Macon's New Daily

Dan Carr is to be highly congratulated on the daily Times-Democrat he is putting out for his town. Tho a youngster it has it over the dailies of cities somewhat larger than Macon, and the appreciation of the citizens is certainly great when nearly four thousand circulation was attained "overnight."

Well edited, well printed, well patronized, may The Daily Times Democrat endure forever and enrich its promoters as it will the city

A WORD WITH WOMEN

Valuable Advice for Keytesville Readers.

Many a woman endures with noble patience the daily misery of back-ache, pains about the hips, blue, nervous spell, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed right in this locality. Read this woman's convincing statement:

Mrs. William Sherwood, Glasgow, Mo., says: "For nearly two years I suffered from a dull pain across my back. I couldn't rest well and mornings felt stiff and lame. I had no strength or energy. Doan's Kidney Pills did me a world of good. The trouble with my kidneys was relieved and the aches and pains in my back left. I can rest better and feel improved in every way."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sherwood had. Foster-Milburn Co., Props., Buffalo, N. Y.

Spencer Grubbs Seriously Injured

Last Saturday evening, about four o'clock as Spencer Grubbs was hauling a load of hay from the field to the barn he touched one of the horses with a pitchfork and the horse responded with a kick which sent the fork with terrific force back into Spencer's face, the handle striking him just below the left eye.

He was able to get the team to the house and Drs. Stratton of Rothville and Putnam of Marcelline were called. Upon examination it was found that the upper bones of his face were broken and it was thought best to remove them. His nose was also badly bruised and mashed. The wounds were dressed and a quieting medicine given and he rested well that night. The next morning his left eye was closed and it was doubtful whether it was seriously injured or not.

It is not known at this time just how serious his injuries will prove to be, but he seems to be improving.

Spencer being injured makes it very trying on Mrs. Grubbs as Mr. Grubbs is an invalid.—Rothville Bee.

A letter from Mrs. J. W. Leonard, of The Dallas, Oregon, formerly Mrs. Lee Terhune, says that while they have had pretty cold weather and fine sleighing, they would not exchange their residence for any where. They like it. Likewise they cannot get along without the Courier.

Neither Taft Nor Lehmann

National Anti-Saloon League has written a letter to President Wilson urging him not to appoint to the Supreme bench, in succession to the late Associate Justice Lamar, either former President Taft or Frederick W. Lehmann of St. Louis, former Solicitor General of the United States.

The league's opposition to Mr. Taft and Mr. Lehmann is based on its belief that prohibition laws will soon be coming before the Supreme Court of the United States for consideration and its assumption is that Mr. Taft and Mr. Lehmann are not friendly to prohibition.

Air Coast Patrol

By employing a comparatively small number of flying boats and creating a series of zones from Maine to Puget Sound, our entire coast could be adequately patrolled and surprise attacks by a hostile fleet thwarted, according to exponents of an aerial-defense plan which is being promoted. The initial move in carrying out this proposed undertaking is now being made on Casco Bay, near Portland, Me., by the establishment of an aerial-patrol base. This station has been promoted by Rear Admiral Robert E. Peary, who urges the co-operation of the various seaboard states of the country in building the complete system of bases advocated.

The financing of the plan would devolve upon the several communities affected. Following its establishment, each unit would be turned over to the naval militia of its state, the officers of which would direct the activities of the airmen. The zones, which would represent "beats", patrolled from their respective stations, would be about 100 miles in length. At the outset it would only be necessary to have some 44 machines; 132 airmen, who would work in three shifts; radio installation, and about 40 telegraphers. The cost would be approximately \$400,000.

A number of times each day in an event of war, an airman carrying an observer would make the flight over his course, driving far enough from land to be able to see enemy war vessels 50 miles or more off the coast. Each flying boat would be equipped with wireless and the scouts kept in constant communication with the shore.

This plan has received very strong backing. Providing interest is manifested by the coast states, it is thought that it can be worked out so as to be of inestimable service to the country. Eventually each station would have an extra flying boat in reserve and the whole system be strengthened.—From the February Popular Mechanics Magazine.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.
