YOURSELF AND OTHERS

Local News Briefly Mentioned

Smoke Sultana.

Best Abstracts of Titles.
Minter-Lamkin Abstract Co.

Miss Agnes Taylor went to Columbia the latter part of last week to reenter college.

E. O. Johnson of near Rockford went to Kansas City the latter part of last week.

Children Cry FOR FLETCHER'S CASTORIA

Little Billy Richards west of town is about recovered from the operation he underwent for adenoids.

School books and school supplies. Call phone 49. Owl Drugstore, Don Brummall, Prop. Salisbury, Mo. 32-35

Sylvia Hale Lewis, the daughter of Mr. and Mrs. Ernest Lewis of Triplett, died September 13 at the age of 6 months.

Misses Elizabeth and Roberta Herring and Virginia Knight have gone to Columbia where they will attend school this year.

Mrs. George W. Knight of Brunswick submitted to an operation recently for the removal of a tumor at the hospital at Carrollton.

Bud Dodge in the Milan Standard says: "A man who 'beats' his neighbor in this world would 'beat' God in the next world—if he had a chance. But don't delude yourself, old boy, in thinking that you will have a chance. God's on to your curves."

**REMEMBER
Pe-ru-na**

When You Call At Our Drug Store

Mr. Robert H. Norris, No. 1333 Hendry St., North Berkeley, Cal., writes: "We have never had any other medicine but Peru-na in our home since we have been married. I suffered with kidney and bladder trouble, but two months treatment with Peru-na made me a well and strong man. My wife felt weak and was easily tired and was also troubled with various pains, but since she took Peru-na, she is well and strong."

The University of Missouri is sending out useful information for persons who contemplate building or filling silos. The information is worth having to do the work right and if you did not get these pamphlets, write the agricultural department of the M. U.

W. H. Mayo of the Chariton County Mutual Insurance Company has been a busy man. He has been out adjusting the losses caused by the fires resulting from lightning, also the death of stock and other property from the same cause. The lightning has caused much damage this year, much more than is usual.

Friends in Brunswick have been informed of the approaching marriage of Eugene Agee who has been a traveling salesman on the west coast for some years past. He is to be married October 5 to Miss Annie C. Boyden of Knoxville, Tenn., and they will make their home on after January 1 at Los Angeles, Calif.

Rev. H. A. Marangeopa passed through Ft. Madison last week on his walk around the world. He started at Cape Town Africa in 1897 and has been walking for 18 years. He has walked through every country in the world excepting South America and if he completes his trip will get \$49,000. He already has walked 111,330 miles.

An itemized recout of the actual cost in all departments, of the new bridges that are to be built by the county court, and the comparison of this with the bids made for these bridges by the bridge companies will be illuminating for the future of the county. It may be that a system of saving the county's money may have been discovered.

Ringling's Didn't Show

There was more than a little disappointment on the part of the people who went to Moberly last Thursday to see the show. They did not see it. Ringlings got to Moberly but when they tried to haul the "big top" out to the grounds the tent wagon got stuck in the mud. Try as they could, they could not get it going. The hitched 34 horses onto the wagon at one time but they could not pull the load. Finally the show people pried the wagon out the mire onto solid ground and went back to the train, giving it up. This is quite a loss to the Ringlings as the show carried 1000 or more people to say nothing of the horses and animals and their daily payroll is big. All of this is a loss.

Stole Another Horse

Another horse has been stolen at Marceline. A stranger was in Triplett last week and sold a good horse to Frank Moritz, Sr., for \$50 and buggy and harness to Andy Woglemuth. He then left after saying he was from Chillicothe, Ill., and wanted to go to southwest Missouri. A Mr. Greene of Marceline came there and identified the property as being his. It was taken from the hitch-rack. Towns around Marceline were notified of the theft, excepting Triplett, the telephone line there being out of order. Then, the thief drove straight to Triplett.

