"A 'dry' Moberly would be a blessing to Salisbury."—Press-Spectator.

St. Louis is within driving distance and Chicago is not so far. Salisbury gets what she wants, at home or abroad. But what we object to is wishing an inconvenience on Keytesville.

Bootleggers in Milan?

We understood that Milan was dry, but the Standard thinks not and intimates rather fiercely that the prosecuting attorney knows it is not. Editor Dodge is urging his amiable friend, the republican prosecuting attorney, to step down and out if he can't make a better record than he has been.

If every prosecuting attorney who failed to get all the bootleggin in wet territory was ousted, what would become of those who have the job on their hands in dry towns. One per cent apprehended would be a killing argument against prohibition.

New Ball League Assured

As before mentioned in these columns the new Four County Base Ball league seems assured, if local interest in the towns in the circuit count for anything. Last Saturday William Everhart mailed letters to eight towns in Randolph, Monroe, Howard and Chariton counties stating a meeting would be called in Moberly this month to effect the organization. To a Chronicle reporter Mr. Everhart said: "I have good assurance from Salisbury, which wants a team in this league, and they are anxious for the new organization to be a go. Sturgeon is ready, as Madison and Fayette I have written to several other towns but no reply has been received. I can safely say that the new league will be organized and will consist of some of the strongest amateur teams in the state." —Clark Chronicle.

The unsolicited appointments came to H. R. Mason, President of the 19th District Masonic Association, last week, which redound to the honor of Mr. Mason and also to Westville Lodge No. 202 A. F. & A. In addition to this very complimentary appointment J. R. McLachlan, Grand Lecturer appointed him District Deputy Grand Lecturer.

Mr. Mason owns the beautiful Blue Grass farm, three miles east of town, and is one of Chariton county's most prominent and honored citizens whose friends are glad to hear of his success. —Journal Mirror.

The Santa Fe is the most comfortable summer route to California. All roads cross the western desert country, but the Santa Fe crosses it at its narrowest point.
