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

- HODGDON, ME.**—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgdon, Me.
- SHELBYVILLE, KY.**—"I suffered from a severe female trouble. My right side hurt me badly—it was finally decided that I must be operated upon. When my husband learned this he got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and after taking it a few days I got better and continued to improve until I am now well."—Mrs. MOLLIE SMITH, R.F.D., Shelbyville, Ky.
- HANOVER, PA.**—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILT, 809 Walnut St., Hanover, Pa.
- DECATUR, ILL.**—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2437 East William Street, Decatur, Ill.
- CLEVELAND, OHIO.**—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFIN, 1668 Constant St., Cleveland, O.

San ta Fe

Exhilarating Altitudes Tempered Temperatures

The Santa Fe is the most comfortable summer route to California. All roads cross the western desert country, but the Santa Fe crosses it at its narrowest point. Annoyance of dust and smoke is prevented by oil-sprinkled road-bed and oil-burning engines. Sleepers and chair cars on through California trains are equipped with patent ventilators.