Some Improved Stoves

The hardware men have begun to turn their attention to the sale of stoves. Considerable in the way of invention has been doing in the making of stoves so that the users can beat the coal people by utilizing more of the coal in the making of heat. There are some points worth talking over and looking at when one consults the hardware men. When a salesman says he can save you 60 per cent of the coal product by using one kind of stove instead of the old kind, he is worth listening to and investigating.

Dodge Out With War-Paint

Editor Bud Dodge of the Milan Standard was out with his tomahawk last week on account of the act of the prosecuting attorney in having the sheriff of the county disqualified for alleged affiliations with bootleggers. Judge Lamb made the decision, supporting the contention of the prosecutor that the sheriff was disqualified to serve in bootlegging cases, and a deputy was appointed to serve. Dodge says "politics" and says if the sheriff is to be disqualified for the reason named, there are others. He talks in big type and it looks like political as well as bootlegging matters are at a pretty high tide in Dodge's county.

John Riley

John Riley, aged 32 years, died at his home near Westville Sunday, the 12th. He leaves a widow and two small children, his father, J. A. Riley, and a brother, Charles.

He was at one time in business in Marceline with Walter Hains, the confectioner.

Funeral services were held Monday at White Oak church, conducted by Rev. Hurlley of the Brookfield M. E. church, South, and the interment was in charge of Westville lodge of the A. F. & A. M.

Illinois Counties Broke

No money in the treasuries of several counties in Illinois with which to pay current expenses. Bankers in Madison Co. refuse to cash jurors' and other warrants and wait indefinitely for their money.

All such paper should be protested and pay interest, in counties that receive interest on deposits of public funds. Where banks are not forced to pay such interest, they are not slow about helping county treasurers meet demands, as in this county. Our banks have advanced money for the county many times.

Mrs. E. P. Lamkin Dead

Mrs. E. P. Lamkin died Thursday September 16, at her home in Clinton at the age of 75 years. She was a widely known club woman. She had taught fifty-nine years in the Sunday schools. Her two brothers are Walter Williams, dean of journalism of the University of Missouri, and W. N. Williams of Boonville, former supreme judge. Her two sons are Uel W. Lamkin of Clinton and Charles F. Lamkin of Keytesville.

Cost of Silo Feeding

No definite cost can be given for silo filling as it depends on many variable factors, such as the distance from field to silo; weather conditions, it being more expensive during wet weather than clear weather; the efficiency of the machinery and of the men. The cost has been estimated as low as 40 cents, and as high as \$1 per ton. Seventy-five cents would probably be a fair average.

Cumberland Synod.

Missouri Synod Cumberland Presbyterian church will meet with the Bethany congregation Tuesday 7:30 p. m. October 19, 1915.

The Ladies Synodical Missionary society will meet Wednesday October 20 at the home of Mr. A. C. Phillips.

The opening sermon of the Synod will be preached by Rev. William Shaw of Greenfield, Mo.

Hotchkiss-Osterman

The marriage of Mrs. Elizabeth Hotchkiss and William Osterman was solemnized at the Boniface catholic church at Brunswick the morning of Tuesday, September 14, Fr. Richardson in charge of the nuptial service. The groom is a son of Mr. and Mrs. Herman Osterman of Indian Grove and they will make their home on the groom's farm north of Indian Grove.

SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMATISM, QUICKLY VANISH

Even Most Chronic Sufferers Find Relief After A Few Doses Are Taken

Backache, urinary disorders, and rheumatism, are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles, is to remove the cause. The new discovery, Croxone, cures such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles to scratch and irritate and cause rheumatism; it neutralizes the urine so it no longer irritates the tender membranes of the bladder, and sweeps out and strengthens the stopped up, lifeless kidneys so they filter and sift all the poisons from the blood, and drive it out of the system. So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions. It is the most wonderful preparation ever made for the purpose. It is entirely different from all other remedies. There is nothing else on earth to compare with it. It is so prepared that it is practically impossible to take it into the human system without results. You can obtain an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.
